## How Much Does Your Child Weigh?

The health of your child depends upon the food that he eats. Are there muscle building elements in it? Good bread is one of the best foods for growing children. To make bread that contains a good portion of protein—the muscle building force—just use

# Drifted Snow Flour

The very heart of the wheat is separated from the portions of less food value and ground into Drifted Snow Flour. This flour passes an exceptionally high gluten test and that's why it makes bread that is so wholesome, nutritious and delicious.

### EDITORS SLAP UNIVERSITY REFERENDUM

Action Taken at Enthusiastic Meeting of Live Newspaper Men of Valley.

(Continued from first page.)

Nutting, Albany Democrat; G. W. Humphrey, Jefferson Review; C. Clinton Page and Leland R. Gilbert, Albany Herald; Eugene Foster, Dallas Observer; T. L. Dugger, Lebanon Tribune; O. L. Smallwood, Albany Rural Oregonian; C. G. Lamasters, Amity Standard; Chester Noland, Creswell Chronicle.

The editors enjoyed an automobile ride in the afternoon as the guests of Manager Westbrook, of the St. Francis. The association will hold its next meeting at Eugene, May 17, Commonwealth Day at the University of Oregon.

The complete resolution relating to the university appropriations was as follows:

Whereas, an effort is being made to invoke the referendum upon the appropriations made by the last legislature for buildings at the University of Oregon; and

Whereas, this referendum will necessitate the holding of a special election at a cost of \$75,000 to \$100,000 to the taxpayers of the state, and is therefore extravagant and ill advised; and

Whereas, this attempt to invoke the referendum upon the university appropriation, brings discredit upon our system of state government and reflects upon the progressive reputation of Oregon; and

Whereas, we believe all the educational institutions of the state should be supported and maintained in such a manner as will make them efficient in the highest degree, thereby enabling them to serve to the best purpose those functions for which they were created; and

Whereas, we believe the University of Oregon is a valuable asset to the people of Oregon and an important factor in the growth and progress of the state; and

Whereas, we do not believe the present attempt to invoke the referendum upon the appropriations for buildings at the University of Oregon is inspired by a desire on the part of those who are behind it to serve the best interests of the state, but springs from motives that are unworthy of consideration by the voters of the state; and

Whereas, we believe the press, because of its influence upon public opinion and sentiment, should take an active stand for those things that are

for the best interest of the people of the state and against those things that are not; therefore

Be It Resolved, That the Willamette Division of the Oregon State Press Association, in meeting assembled, condemn the attempt to invoke the referendum upon appropriations for buildings at the University of Oregon, and hereby declares itself as opposed to it; and be it further

Resolved, That a copy of these resolutions be printed in all the newspapers in this division of the Oregon State Press Association.

### SATURDAY IS DESIGNATED CLEAN-UP DAY

Health Officer Oglesby has officially designated Saturday as Clean-Up Day and all citizens are expected to remove all rubbish from their premises on this day and place same in boxes, barrels or sacks where it may be conveniently picked up by the city garbage wagon. If garbage is not ready for removal on this day property owners will be obliged to bear expense of removal themselves.

### HOBOS AND BRAKEMAN IN SHOOT

Trainmen and Side Door Pullman Passengers Have Battle Royal.

A battle royal took place about 2:30 Sunday morning in which the train crew on No. 14, which arrives in Eugene at 2:30 a. m., was pitted against about a dozen hobos. A number of the tramps were around the depot when the train pulled in on its way to Portland and when it started to resume its journey they climbed on the rods under the cars. When the train got to Lincoln street it stopped and three brakemen got off to drive away the bums, who showed fight and one of the "brakies" drew a .32 calibre gun and fired in the air to scare the hobos. One of latter drew a bigger gun, evidently a .38 calibre, and returned the fire. Both began shooting in earnest and emptied their guns without effect. Meantime the night police, hearing the fusillade, rushed down. They found the hobos gone from the scene of battle and the train pulling out. They arrested a number of tramps found in the vicinity of the battle ground, but none of them carried weapons and all denied all knowledge of the affair. It is thought that the gunman may have boarded the train again as it pulled out and got out of town.—Guard.

#### Opium Den Raided at Eugene.

Long Jack and Sam Dunn, Chinamen connected with the Hoffman House, each paid a fine of \$15 in the police court Monday morning for smoking opium. A raid was made on the rear room in the hotel early Sunday morning by the night police, who found Jack and Dunn smoking their dream pipes and both were nearly "gone," they say. Each put up \$20 cash bail and appeared before Judge Bryson Monday. Dunn pleaded guilty, saying that he was compelled to smoke because of a pain in the heart and exhibited the prescription of a Roseburg physician, upon which he has been obtaining the drug since coming to Eugene two years ago. Jack stoutly maintained that he was not smoking and never did smoke, and first pleaded not guilty, but when the judge said he would have to stand trial, Dunn and two other countrymen of his present in court advised him to plead guilty and pay the fine.

Two pipes and a quantity of opium found by the raiding officers were destroyed, but not before a protest on the part of Dunn, who said he had to smoke or he would die.—Guard.

#### Medford Sheriff Shot by Fugitive.

Sheriff August Singler of Jackson county was shot and seriously injured Tuesday while reading a warrant of arrest to Lester Jones, 18 years old, charged with holding up Marshal Jones of Jacksonville, four months ago. As he fell the sheriff drew his pistol and shot the boy through the head, killing him instantly. A farmer nearby, hearing the shots, ran to the sheriff's assistance, and, securing an automobile in Jacksonville, about a mile away, hurried the wounded man to a hospital there.

Jones was wanted to answer to a charge of robbing a store in Jacksonville last fall. After being arrested he held up the marshal and relieved him of his weapon. Since then he has been a fugitive from justice.

Sheriff Singler, hearing that the young fellow had returned to his cabin in the foothills and not anticipating trouble, called Jones out and proceeded to read the warrant. The answer was a volley of shots from a rifle. Singler was struck in the hand by one shot and in the lung by a second. It is believed by the physicians he will recover.

#### Largest Turnover of Tax Money.

The largest turnover of tax money ever made in this county took place yesterday when Sheriff Parker turned over to the county treasurer something like \$165,000. This amount will enable the treasurer to call in all outstanding warrants.
