Society

The Emerson Club will meet next Thursday with Mrs. Ernest Bisbey for the first session of the season.

Invitations are out for the wedding of Roy E. Short and Miss Blanche R. Veatch which will take place Thursday, Sept. 4, 1913, at the home of the bride's parents, Mr. and Mrs. Oliver Veatch.

Mrs. C. E. Umphrey Mrs. Harry Short and Mrs. Geo. Hall were hostesses at a "Dime Social" for the Ladies Aid of the Methodist Church at the home of Mrs. Umphrey Tuesday afternoon. The entertainment took the form of a Kensington and the hostesses served at the close of the afternoon.

Miss Maude Blair, daughter of Col. and Mrs. William H. Blair, became the bride of Earl Ives Bartholomew at a simply-appointed home ceremony at noon Monday. The Rev. Horace M. Ramsey, rector of St. Stephen's pro-Cathedral, read the marriage service in the presence of the immediate family. The bride, who is a beautiful brunette, was attired in a French lingerie frock and carried Bride's roses.

A wedding breakfast was served at the close of the ceremony. The table was attractively decorated with pink and white sweet peas and the rooms were banked with palms.

Mr. and Mrs. Bartholomew left in the afternoon for their honeymoon, and

on returning will reside at 968 Hillsdale avenue, off Council Crest drive. The bride is popular among her many friends. Mr. Bartholomew is a business man of this city. He is a Stanford man, member of Zeta Psi fraternity and of the University Club.

The lawn of Verna Phillips' home was the scene of a carnival lawn party Saturday evening given by a number of girls. There were booths, gaily decorated, in which fortune-tellers and hypnotists held forth, and where R-Porter and cookies were served. Marion Hooper, Blanche Lizer and Annie Powers, costumed as Japanese girls, presided at the refreshment stand, and Verna Phillips was disguised as a gypsy fortune-teller. Those present were Misses Jessie Smith, Jessie McCord, Ada Matthews, Marion Hooper, Ruth Kennedy, Annie Powers, Katie Wallace, Blanche Lizer, Mae Armstrong, Robert Earl, Harold White, Austin Berg, John Legat and Elwyn McCargar. Miss Leah Perkins and Mrs. Chas. Beals acted as chaperones.

Miss Florence Hemenway entertained Thursday with a delightful nasturtium luncheon of four courses at which covers were laid for nine. The table was lovely with its cluny luncheon set and huge, low centerpiece of nasturtiums. After luncheon Miss Hemenway's guests passed the afternoon with needlework and music. Those

bidden were Misses May Armstrong, Ada Matthews, Katherine Wallace, Jessie McCord, Blanche Lizer, Marion Hooper, Jessie Smith and Verna Phillips.

About twenty-five young people of the Christian Endeavor Society of the Christian Church and their friends enjoyed a delightful hayrack ride Friday evening, their destination being the home of the Misses Queen at Saginaw where games were played upon the lawn which was strung with gay Japanese lanterns. Refreshments of ice cream and cake were served.

Mrs. S. E. McGavran entertained at a stag party last Thursday evening in honor of her father and her husband's birthday anniversary. Eighteen male guests were present and partook of bountiful refreshments provided by the hostess.

Mrs. Chas. Beals entertained the girls of her class in high school Wednesday afternoon. Refreshments of ice cream, cake and bon bons were served. The house was decorated in red and white, the class colors. Those present were Misses Lulu Currin, Leah Perkins, Allie Phillips, Jennie Smith and Jean DeLong.

The Ladies Aid Society of the Methodist Church entertained the Aid Societies of the Baptist, Christian and Presbyterian Churches in the Park Wednesday afternoon. Mrs. N. E. Compton gave a short address of welcome, to which Mrs. J. B. Phelps of the Baptist Church responded. Mrs. Ora Red Hemenway gave two delightful readings. The afternoon was spent in conversation and needlework and the hostesses served punch and wafers.

Miss Blanche Veatch, bride elect, was the motif for a prettily appointed breakfast given by Mrs. S. Roy Smith this morning. It was a breakfast plate and breakfast recipe shower, as well. The table was centered with nasturtiums, arranged low, in an attractive Indian basket. Besides the honor guest there were Mesdames Armand Wynne, Chas. Adams, Ray Trask, Misses Lulu Currin, Inez White, Leah Perkins, Allie Phillips, Mabel Veatch, Atha Widersheim, Belle Burkholder, Jennie Smith, Nellie Hemenway and the hostess, Jessie Smith and Flora Phillips served.

Joe Hubbell returned from the East Wednesday evening, bringing with him his bride. Mr. and Mrs. Hubbell will soon be at home in their cottage next door to Mr. Hubbell's brother, W. L. Hubbell.

LANE COUNTY OAT CROP BIG

Production Four Times That of Last Year.—Quality of New Wheat and Oats Excellent.

Lane county is harvesting almost a record breaking crop of oats. Charles S. Williams of the Eugene Mill and Elevator company, who has just completed a preliminary survey of the grain situation in the county, is optimistic in his report of the oat and wheat crops. Lane county, he declares, will harvest four times as many oats as last year. In addition, more wheat will be threshed than was threshed last year. However, the wheat acreage is smaller, in proportion to the oats, than usual. This is due to the fact that late rains last fall deterred farmers from setting out fall wheat, and they planted oats instead. The crop of spring wheat, though, is a bumper one.

Both oats and wheat are of an excellent quality—better in fact than usual. The late rains this spring turned the crop from an ordinary one to one of unusually high grade. The wheat is exceptionally clean.

Threshing now in full blast, will finish in three or four weeks. Wheat will begin coming to the mill in 10 days.—Register.

Oats 164 Bushels to the Acre.

Growing 246 bushels of oats off 1 1/2 acres of land, J. E. Stout, not only believes that he has established a record, but he believes that he has proved the necessity for fertilization. The acre and a half of which this big yield was threshed had been fertilized with manure last spring. The balance of the tracts sowed to the same oats at the same time, comprising 33 acres produced 35 bushels to the acre. The place is known as the J. W. Curum place, on rural route number two. The oats are known as side pats and were planted this spring. The June rains were largely responsible for the heavy yield, but Mr. Stout declares that the spreading of the manure on the land was responsible for the unusually heavy yield over the small tract. He says he will fertilize his entire farm.

Besides oats he has also produced this year 174 sacks of wheat off 17 1/2 acres of land. This amounts to 22 bushels to the acre. On eight acres he grew 15 tons of cheat hay.—Register.

HOMESTEADS.
ARE YOU LOOKING FOR THE best homestead there is to be found in the Northwest? Well, I have it for you and it will only cost you the usual location fee to get it. It is 320 acres and will grow almost any crop you wish to plant. Plenty of water, wood, etc. Close to the town of Imperial with all advantages of small town. Daily freight and passenger automobile stages connecting with railroads. Railroad now building. I spent several hundred dollars and nearly a year's time investigating all the homestead districts of the Northwest and found nothing as good as this land here in Imperial. You will find the same thing if you make a thorough investigation, but why waste your money, come here first and you will be satisfied.

Write me, enclosing stamp, for further information. Address: Sherman Montgomery, Imperial, Crook County, Oregon. a14-s4

Dear Sirs: We have been receiving your paper and you are certainly getting out a nice sheet. However, we notice that you haven't as many ads. as you ought to have, considering the class of paper that you are putting out. Mr. A. E. Roese, who was out there last year, bought the paper at Worthington. We have just moved him into new quarters. Trusting that you are getting along nicely and that you will let us hear from you whenever you have time to write, we are,

Yours truly,

SINCE the introduction of the player piano, the Baldwin Company has believed that the true rank of any instrument of this kind should be measured by the freedom and sureness with which it enables the performer to express his own musical feelings. This conviction is demonstrated through the

Baldwin Manualo

(The Player Piano that is all but human)

It is the ultimate—the unmechanical instrument that we have had in mind from the beginning—the plastic instrument that musicians have used as their imaginative standard in comparing player pianos.

In the Baldwin Manualo we offer the successful unification of the most artistic piano with the most scientific player action in made in the world.

There is absolutely nothing better, nothing more perfect on the market, neither as a piano nor a player piano.

Please convince yourself of this at our music rooms. You are welcome whether you wish to buy or not.
