

Studebaker

"The wagon that stands up like the reputation of its makers"

When you buy a Studebaker wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give you full return for your outlay. It is built on honor, iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a Studebaker vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—with harness of the same high standard.

See our Dealer or write us.

There is only one way to get all the news of the Grove country. That is in The Sentinel.

Within a 15 mile circle around IMPERIAL there are now several hundred prosperous farmers raising enormous crops of wheat, rye, barley, oats, potatoes, vegetables, etc. Poultry raising is also highly successful. Three large stock ranches, owning several thousand horses and cattle are also in this circle. IMPERIAL is now the trading point and will soon be the shipping point (the railroads are now building) for the products from thousands of acres surrounding it.

OREGON GOVERNOR INVADES THE DALLES
Accompanied by Militia, Compels Sheriff to Close Disorderly Houses.

The Dalles, Or.—Governor West arrived here Sunday with Major Smith and 11 state militiamen from Portland and compelled Sheriff Christman to imprison 32 women who had been arrested in a raid made Saturday night by special agents of the governor.

Christman refused to imprison those placed under arrest without commitments and because, he said, agents of Governor West had failed to convince the sheriff of their authority. After a conference with the governor Christman promised Governor West he would lend every assistance in his power in obeying the order of the executive.

Sworn in as deputies to make the raid were four ministers and they remained on guard with their prisoners until relieved by militiamen brought by Governor West.

Governor West said he had no desire to prosecute the girls who lived in the houses or visitors, and 29 of the 32 prisoners arrested will be held merely as witnesses. The prisoners are under guard in the Washington hotel and at one of the closed resorts.

Ernest K. Ringo, of Salem, who was appointed special prosecutor by Governor West at the time of his Portland vice crusade, has been ordered to remain here to assist District Attorney Bell.

MANY NEW LAWS IN EFFECT
More Power Given Governor as Result of Legislative Acts.

Salem, Or.—All the laws passed at the recent session of the legislature, except those having emergency clauses or those to be referred to the people, became operative Tuesday.

Chief among the new measures are those relating to highways, irrigation, wages of women and children, pensions for mothers, fixing number of hours for workmen in factories, mills, etc., giving the governor more power to enforce laws locally, revising fish and game laws, appropriation for Pacific-Nanama exposition, regulation of brokers, regulation of pawnbrokers, uniform system of accounting in state and counties, teachers of Portland on civil service basis, pensions for Portland police, abolishing district fairs and creating county fairs.

The Pope is 78.
Rome.—The pope was 78 years old Monday, and innumerable telegrams and messages from all parts of the world arrived, felicitating the pontiff, wishing him a long and happy life.

ROOSEVELT GIVEN VERDICT OF 6 CENTS

Marquette, Mich.—Complete exoneration for Colonel Roosevelt, former president, from charges of drunkenness made against him in an editorial by George Newett, editor of the Ishpeming, Mich., Iron Ore, came here when Newett, after Roosevelt's case was rested, took the witness stand and made complete surrender, and withdrew the charge of his paper that Roosevelt "gets drunk and that not infrequently."

In a long statement read in open court, he admitted he had combed the country, but had found not one single witness who could testify he had seen Colonel Roosevelt take liquor to excess. To all intents and purposes he threw himself upon Roosevelt's mercy.

Roosevelt, unwilling to assess upon Newett the heavy damages he had claimed, arose in court and declared he had achieved his object, disproved the tale that did him much injury in the last campaign and asked the court to direct a verdict in his favor for nominal damages only—his in Michigan is 6 cents.

The six cents were paid and the colonel will settle his own costs of close to \$10,000.

MAYOR RUSHLIGHT LOSES

H. R. Albee is Elected First Mayor Under Commission Government.

Portland, Ore.—H. R. Albee was elected first mayor of Portland under the commission form of government, defeating Mr. Rushlight, present mayor, and his nearest opponent, by a substantial vote. In the best residence sections of the city Mr. Albee ran ahead of Mr. Rushlight as high as four to one.

Ideal weather failed to bring out as large a vote as hoped for, a total of about 45,000, or about 60 per cent of the registered vote being cast.

For commissioners, Ralph C. Clyde, W. L. Brewster, Robert G. Dieck, Will H. Daly and George L. Baker are leading and it is indicated that the four men who will serve with the new mayor will be chosen from these five. In all probability first, second and third choice votes will have to be counted to determine the result.

BRIEF NEWS OF OREGON

Timely rains have fallen in Sherman and Gilliam counties and the crop outlook is regarded as very promising.

A new gold saving machine has been set up on the sands at Gold Beach. It will handle 150 tons in 20 hours. Those interested hope they have solved the separation problem.

The state engineer has approved applications of the Harney Valley Reclamation company to irrigate 54,000 acres. Four to six reservoirs will be required for storage purposes.

On the request of Senator Lane, the war department has ordered the sea-going dredge Chinook in commission as soon as possible on account of the high water on the Columbia bar.

A full classification of the government land in the Metolius river valley has been started by the United States government, following the findings of many applications for homesteads in that territory.

The department of commerce has informed Senator Chamberlain that it has requested the treasury department to assign a revenue cutter to patrol the course for the Astoria Motorboat club regatta.

Ten striking linemen accused of engaging in a riot at Oswego have been bound over to the grand jury. One of them was shot in the groin and another hit with a hand axe by non-union men.

With practically no opposition, bonds have been voted at Klamath Falls to take up the outstanding warrant indebtedness. The city will be on a cash basis so soon as the bonds are sold.

A rancher from Illinois river walked out of the third story of the Gold Beach hotel while asleep, falling about 30 feet. He was picked up unconscious and badly shaken, but apparently not seriously injured.

With a large number of lodgers, journals and others books in evidence, the grand jury began an investigation into the affairs of the Roseburg National bank. The bank suspended business about a year ago.

Referendum petitions against the workmen's compensation act, the county attorney bill and the sterilization bill have been presented at the secretary of state's office for filing, and the names are being checked.

Representatives of over 60 publishing firms have appeared during the past few months before the Oregon text book commission, which will meet at Salem for the purpose of adopting text books for the schools of the state.

It is announced at Marshfield that the Southern Pacific has issued orders for two more tunnels on the Willamette Pacific line between the Siuslaw and the Umpqua, thus disproving the rumors that the line was to come in by way of Drain.

Senator Chamberlain has written to Secretary Lane informing him that according to the statements of Engineer Hapson the estimated cost of \$100 per acre for the West Umatilla extension will be the outside cost of the project, and that the first unit could be completed for \$75 an acre.

In a natural amphitheater formed by sloping hillsides, with a grass-covered hollow at their base as a stage and the blue sky overhead as a ceiling, the students of the University of Oregon will this year present Henrik Ibsen's drama, "Peer Gynt," before the visitors to the commencement exercises.

The people of Gardiner, Scottsburg and Elkton have decided to incorporate the Port of Umpqua, by a majority of 89 votes. A bond issue will be floated for the purpose of building a jetty at the mouth of the Umpqua. The proposed port will have an assessed valuation of over \$4,000,000 and contains about 650 square miles.

Officials of Milwaukee have announced that the town will proceed at once to sell the water bonds of \$20,000 authorized at the recent special election and erect a new plant, refusing to purchase the two private plants at the prices the owners demand. The bonds run 20 years and bear five per cent interest.

Full negotiations have been concluded with an English syndicate through W. J. Wilsey for the sale of part of Major L. D. Kinney's Coos bay property for \$600,000, and a deal is pending for the purchase of the remainder for \$475,000, making a total million dollar sale. The minor portion of the Kinney property which has not been purchased has a questionable title according to the owner, and when this has been settled in the courts, the English people expect to purchase the balance.

J. C. La France, accused of substituting a dead body for himself to secure insurance money, was held to the grand jury in the municipal court at Portland. The Modern Woodmen of America are the plaintiffs in this case. June 18, 1912, La France disappeared from Portland, a body being found a few days later on the Clackamas river, which body was claimed by his wife and buried. The insurance companies took up the case and had him arrested four weeks ago at Sandon, Coos county.

NEWS FROM OUR NATIONAL CAPITAL

Democrats Plan to Crowd Tariff Bill by Holding All-Day Sessions.

Washington.—"Make the republicans work" is the slogan adopted by the democratic leaders of the senate in charge of tariff legislation who predict that the senate would vote on the bill by August 1.

Members of the finance committee said that the bill would be out of subcommittees by June 9; that the full committee's report should be ready for caucus by the following week and that the revised measures would be reported to the senate on June 23. Then it will be pursued vigorously until placed on its passage. Senator Hoke Smith, of Georgia, said that the senate should vote on the bill in the latter part of July.

"We will keep the republicans who want to discuss the bill working, and we will keep at work ourselves from the very beginning," he said. "We will meet in the senate every day at 10 o'clock in the morning and keep at work until 6 o'clock at night. That will prevent the opposition from delaying the bill by playing with it. We will tire the republicans out of playing."

Lobby Inquiry Started

The senate's investigation of the "Numerous and insidious lobby," which President Wilson charged was threatening the tariff bill, was begun Monday morning by a committee composed of Senators Overman (chairman), Walsh, Cummins, Reed and Nelson.

The investigation was conducted openly in the public hearing room of the judiciary committee in the senate office building, and members of the senate were called in alphabetical order.

President Wilson was sent a certified copy of the resolution authorizing the inquiry.

Limit Put on Work.

The house democrats in caucus restricted the legislative programme of the present extra session to tariff, currency, emergency appropriations and election cases. Committee assignments as submitted by Chairman Underwood and his colleagues of the ways and means committee majority were adopted by the caucus without change.

The legislative programme as presented by Representative Underwood was made binding on the democratic members of the standing committees of the house. The resolution by which this was accomplished provided that no standing committee, except the committees on ways and means, appropriations, banking, currency, elections, printing, accounts and rules, should report bills or resolutions to the house, or have them placed on the calendars, without permission expressly granted by the democratic caucus.

Settler Must Pay Operation Costs

The recent decision of the United States supreme court in the case of Swigert vs. Baker settles for all time the right of the secretary of the interior, through the reclamation service to impose and collect annually from settlers on government irrigation projects the pro-rata cost of maintenance and operation of projects from the time water is turned into the canals up to the time the projects are turned over to the settlers completed.

On many projects there has been discontent because the government has been requiring the settlers to pay the maintenance and operation charge, which usually ranges from 50 cents to \$1 an acre a year. The lower court decided in favor of the government and was reversed by the United States circuit court of appeals at San Francisco, but now is sustained by the supreme court.

National Capital Brevities

The president is reported to have agreed with Senators Williams and Simmons that raw materials and their products in the agricultural schedule should be equalized in the tariff bill.

The progressives have been allowed representation on all the house committees except rivers and harbors and agriculture. They are given a total of 28 assignments.

The seventeenth amendment to the constitution of the United States became effective when Secretary Bryan formally proclaimed that direct election of United States senators is now the law of the land.

The appointment of Alexander H. Stephens to be general superintendent of the railway mail service, vice Theodore Ingalls, was announced by Postmaster General Burleson.

Secretary Bryan and Sir Cecil Spring-Rice, the British ambassador, signed a renewal for five years of the general arbitration treaty between the United States and Great Britain.

Secretary Lane announced a reclamation commission, which will direct all work of the reclamation service. F. H. Newell, present director of the reclamation service, will be the chairman.

Take Plenty of Time to Eat
There is a saying that "rapid eating is slow suicide." If you have the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you eat a fullness of the stomach or feel bloated and stupid after eating, take Chamberlain's Tablets. Many cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.
