Things We Think
 Things others think, and what we
 think of the things others think.

We know a lot of people who need
 have no fear of dying of congestion of
 the brain.

Whisky probably goes to the head
 because that is where those who drink
 much of it have the most room for it.

Roosevelt is a nature faker—because
 he has fooled folks so often when they
 thought he was dead.

When a phonograph concern started
 suit against a Chicago man for two
 machines for different houses, it was
 discovered that he had two wives. It
 seems as if that man had no idea what-
 ever of what is enough.

Stringent laws are being passed in
 several states restricting the carrying
 of dangerous weapons, but so far no
 one has attempted to interfere with
 the voice of the curbstone ranter.

No one is so perfect but that an enemy
 can hatch up things that some folks
 will believe.

Too many people use a magnifying
 glass in viewing their troubles, but
 throw it away before examining their
 causes for happiness.

Why kick about letting the woman
 be the whole thing at the wedding—
 it's her last opportunity.

Don't be discouraged. Think of the
 fools that have succeeded in winning
 the position to which you aspire.

Fortune sometimes favors the loafer,
 but success never comes to him.

The woman who wears a slashed skirt
 had better carry a knife in her boot.

It is not plain whether the prosecu-
 tion for shipment of liquor into Ken-
 tucky is instigated by prohibitionists
 or is for the protection of the home
 product.

It is easy to be a mind reader. When
 you happen into a family where the
 husband and wife are quarreling, it is
 no trick at all to fathom the thoughts
 of the participants as to what they
 wish you to do.

When you get behind with your bills
 there is always the devil to pay be-
 sides.

The young man has a hard time de-
 ciding between being a railroad presi-
 dent or a baseball star.

When a man gets so deep in love that
 he can't get out, he drags some poor
 girl in with him.

Appreciation often comes from the
 most unexpected sources, and the same
 may be said of a lack of appreciation.

No one seems to care whether an
 undertaker starves to death or not.

When you are afraid to tell somebody
 something that you know he deserves
 having said to him, it is easy to get
 out of it by saying you don't want to
 hurt his feelings.

Man may be reputed more practical
 than woman, but it is often because he
 listens to woman's advice.

It can't be that women wear the
 slashed skirt for the beauty of the
 thing, for the gaze never stops there.

Even if that new life serum fails to
 rejuvenate the bull moose, that is
 no certain sign of its inefficiency.

If charity covers a multitude of sins,
 it beats some of the new fangled crea-
 tions in women's clothes.

The bottom has dropped out of the
 berry market. We opine, however,
 that the bottom of the berry box is
 still on the same high perch.—Ore-
 gonian.

The only reason some folks are not
 cussed more than they are is because
 of the prevailing respect for the dead.

If everyone was appreciated at his
 true worth, it would be found that
 many are getting more than is coming
 to them.

Pie Making Tip.
 Sprinkle a little cornmeal on the pie
 plate before making a pie and you will

 ture.

Not Feeling Just Right. Read this:
 Mr. Jack Malto, Copperopolis, Calif.,
 would not make this statement were it
 not absolutely true. "I could hardly
 stand on my feet and when sitting
 down could hardly arise on account of
 pain in my kidneys. I tried three bot-
 tles of Foley Kidney Pills and they en-
 tly cured me, and I have had no kid-
 ney trouble since." Ask him. For

**SOME NOVEL IDEAS ON LABOR
 UNIONISM.**

Cottage Grove, Ore., July 5.—Ed.
 Sentinel: I like your paper mostly
 fine, but I have got to put in a kick
 on the way you stand on labor union.
 Things won't ever be well in this world
 until people learn that some folks are
 doomed from the first to run things,
 enjoy what they make and help the
 rest of the world in its troubles. The
 rest of humanity are put here to be of
 use to the plans of the first outfit.
 Am I not right? If that is so, then
 labor unions are plumb contrary to this
 principle and law. Don't they bring
 about a sort of kicking and unwilling
 spirit on the part of those made only
 to be useful cogs in the world's work
 machinery, in doing the things which
 are for their own good. Now, if this
 isn't so, why don't labor unions go and
 do things which are for the best in-
 terests of the boss. Aren't their in-
 terests the same? Why don't union
 men come around and ask to work for
 less pay or longer hours? I guess the
 boss would be tickled. He might do
 the right thing and pay for this real
 christian spirit.

I won't go on about the crimes done
 by labor unions, for I could tire you
 out in 99 times out of a hundred.
 Labor union started them all.
 Also if labor unions lose out a few
 more times, won't they go into politics
 on their own hook, and getting hold of
 industry, won't they run it for their
 own selfish good. Isn't it time we
 were washing up, anyway. Labor
 unions will be raising Cain or poking
 into things that are none of their busi-
 ness or taking up with such truck as
 anarchy or socialism like my brother
 Ike in Chehalis, Wash., did.

Labor unions, when they go on a
 strike should be treated like Cleveland
 treated them at Chicago and Astoria.
 Good, honest working men must look
 on labor union organizers as next thing
 to robbers.
 I must close with some good rules
 for laboring men to think over:
 Your boss is your creator's represen-
 tative put over you to get the best out
 of you in your work, so don't cross his
 will.

Unless you think you can get into
 his shoes the way he did, don't think
 you are as good a man as your boss.

Say "sir" when you speak to him.
 He will like it and it doesn't cost you
 a cent.

Take off your hat when you are in
 the office.

Don't kick about hard times or your
 lot. It might be worse.

Steer clear of labor unions.
 Never mind the stuff dished up by
 The Goat, Appeal to Reason and other
 rotten papers. Stick to your laste.

The old time virtues and the old time
 religion will get you through in the
 end.

Now, I defy all labor unionists,
 socialists, I. W. W.'s and the rest of
 the anarchists to show me where I am
 wrong in this. Your friend,
 J. NICHOLS P. MOSS

ADVANCED LEGISLATION
 EUGENE GUARD

In Oregon we pension the widows
 and aid the fatherless. In Washington
 they punish the lazy husband and pay
 the wife for the privilege of doing it,
 in Minnesota they tax the bachelors
 just for the fun of getting the \$1.50
 that it costs to remain single, but for
 real advanced legislation we must yield
 to palm to the city of Memphis, Tenn.,
 where bachelors are taxed to provide
 milk, medicine and nurses and in gen-
 eral to maintain a summer hospital for
 the babies.

The amount of the tax in Memphis is
 governed by the bachelor's income, his
 eligibility and general attractiveness,
 due allowance being made for over-
 weight, baldness, loss of an eye, leg,
 foot or hand. In Minnesota in order to
 pay the tax the single man must be
 worth at least \$100. In Memphis every
 man, rich and poor alike, pay for the
 privilege, and it may be \$1.00 or it
 may be \$1000, but the city fathers went
 even further than that. The ordinance
 provides that "no unmarried male per-
 son arrived at the age of twenty-one
 years shall be allowed on the streets
 after 9 o'clock p. m. or to court, visit
 or accompany an unmarried woman to
 any place of amusement unless he has
 paid the tax. He must produce a
 bachelor's license on demand of any
 unmarried woman, married man or po-
 lice officer. In fact the only way to be
 a male citizen of Memphis and not help
 support the babies is to produce a mar-
 riage certificate.

And for this bit of audacious legis-
 lation we vote the southern city the
 palm, the laurel and the whole vege-
 table kingdom. It has lowered our
 colors and we drop back into the ranks
 and can no longer lay claim to the
 leading progressive state of the union.
 We do so without prejudice, without
 candor and without jealousy.

**PARCEL POST STAMPS WILL
 BE DISCONTINUED**

After the present parcels post stamps
 are used up all parcels post mail will
 be handled through the mails with the
 ordinary stamps thereon, the only re-
 quirement being that sufficient stamps
 to carry the package be attached.

This is in accordance with an order
 received by Postmaster VanDenburg.
 In an explanation with the order the
 local postmaster received the follow-
 ing:
 "On and after July 1, 1913, ordinary
 postage stamps, including commemora-
 tive issues, shall be valid for postage
 and for insurance and collect on deliv-
 ery fees on fourth-class mail, and
 distinctive parcel post stamps shall be
 valid for all purposes for which ordi-
 nary stamps are valid.
 "The issuance of parcel post stamps
 to postmasters shall be discontinued
 after the stocks now on hand in the
 bureau of engraving and printing are
 exhausted, and no additional supply of
 these stamps shall be printed."

Not Superstitious (?)
 Medford Tribune: The southbound
 train was delayed by Willis Brown,
 Southern Pacific passenger conductor

running between Ashland and Duns-
 muir, when he was called to take out
 his train. There was a long string of
 hoodoo numbers connected herewith.
 First, it was Friday, June 13, 1913; he
 had been in the service 13 years and
 was to take Train 13 out on time card
 No. 13. Brown refused to do duty and
 another conductor had to be called,
 causing a delay of 45 minutes.

**Decree Signed in O. & C. Land
 Grant Case.**
 Federal Judge Charles S. Wolverton
 last week signed the decree in the
 Oregon and California land grant case
 that forfeits to the government 2,075,-
 616 acres of land in the Willamette
 valley held by the Southern Pacific
 company. The decree was presented by
 D. B. Townsend, special assistant
 to the government, who has been prosec-
 uting the case since it started four
 years ago.
 Judge Wolverton ordered the unsold
 lands of the grants of 1866 and 1870
 made by congress to the railroad com-
 pany, forfeited at the time of the final
 hearing, April 28. Since that time at-
 torneys for the government and the
 railroad company have been preparing
 the decree.
