COMING!

Burk's Big Uncle Tom's Cabin Company Under a Mammoth Canvas.

Will exhibit at Cottage Grove, Friday night, Aug. 29.

Among the many tented organizations in America, that have become famous, the Ringling Bros. and Barnum & Bailey Shows are conceded to be the largest and most popular circuses. But the largest dramatic organization exhibiting under canvas is "Burk's big spectacular production of Uncle Tom's Cabin."

This Mammoth amusement enterprise is the acknowledged Barnum of all "Uncle Tom's Cabin companies"; like the big circuses, they travel in their own cars and require a special train of their own to transport their paraphernalia from one city to another.

This organization embraces more men, women and children, more horses, ponies, donkeys and Siberian blood hounds, more chariots, floats, tableaux wagons, etc., than any other similar exhibition in America.

The parade which may be seen daily on the principal streets wherever this mighty show exhibits, is the largest of any dramatic exhibition in the world.

The immortal play, "Uncle Tom's Cabin," is Mrs. Harriett Beecher Stowe's masterpiece of dramatic fiction. The management of Burk's big company has spared no expense in securing a metropolitan cast to properly produce this grand old drama.

In combination with the dramatic talent the management presents a contingent of high class vaudeville artists consists of merry-makers, jubilee singers, dancers, wire walkers, hoop rollers, etc. These artists are introduced during the action of the play, and always create the greatest of satisfaction.

Fred R. Pileher's famous concert band and Symphony orchestra is also one of the many strong features of this up-to-date modern American amusement organization, which is coming in all its vast entirety and will exhibit at Cottage Grove Friday night, Aug. 29, under a mammoth water proof palace pavilion theater seating 2500 people.
