

Within a 15 mile circle around IMPERIAL there are now several hundred prosperous farmers raising enormous crops of wheat, rye, barley, oats, potatoes, vegetables, etc. Poultry raising is also highly successful. Three large stock ranches, owning several thousand horses and cattle are also in this circle. IMPERIAL is now the trading point and will soon be the shipping point (the railroads are now building) for the products from thousands of acres surrounding it.

TWO DRUG-CRAZED NEGROES KILL 8

Colored Brothers Lynched in Mississippi After Killing in Streets.

Harrison, Miss.—Two drug-crazed mulatto boys, brothers, began a reign of murder here early Sunday that ended only after three white men, four negro men and a negro woman had been killed, several persons wounded and the two boys lynched. A serious clash between the races was prevented by the arrival on a special train of a company of national guardsmen from Natchez.

The trouble started at about 2 o'clock in the morning, continued intermittently until 10 o'clock, when Walter Jones, the oldest of the two boys, who started the firing, was lynched just after the soldiers arrived. His brother, Will Jones, had been shot and lynched by citizens earlier in the day.

Twenty persons were injured, 16 of them negroes. None of the negroes was dangerously hurt.

The shooting was started by Walter Jones, aged 20, in the negro quarters, where Johann Alken, a negro, and Theod Grayson, colored, were shot and killed. Walter then went home, aroused his 18-year-old brother and together they proceeded through the main street of the little town firing at everyone in sight.

CHINA SENDS APOLOGY

Insult to Flag and Murder at Nanking Condoned.

Peking.—The apology of General Chang Hsun to the Japanese consulate at Nanking has cleared the air, according to the Japanese officials here, and removes the danger of complications for the present.

The Japanese legation emphatically denied that an ultimatum had been sent by the Japanese government to China. The legation stated that the Chinese authorities at Hankow and Shanghai had complied fully with the Japanese demands.

On September 27 the Japanese minister presented China with an ultimatum, allowing China three days to comply with Japan's demands in connection with the recent attacks on Japanese at Nanking.

Canal May Make Beef Cheaper.

Washington.—A message of hope for a reduction of the price of beef to less than one-half of what it is today has been brought to the American people by Augusto B. Leguia, former president of Peru, now in this city. He made the declaration that with the opening of the Panama canal and a reduction of 4000 miles in distance between the United States and Peru, beef could be delivered in New York for 10 cents a pound from his country.

SULZER MAY TESTIFY IN HIS OWN BEHALF

Albany, N. Y.—The trial of Mr. Sulzer before the high court of impeachment was resumed at 2 o'clock Monday afternoon, and it is generally believed that this week's sessions may suffice for the presentation of all the prosecution's direct evidence.

Should Mr. Sulzer persist in his purpose to take the stand in his own behalf, however, the issue is not unlikely to be protracted. That he will do so is now generally conceded.

The impeaching managers have succeeded in placing in evidence contributions aggregating not only the \$5460 acknowledged in Mr. Sulzer's sworn report to the secretary of state, not only the additional items aggregating \$3500 which were suppressed by Mr. Sulzer as alleged in the formal articles of impeachment, but, under the court's ruling permitting the widest latitude, they have already increased the latter figure to \$13,200 in checks alone.

Religious Healer Killed in Her Office.

Los Angeles.—With a piece of gas pipe a foot and a half long, some one battered the life out of Mrs. Rebecca P. Gay, a religious health practitioner, in her office, and after a futile attempt to throw the body from the fifth story of the office building, left the dead woman covered with copies of a religious newspaper.

Tennessee Anti-Liquor Bills Fail.

Nashville, Tenn.—The dying hours of the extraordinary session of the Fifty-eighth general assembly, called to bolster up Tennessee's prohibition laws, were as calm as the last few days had been turbulent. The session ended, however, with no anti-liquor legislation to its credit.

Porfirio Diaz Ordered Home.

Mexico City.—General Porfirio Diaz, ex-president, has been summoned by the war department to return to Mexico for active army service.

JOHN MCGRAW

John McGraw, veteran manager of the New York Giants, whose team will again participate in the world's series baseball games.

HAIL DECISION AS VICTORY

Governor West Asks Return of Money Spent in Crusade.

Salem, Or.—Governor West looks upon the results of the meeting of the emergency board Saturday as a "victory." The board created a deficiency of \$5000 for use as rewards for the capture of felons, and another of \$1500 for use by the governor in his vice crusades.

Action on a motion recommending that the legislature reimburse the governor for the \$1500 he spent personally in the anti-vice crusade was deferred until next meeting of the board. Mr. West promised all the members itemized bills of his expenditure and invited them to come to his office and look over any papers he may have in connection with the work.

Recount of Mint Millions Ordered.

San Francisco, Cal.—Because seven silver dollars have been lost in the immense hoard of coin stored in the vaults of the United States mint in this city, an entire recount of the \$61,325,000 in silver stacked up in the basement of the building on Fifth street, has been ordered by the treasury department at Washington, D. C.

Tug Goes Through Big Gatun Locks.

Panama.—The most important step thus far toward the operation of the Panama canal took place when the seagoing tugboat Gatun, drawing 12½ feet of water, was passed successfully through the Gatun locks and now floats on the bosom of Gatun Lake.

Pope in Ill Health Again.

Rome.—The condition of Pope Pius is giving rise to some anxiety. Although not suffering from any specific malady the state of his health is unsatisfactory. It is believed, however, the rest here will restore him.

THIRD CANDIDATE NAMED IN MEXICO

Mexico City.—Colonel David de la Fuente, ex-minister of communications and public works in General Huerta's cabinet, has been put forward as presidential candidate by the so-called Liberal Republican party. This makes the third nomination for presidential honors.

The sphere of influence of the Liberal Republicans is confined largely to the capital. The party has no definite organization, but consists chiefly of the adherents of a group of congressmen who constitute a wing of the opposition in the chamber of deputies to the Catholic party.

Lively interest is centered in the announcement of the recall to Mexico of General Porfirio Diaz. Many appear to see a connection between the recall of General Felix Diaz, the recent visit to the capital of General Geronimo Trevino and the invitation to the aged ex-president to return.

The war minister, General Blanquet, reiterated the statement that General Porfirio Diaz had been asked to resume his former status in the army and return to Mexico. He declined to discuss the reasons for the request, nor would he say what the ex-president might be expected to do.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Organize Protective Association.

Eugene.—The Lane county farmers took the first steps for mutual protection from the ravages of the hunters during the approaching hunting season, when the Farmers Protective association of Lane county was organized here, scores of representative farmers, with Prof. John Howard and Prof. C. F. Hodge of the university assisting, met and adopted a constitution. The purposes of the organization as outlined is to enforce and improve bird and game laws of the state and protect the farmers against trespassers.

Ashland Work is to Start.

Ashland.—Material has arrived here for the preliminary work on the Foot-hills Irrigation company's project, and in a few days operations are planned to begin on the first unit of the Hyatt Prairie dam, northeast of Ashland. The breast of the dam will be nearly 50 feet high. It will be over 900 feet wide and will flood approximately 1000 acres to an average depth of 20 feet. The backwater created by this dam will reach nearly two miles.

WARNINGS ARE UNHEEDED

Thousands Lose in Locating on Oregon Lands.

Roseburg.—That thousands of persons throughout the United States have parted with various sums of cash through fraudulent locations on lands of the Oregon & California railway, was the statement made by Register Jones of the Roseburg United States land office.

"Hundreds of persons write to this office asking for information regarding these lands," said Mr. Jones, "many of them after they have parted with their money. We have always sent out a circular letter to people making inquiries about lands in this district, giving the amount of vacant land by counties, the character of the land, a general description of the country, and last but not least, the climatic conditions that prevail.

"A number of persons who were victimized by these locators have filed regular homestead applications in this office, all of which we rejected. Some of them appealed from our decision to the general land office, claiming that they would win the land in the end."

Free Wool Causes Sales.

La Grande.—On account of the changing of the tariff on wool many sheep are being marketed from this section, as the sheep men fear the animals will not pay to keep for wool. In the last week two train loads of sheep have been shipped out of Union and Walla Walla counties, the first train load from Joseph, in Walla Walla county, and one from Elgin, in Union county.

DREDGE GETS MUCH GOLD

Powder River Operations Unusually Successful.

Sumpter.—Since January 7 the gold dredge of the Powder River Gold Dredging company at this place has been in operation day and night, being run in three eight-hour shifts. The rich return derived from this boat has been one of the shining successes met this year in mining in eastern Oregon.

This work is paying beyond even the expectation of the owners at the time of building. The riffles are cleaned up once a week, and the gold returned at the company's laboratory in Sumpter. The gold bricks from this retort are expressed to the United States mint at San Francisco.

Book Companies Must Pay License.

Salem.—Corporation Commissioner Watson states that the publishing firms which have made contracts to furnish school books in this state must qualify to do business in this state under the laws regulating foreign corporations. They must each pay a license of \$100.

Medford Has \$25,000 Fire.

Medford.—Fire destroyed the Union livery stable, two dwellings nearby, five horses and about twenty sets of harness. For four hours Medford was in darkness, and the telephone service was out of commission. The loss is estimated at \$25,000, partially covered by insurance.

Hansel is Guilty.

Astoria.—Guilty of murder in the first degree was the verdict rendered by a jury in the circuit court in the case of Oswald C. Hansel for the murder of Judge Taylor on Sunday morning, September 14.

Man Shot for Wildcat.

Roseburg.—Mistaken for a wildcat, Preston Wilson of Whitons was shot through the left leg Saturday by B. B. Pindell, while hunting in the mountains 30 miles from Camas valley.

Avoid Sedative Cough Medicine.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative.
