

Help Fight the Great Red Plague

Citizens of the state are urged to inform themselves regarding this plague which is causing great suffering among boys and young men and especially among the innocent girls and women of the state. Parents are urged to protect their children, and provide clean, wholesome information in place of the unclean misinformation they cannot now help getting. Such instruction will be found in the following:

OLDEST LIVING MAN AND WOMAN BORN IN OREGON MEET AT ALBANY ON FOURTH

Eliza Spalding Warren and Cyrus Hamlin Walker, the two oldest living people born west of the Rocky Mountains, met at the Fourth of July celebration at Ash Swale, Linn county. Mrs. Warren was born at Spaulding's Mission at Lapwai, Idaho, November 15, 1837, and Walker was born at the Whitman Mission, near the present site of Walla Walla, Washington, and scene of the famous Whitman massacre December 7, 1838. The parents of both were missionaries to the Indians.

Mrs. Warren is now visiting friends and relatives in Brownsville and went to the celebration from that city. She resided until about a year ago at Chelan, Washington, but is now making her home near Prineville. She visited recently in Eugene. Walker has resided for many years near Albany.

The meeting of the two oldest living native white children of the old Oregon territory attracted great attention at the celebration. Walker sang an Indian jargon song and gave a talk on "Oregon Reminiscences," during the program of the day.

Within a 15 mile circle around IMPERIAL there are now several hundred prosperous farmers raising enormous crops of wheat, rye, barley, oats, potatoes, vegetables, etc. Poultry raising is also highly successful. Three large stock ranches, owning several thousand horses and cattle are also in this circle. IMPERIAL is now the trading point and will soon be the shipping point (the railroads are now building) for the products from thousands of acres surrounding it.

14 KILLED AND 150 HURT IN COLLISION

Rear-End Crash of Electric Trains Caused by Mistaken Signals.

Los Angeles.—Fourteen dead and 150 injured is the toll estimated of a rear-end collision of two Pacific Electric railway trains filled with Sunday pleasure seekers returning from the sea shore at Venice.

The accident occurred at Vineyard station in the westerly city limits of Los Angeles. Two three-car trains, their seats and aisles packed with the usual Sunday merry-making crowd, had been stalled at Vineyard station by the breaking of a trolley wire. One of the crew of the second train was sent back to flag the following trains. The next train, however, swept by the signal at high speed, and in the darkness crashed into the standing trains.

Responsibility for the wreck lies, according to the officials of the road, between Conductor Albert Bartholomew and Motorman Joseph Forrester. The conductor insists that he waved a red lantern in the path of Forrester's train in ample time for the motorman to stop.

Forrester, who was found in his home only slightly injured, declared that he did not see the lantern until within 500 feet of the standing train, and the distance was too short and his brakes failed to stop the train. Officials of the road insisted that the distance was not too short.

Fighting Heavy in China.

London.—Heavy fighting is reported all around Kiu Kiang, province of Kiang-Si on the Yang Tse Kiang, says a Pekin dispatch to the Daily Telegraph. The fighting is the result of the occupation of the city by northern troops.

BRYAN'S PAY INSUFFICIENT

Secretary Says He Is Compelled to Lecture to Augment Income.

Hendersonville, N. C.—While here Secretary Bryan declared he was compelled to deliver Chautauqua addresses to supplement his government salary, which he declared was not sufficient to meet his expenses.

"As this is my first Chautauqua lecture since becoming a member of the cabinet," said Secretary Bryan, "it may not be out of place to say that I find it necessary to lecture in order to supplement the salary which I receive from the government. As I have lectured for 13 years this method of adding to my income is the most natural one to which to turn and I regard it as extremely legitimate."

Youth Shoots Dog; Is Shot by Officer

Oregon City, Or.—Earl McAlty, about 18 years old and a resident of Portland, was shot and probably fatally wounded by Deputy Sheriff William Mumbower as he was trying to escape from the officer on the Clackamas road a few miles east of this place, where he had been placed under arrest for shooting a dog. Mumbower, who is engaged in farming near the scene of the shooting, was arrested and lodged in the Clackamas county jail.

BALKAN SITUATION IS NOT IMPROVED

London.—The Balkan States appear to be again in the melting pot. There is no sign of peace at present. Greece and Serbia have declined so far to agree to an armistice. The Turkish army is advancing by forced marches from Thessaly and Bulair, apparently with the consent of Greece and Serbia, to attempt the recapture of Adrianople and Thrace.

Roumania is said to be proceeding to occupy a much larger extent of Bulgarian territory than she previously claimed, and Greece is burning to avenge the Bulgarian massacre, concerning which horrifying details continually appear in official reports issued from Athens and Saloniki. According to these reports, ears and fingers of Greek women still wearing earrings and rings were found in the pockets of Bulgarian prisoners.

Claim Put in For Stratton Millions
Denver, Colo.—Suit to recover one half of the \$10,000,000 estate left by Winfield Scott Stratton, the famous Colorado mining man, was filed in the district court here in the name of Mrs. Sophia Gertrude Stratton, who claims to be the multi-millionaire's widow.

The woman's petition alleges that she married Stratton on Henry's ranch, near St. Augustine, Texas, January 1, 1874—years before Stratton made his money and that some time after their marriage Stratton deserted her after she had given him \$10,000 with which to purchase a ranch. Instead of buying the ranch, she avers, he disappeared and later came to Colorado, where he made his colossal fortune.

IDAHO BANKERS SET FREE

Kettenbach and Kester Pardoned by President.

Washington.—President Wilson has granted unconditional pardon to William F. Kettenbach and George H. Kester, Lewiston, Idaho, bankers, convicted on the charge of having falsified records of the First National Bank of Lewiston, Idaho. The pardon was granted after the president had conferred with Senators Borah, of Idaho; Lane, of Oregon, and Kern, of Indiana, and after they had strongly appealed to the president to do justice to men, who, they showed, were martyrs to abuse of privilege by government prosecutors formerly employed by the department of justice.

But for this pardon Kettenbach and Kester would each have been required to serve five years in the penitentiary.

Banana Finds Advocate.

New York.—President Wilson may be deluged with hundreds of letters in defense of the banana as the "poor man's fruit," it was said by some of those present at a meeting in Cooper Square, at which speakers advised protest against the proposed tax of one-tenth of 1 per cent a pound on bananas imported into this country.

To Stop Gambling in San Francisco

San Francisco.—San Francisco's 16 big gambling clubs must close their doors at once and for all time. This was the fiat issued by Chief of Police White after an hour's conference behind closed doors with the proprietors, "cappers," employees and attaches of the 16 clubs.

Dynamite Plotter Freed.

Leavenworth, Kan.—Edward E. Phillips, convicted at Indianapolis of conspiracy in the alleged dynamite plot, is the first of the 33 men to leave the United States penitentiary a free man.

Plotters Against Huerta Arrested

Mexico City.—A plot to assassinate President Huerta, General Felix Diaz and General Blanquet, the war minister, has been frustrated by the arrest of one deputy and 10 others of no great prominence.

RAILROADS-EMPLOYES FOR ARBITRATION

Washington.—Representatives of the 80,000 conductors and trainmen of eastern railways who have voted to strike for higher wages and managing officers of the railroads agreed at the White House to submit their differences to arbitration under the provisions of the Clay-Newlands act, which President Wilson and congressional leaders promised to make law. In the meantime no strike will be declared, officials of the employees' brotherhoods agreeing to an armistice.

This victory for arbitration over the strike was the result of a two-hour conference at the White House between President Wilson and congressional leaders, both republicans and democrats, the presidents and managers of the railroads and representatives of the Brotherhoods of Conductors and Trainmen.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Bank Cashier Paroled.

Salem.—Coincident with an announcement that State Superintendent of Banks Wright had declared a dividend of 20 per cent for the depositors of the First State Bank of Philomath, making a total of 80 per cent declared, is another that James Evans, cashier of the bank, convicted of forgery and sentenced to serve from two to 10 years in the penitentiary, has been paroled.

The liabilities of the institution were \$55,000, and Mr. Wright believes the assets will be sufficient to pay the depositors in full, but there will be no money for the stockholders. The bank failed in October, 1911, and Evans, whose right name is Evans, was indicted soon afterward. Money he is alleged to have used fraudulently was invested in a creamery by the cashier, and, it is said, he got no benefit from it.

LANDS TO BE THROWN OPEN

Government's New Policy Will Aid in Development of Oregon.

Portland.—Carrying out the government's new policy of seeking out what agricultural lands may lurk within the confines of forest reserves and designating it properly so that it may be thrown open for actual settlement, Chief Forester Henry S. Graves arrived in Portland from Washington.

During his visit here he expects to settle definitely for recommendation what shall be done with tracts which have been the subject of field agents' investigations, both in the Siuslaw region of southwestern Oregon, the Deschutes region and in the Cowlitz river lands in the Rainier forests of Washington.

Heretofore the government has made little effort toward discovering what tracts are suitable for agriculture. The prospective settler was required to seek out the lands himself, decide whether he could use them for agriculture and then make his application for settlement.

By the new plan, experts of the forest service will pick out fertile tracts now grown up in trees, report them suitable for agriculture, and eventually have them listed separately from the general forest reserves, throwing them open for homesteaders from time to time. This will include land from which the timber has been sold.

Barton Is Given 1-10 Year Term

Coquille.—Judge Coke passed sentence on J. S. Barton, who was recently convicted of an attack upon Miss Madge Yoakum, to an indeterminate term of from one to ten years in the penitentiary. The case has been appealed and bond furnished.

Succumbs to Hydrophobia

Portland.—Frank Griffith, proprietor of a sight-seeing automobile concern, died in agony of hydrophobia as the result of the bite of a mad dog suffered five weeks ago. At the hospital where Griffith was confined he burst a straitjacket and it required the efforts of six strong men to subdue him.

VALE GETS MANY SETTLERS

Government to Open Large Tract to Entry.

Vale.—The throwing open by the government of 110,000 acres of land adjacent to Vale to homestead entry promises to make this city the mecca of homesteaders during the next few months. A large proportion of this land is fertile valley and bench land, below the Bully Creek and Star Mountain irrigation projects, and being susceptible of irrigation cannot be taken up under the 320-acre homestead law, 160 acres being the most any one person can homestead.

Of this land, 73,000 acres have been held in a petroleum reserve, and 37,000 acres were withdrawn for the Harper reservoir project. Settlers have been petitioning the interior department at Washington for the past two years to release the petroleum reserve lands, and have just succeeded in having this done. The land will be open for selections, according to advice received by the Vale Land office, on July 18, at 9 o'clock A. M., and filings will be received after 9 A. M. August 18th.

Bogus Money at Bandon.

Bandon.—In the last few days business men and others have found themselves possessors of half dollars which are not genuine. Upon investigation it is learned that the circulation of the counterfeit money began during the Fourth of July celebration in Bandon. Approximately \$250 of the half dollar coins was placed in circulation here.
