Simple and Effectual Cure for Bad Colds.
 You have a bad cold you want relief that will not only give relief, but a prompt and permanent remedy that is pleasant to take. Chamberlain's Cough Remedy meets all these requirements. It restores the system to a normal condition. This remedy has a wide sale and use, and can be depended upon. Sold by all druggists.

Participation, if Neglected, Leads to Serious Illness
 Participation, if neglected, leads to most innumerable complications affecting the general health. Many cases of typhoid fever, appendicitis and other severe diseases are traceable to prolonged clogging of the bowels. Regarding the effects of constipation, C. E. Ayers, of Sabin St., Montpelier, Vt., says: "I was afflicted with constipation and biliousness for several months. I became so bad that I was unconscious. I have been in that condition many times. I did not seem to be able to get any good. I would become worse and for days at a time could do nothing. Not long ago I got a box of Chamberlain's Cough Remedy, and using them found I had never had such effective relief. I believe it was the best remedy that I ever used."

Thousands of people are sufferers from habitual constipation and are possibly realizing something of the danger of this condition, yet not too long to employ proper measures until serious ill-effects result. The advice of physicians is, "keep your bowels open," and it's good advice. Chamberlain's Cough Remedy is sold by all druggists, at 25 cents a box containing 25 doses. If not satisfied, your money is refunded.

Care for Stomach Disorders.
 Disorders of the stomach may be cured by the use of Chamberlain's Cough Remedy. Many very remarkable cures have been effected by these tablets.

ANTI-ALIEN BILL IN CALIFORNIA PASSED

Johnson Will Withhold Signature Until Bryan Confers With Wilson.
 Sacramento.—The California anti-alien land holding act, which passed both houses of the legislature within 24 hours after bringing about one of the most unusual situations in the history of the nation, will lie on Governor Johnson's desk without his signature until Secretary of State Bryan can confer with President Wilson in Washington.

Defeated finally in his diplomatic effort to dissuade the California legislature from enacting an alien land bill affecting the Japanese, Secretary of State Bryan declared that he looked to the people of the state to express a final judgment through the referendum, before the act shall go into effect.

Secretary Bryan in his final address voiced the president's opinion that the words "eligible to citizenship," constituted in the California attorney general's redraft of the alien land measure for the words "ineligible to citizenship," are equally as discriminatory and, therefore, equally objectionable to Japan.

Until the final amendment was added permitting aliens ineligible to citizenship to lease agricultural lands for three years, the measure was the most drastic of any that had been proposed. Now, however, it is asserted by many that it will accomplish little, inasmuch as it does not stipulate that the leases may not be renewed again and again.

JAPANESE COMMEND WILSON

Leaders in Tokio Advise People to Preserve Calm Attitude.
 Tokio.—The Japanese press expressed a general appreciation of the efforts of President Wilson in behalf of a land bill in California that would not be objectionable to the Japanese. Leaders of public opinion in Japan are advising that an attitude of calmness be maintained in the present situation. Such men as Baron Shibusawa and Chairman Nakamo, of the Tokio Chamber of commerce, publicly asserted confidence that the American government and people alike are opposed to discriminatory measures of legislation. They declare that every effort now must be made to discover and eradicate the root of antagonism to the Japanese in California, that amicable relations may be restored.

Los Angeles Opens Municipal Markets
 Los Angeles.—Fifteen thousand persons visited the opening of the three municipal markets. They bought everything in sight and would have bought five or ten times as much more produce had it been offered.

FRIEDMANN CASES NOT DOING WELL

New York.—The Friedmann patients in New York are not doing well. In fact, some of them are decidedly ill. This fact, combined with a knowledge of the nature of the sale Friedmann has recently accomplished, has made all physicians connected with the Friedmann tests anxious not only for their own patients but for the welfare of the public in general. Before the week is out it is most probable that three, and perhaps four, public statements will be made from public institutions, none of which will be favorable to Dr. Friedmann or his treatment. This information has been placed in the hands of the New York health department, telling of the poor showing which the Friedmann patients, all of whom have been watched for the department, have made. The statements made are strong. One of them is supposed to be that some of the cases treated would have been better off if they had not had the Friedmann injection and that the presence of the culture in their systems seems to have given the bacilli a chance to work in places which they might not otherwise have attacked.

SUFFRAGE PARADE IN NEW YORK CITY

New York.—Thirty thousand women participated here Saturday afternoon in the biggest suffrage parade in New York's history. Incidentally they applied the "You don't count" treatment to mere man in real trapped form. Just before the parade started at 3 o'clock this order was issued: "Now, the marchers were told, 'forget for a couple of hours that such a creature as man ever existed; He don't matter today. Keep your eyes to the front and shoulders erect and don't even nod to your mother.' The marchers obeyed instructions. This order was given, the leaders said, to impress spectators with the marchers' determination. Twenty-four handsome girls on horseback, headed by Miss Inez Millholland, headed the marchers. They kept the step to the music of 35 bands. Behind the horsewomen followed the members of the National American Woman's Suffrage association, representatives from suffrage states and from the territory of Alaska, the Women's Political Union, "General" Rosalie Jones' "Army of the Hudson" and numerous other women's organizations.

CHARTER WINS IN PORTLAND

Light Vote Is Cast, 35,000 of 73,000 Registered Voting
 Portland.—With the women of Portland casting their first ballots in this city, a commission form of government was adopted by a close vote. With the count complete, the charter carried by the count complete, a majority of 222 votes. A. G. Rushlight was overwhelmingly renominated for mayor on the republican ticket and H. R. Albee was nominated by the progressive party.

CHURCHES BRING SUIT

The Dalles Officials Are Made Defendants in Saloon Cases
 The Dalles, Or.—Methodist, United Brethren, Baptist and Christian churches here are plaintiffs in proceedings, instituted in circuit court, against Mayor Fish and the city officials, the object of legal action being to prevent the city from issuing saloon licenses in the future, it being alleged that the council has no legal right to issue permits on account of a charter omission which was made when the state legislature re-enacted a section of the local charter in 1905.

In response to motion of attorneys for the plaintiffs, Judge Bradshaw set May 24 for hearing on the application for a temporary injunction, which would enjoin the council from issuing saloon licenses. The legal action will not affect the liquor permits which are now in effect. They expire June 30.

Hindu is Eligible as Citizen.

Spokane.—An interesting sidelight on the anti-alien land legislation in California came here when Akhaya Kumar Mozundar, a philosopher and native of Calcutta, India, attained the distinction of being the first Hindu ever to become an American citizen. Although courts heretofore have held Hindus ineligible to citizenship, United States District Judge Frank H. Rudkin granted the application of the Hindu for naturalization papers.

HOMESEEEKERS LIKE EUGENE

Conditions in Upper Willamette Valley More Favorable Than in Any Other Place Visited.

The four representatives of the Russian colony that is looking for a location in Oregon returned from Roseburg Saturday morning, and spent the entire day in again looking over the country surrounding Eugene. They are better pleased with the upper Willamette valley than with any other section they have seen, and if they can find a large enough tract of land at a suitable price they will locate here. The interpreter for the party told William Porter that they were better pleased with Eugene than with any other place they have seen, and will advise the colony to come here.

The men have been all over Washington and Oregon making careful examinations of soils and living conditions. They have been the guests of commercial clubs, railroad officials and promotion organizations wherever they have been, and have been shown every courtesy, and have been given every possible chance for investigation.

Mrs. W. F. Osburn, who has seen the Saskatchewan colony that these men represent, says that they are trained agriculturalists, sober and industrious workers, and will prove a splendid asset to the community in which they settle. They are dissatisfied with Canada because of the long cold winters, and are seeking a milder climate. They are vegetarians, and fruit comprises a large part of their diet. They are anxious, therefore, to locate in a place where fruit grows in abundance.
