**ARCHBALD FOUND  
GUILTY BY SENATE**

**Jurist Convicted on 5 of 13  
Counts and Forever Barred  
From Public Office.**

Washington.—Robert W. Archbald, of Scranton, Pa., for 29 years an occupant of judicial position upon the Pennsylvania state bench, the federal district bench and the United States commerce court, was adjudged guilty by the United States senate of "high crimes and misdemeanors," was stripped of his office and forever disqualified from holding positions of public honor or public trust.

The conviction and judgment came as the conclusion of the impeachment trial that has been pending in the senate since last summer on charges that Judge Archbald had been guilty of misconduct and misbehavior as a judge and that he had used corruptly his judicial power to further the private interests of himself and his friends, in the acquisition of coal properties in Pennsylvania.

Upon five of the 13 separate charges brought against him by the house of representatives, Judge Archbald was found guilty. Upon the other eight the senate voted him not guilty, the majority in some cases being against him, but falling of the two-thirds majority necessary for conviction. Any one of the five verdicts of guilty was enough to bring about the punishment imposed upon him.

In a little committee room off the gallery floor, behind a guarded door, Judge Archbald, his wife and his son, Hugh, sat throughout the afternoon as the senate voted on the charges against him. After sentence had been imposed upon him, Judge Archbald and his family left the capitol to go a once to the family home in Scranton.

"I have always known that I have done no wrong and the vote of no one makes it otherwise," was his only comment upon the senate's action.

**STEAMER GOES ON REEF**

**Passengers Removed in Surfboats and  
No Lives Are Lost**

Halifax, N. S.—The steamer Uranium, of the Uranium Steamship company, bound from Rotterdam, for Halifax and New York, stranded on a reef during thick weather near the Chebucto headlight station, nine miles below Halifax and is still held fast.

The steamer struck head on when the tide was half high. Late in the afternoon her bow was six feet out of water. There were seven fathoms of water under her amidships and 17 fathoms at the stern. The plates at the bow are ripped open. The steamer was far out of her course when she struck. She did not have a pilot on board.

Her 880 passengers were taken off by the government steamer Lady Laurier and a small fleet of harbor craft, and were landed safely in Halifax.

**President Cancels World Peace Tour.**

Washington.—President Taft has completed plans for the first seven months of his citizenship after March 4. He will take up the duties of law professor at Yale and will not make a world tour in the interest of peace and arbitration. He will reside in New Haven, but for three months of the seven he will live in Canada.

**FUTURE DEPENDS  
ON BUSINESS MEN**

Chicago.—"Big business," its right to growth and its duties to the country, were discussed by President-elect Wilson in a speech before the Commercial club of Chicago.

Among Governor Wilson's audience were bank presidents, railroad presidents and heads of great business enterprises.

"I don't care how big a business grows, provided it grows big in contact with keen competition," he said.

"The future business of the United States does not depend upon the government, but upon the business men of the United States."

Wilson said four things must be done either by the business men voluntarily or under the "whip of law."

These four things were:  
"Natural resources must be conserved and also used for the common good."  
"Raw materials must be put at the disposal of every person in the United States on equal terms."  
"Banking credit must be put on terms of equality to all."  
"Business must be free of every form or of every kind of monopoly."

**Renewal of War Seems Probable**

London.—Diplomacy still is busy seeking a solution for the Balkan deadlock. Fears that the peace conference will end in failure and that the allies will take up arms again are stronger than at any time since the plenipotentiaries came to London.

**STATE ASSEMBLY MEETS**

Forty Days' Session of Oregon Legislature Begins

Salem.—The 27th legislative assembly of the state of Oregon, convened here Monday. With the organization practically outlined beforehand, and the governor's message read Monday afternoon, the business of the session was quickly started.

The procedure of the first day of the session was simple. The senate and the house each convened at 10 o'clock in the morning. Organization was immediately effected. C. N. McArthur was elected speaker of the house and Dan J. Malarkey president of the senate on the first ballot.

In the senate the temporary organization plan went off like well-oiled machinery as arranged for in the caucus. It fell to Moser, of Portland, to make the nominating speech for Senator Malarkey as president of the senate. Joseph, of Multnomah, made a severe attack on Malarkey.

Organization of the senate was completed by election of chief clerk, John W. Cochran, Multnomah; reading clerk, Ben Huntington, Douglas; calendar clerk, Eugene Foster, Polk; sergeant-at-arms, Colonel W. G. D. Mercer, Lane; doorkeeper, George Crane, Douglas; mailing clerk, J. L. Moreland.

Following the election of McArthur as speaker the organization of the house was completed by the election of J. D. Woodman, of Yamhill, sergeant-at-arms; R. R. Corey, of Baker, doorkeeper, and the following as clerks: W. F. Drager, of Marion, chief clerk; Harry McClellan, of Douglas, assistant chief clerk; Dudley R. Clark, of Multnomah, reading clerk; W. B. Burner, of Wheeler, calendar clerk; W. F. McAdams, of Polk, mailing clerk.

Following perfection of organization messages were interchanged between the two houses giving formal notice that the respective organization work was completed.

Governor West's message to the legislature reports the finances of the state of Oregon to be in excellent condition and takes up questions concerning all of the state departments and institutions and makes recommendations for legislation on moral lines and advocates a single board of control for all state penal and eleemosynary institutions; drunkards' compensation act, reformatory for convicts, home for aged and home for wayward girls; workmen's compensation and minimum wage bills; new additional liquor measure; sterilization of degenerates and feeble-minded persons; "Blue Sky" legislation.

**IRRIGATORS HOLD MEETING**

Congress Clears Way For Millions in  
Added Wealth

Portland.—With unusual record of accomplishment the Oregon irrigation congress closed its second annual session Saturday night.

It elected William Hanley president, and Asa B. Thompson of Echo, C. C. Chapman of Portland and M. L. Lee of Canby vice presidents. J. T. Hinkle of Hermiston was unanimously re-elected secretary-treasurer.

The congress recommended such changes and progress in reclamation matters as to bring from John H. Lewis, state engineer, the opinion that, if recommendations are adopted by the legislature, the state can straighten out difficulties connected with reclaiming 1,000,000 acres of land in five projects, at an approximate average of \$35 per acre, and thus increasing land value, without speculative influence to \$60 an acre or a total of \$60,000,000 added worth to the state, giving home room for 16,000 families. This could be followed by an additional 1,000,000 acres of reclamation at slightly greater difficulty, but with equally valuable results.

**Sixty per cent of Teachers Pass**

Salem.—The list of successful candidates for teachers' certificates at the recent examinations, as given out by State Superintendent of Public Instruction L. R. Alderman, shows that 60 per cent of the applicants were successful. This year's examinations, if anything, were more satisfactory than those of previous years. The questions submitted met with a more general approval, both from those in charge of the examinations and those taking them than has heretofore been the case.

**Move to Stock Reserve With Elk**

Pendleton.—County Judge J. W. Maloney has started a movement to secure a \$560 contribution from the sportsmen of Umatilla county with which to bring two carloads of elk from Yellowstone Park to stock the Wenaha reserve.

**Ends Hunt for Rich Girl.**

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50 cents at all druggists.
