Charles S. Mellen, president of the New Haven railroad, former president of the Northern Pacific, who was indicted for alleged violation of the Sherman law.

Brief News of the week

Bradstreet's reports 322 business failures in the United States during the past week, as compared with 281 during the previous week.

In view of the unsatisfactory position of the opium question, the Chinese government has issued a manifesto reiterating its desire to suppress the evil.

A remarkable record has been established by French submarines, which despite storms traveled 800 miles, submerged all the time, without a single stop.

The Public Service Corporation of New Jersey, beginning January 1, established a minimum wage scale of \$9 a week for women and girls in its employ.

Orders for \$10,000,000 worth of equipment to accommodate the rapidly increasing traffic in the northwest were placed with the carshops and engine builders last week by the Northern Pacific.

The Kellogg Toasted Corn Flake company is alleged to be violating the Sherman law in a petition in equity filed in the United States district court at Detroit, by order of Attorney-General Wickersham to settle for all time the extent to which a manufacturer can control retail prices.

A new application of the recall will be attempted at the coming session of the Wisconsin legislature. Heretofore such a law has been proposed to apply only to elective officials, but a bill will be introduced which will apply the recall to all appointive offices, especially the railroad, industrial and tax commissions.

IRON WORKERS ARE FOUND GUILTY

Prison Terms of From One to Seven Years Imposed on 33 of Defendants.

Indianapolis.—Thirty-eight defendants, including Olaf Tveitmo and E. A. Clancy of San Francisco, in the so-called dynamite conspiracy trial, were found guilty by a jury in the United States court here on every count in the indictments charging them with illegally transporting dynamite. Only two of the defendants—Daniel Buckley of Davenport, Iowa, and Herman Seiffert of Milwaukee—were acquitted.

Two of those convicted were not affiliated with the Iron Workers' union, but they were found guilty of joining with the Iron Workers' officials in promoting the conspiracy.

Imprisonment in the federal prison at Leavenworth, Kansas, was imposed as punishment upon 33 of the labor union officials convicted of having engaged in the destruction of property by dynamite over an area stretching from Boston to Los Angeles.

As the head of the union whose strike was given as the motive for promoting the dynamite plots, Frank M. Ryan was sentenced to seven years' imprisonment, the heaviest sentence of all.

Of the 28 men convicted as conspirators and aiders in the McNamara dynamiting schemes, eight other men affiliated with Ryan each were sentenced to prison terms of six years, two men each were sentenced to four years, 12 men each were sentenced to three years, four men were sentenced to two years each, six men to one year and one day each, and six men, including Edward Clark, Cincinnati, a dynamiter who pleaded guilty, received their liberty on suspended sentences.

The elimination of those who received suspended sentences left 33 who are to go to Leavenworth, where the shortest sentence will be one year and one day.

By the liberation of Hiram R. Kline, a former official of the Carpenters' Union, Olaf A. Tveitmo, of San Francisco, remained as the only labor union official among the prisoners not related with the Ironworkers' union.

FREIGHT TRAIN SMASHED

Rain and Snow Damage Property in Pacific Northwest.

Ellensburg.—The Chicago, Milwaukee & Puget Sound eastbound fast freight, which was stalled in a drift one mile west of Laconia, in Snoqualmie Pass, was wrecked Monday by an avalanche that swept down the mountain just when the train was almost free from the first drift.

Two locomotives were knocked off the track and wrecked, 12 cars loaded with Oriental imports were smashed into small bits and 23 other cars were buried under the snow, part of which is 15 feet deep.

Snow conditions in the Cascade mountains are the worst in 20 years, according to railroad officials here.

The Milwaukee is completely tied up by slides. The Northern Pacific has refused to handle Milwaukee trains over the mountains. Snow plows at Easton and Lester are wedged in the snow.

Would Blow Up German Bridges

Berlin.—Many arrests have occurred at Breslau, capital of Silesia, of men and women, charged with being involved in a widespread conspiracy. Correspondence has been seized revealing a plot to destroy all the bridges near Breslau in the event of German mobilization.

WILSON CELEBRATES 56TH BIRTHDAY

Staunton, Va.—Virginia welcomed home Saturday Governor Wilson, the eighth of her native sons to be chosen president of the United States. From the moment the president-elect crossed the state line at Alexandria until he reached the little parsonage where he was born 56 years ago the reception was one of great enthusiasm.

The president-elect proclaimed the hope that his administration might mean the final obliteration of everything that in the past divided the north and the south.

Standing on the porch of Mary Baldwin Seminary, in the chapel of which he was baptized, he spoke to a great crowd. The presidency, the governor said, he regarded "as an office in which a man must put on his war paint," but he added that his visage was such that he "did not mind marring it, for a man can keep his manners and still fight."

A great many men who have taken the narrow view of legislating for sectional advantage would have to be mastered, the governor pointed out, in order "that they may be the instruments of justice and mercy."

"DARE DEVIL" RACE FATAL

Venice Track Scene of Disaster When Exhibition Dash Goes Amiss.

Los Angeles.—Hal Shain, a well-known automobile racer, was fatally injured, three others seriously hurt and others slightly cut and bruised when Shain's racer shot out of the cup shaped track known as the "dare devil race for life" on the concession pier at Venice and plunged into the crowd. Shain died a half hour after doctors sought to save his life by an operation.

The seriously injured are: Mrs. A. B. Atkinson, 48, tourist from Vancouver, B. C., fractured lower jaw and lacerated lip. M. W. J. Johnson, 55, tourist from Madison, Wis., left hand fractured and minor injuries. J. M. Moyer, 32, Los Angeles, abdominal injuries. All will recover, according to the doctors.

Municipal Carline Pays

San Francisco.—In the first day and a half of its operation, San Francisco's new municipal railway line returned to the city a profit of \$632.75. The first car was sent out Saturday noon and the receipts for the half day were \$748.75. Monday's receipts were \$910, making a total of \$1658.85 for the day and a half. The estimated operating expenses of the road are \$450 a day and the fixed charges on the bonds \$234 a day.

Men in Well 6 Days Are Rescued

Burns, Or.—Prisoners at the bottom of a well 85 feet deep for six days, without food or water, Robert L. Koontz, aged 33, and William M. Carroll, aged 25, homesteaders in Catlow valley, to the west of Stearns' Mountain, Harney county, were rescued by a neighbor.

BIG GARMENT STRIKE ON IN NEW YORK

New York.—Men and women garment workers estimated at 125,000 went out on strike in New York Monday, tying up approximately 4000 factories. They demand higher pay and better working conditions. Picket squads of 12 have been posted at all the factories affected.

The strike is confined at present to the makers of men's and boys' clothing. Of the 125,000 workers in this industry there are about 40,000 women. It is declared, however, that the Ladies' Garment Workers' Union is at work organizing its forces for the demand of an extension to other branches of a peace agreement signed two years ago and that a strike of 70,000 more workers would be called to enforce the demands.

An eight-hour day, 20 per cent increase in wages with a minimum of \$10 a week for girls and \$16 for men, abolition of child labor and work in the tenements are the features of the strikers' demands.
