The New Era Drug Store has the Cottage Grove agency for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This simple remedy has powerful action and drains such surprising amounts of old matter from the body that just one dose relieves sour stomach, gas on the stomach and constipation almost immediately. The quick action of Adler-i-ka is astonishing.

"Used to make a bee-line for the under side of the nearest grocery store awning at the slightest sprinkle. But a few drops won't hurt this Kirschbaum suit—not by a jugful."

No matter if your Kirschbaum suit is badly drenched, there will be no crinkly look that can't be quickly pressed out.

For Kirschbaum Clothes are all wool and shrunk by the original London cold-water process. And they are the only ones at their prices which are hand-tailored and sewn with silk thread.

A prominent citizen of Portland who has lately returned from Europe, states that there is no doubt that there will be a rush of immigrants to the Pacific Coast as soon as the Panama canal is open to general traffic. The steamship companies are selling tickets on the installment plan, accepting small weekly payments and allowing interest on such deposits. In this way families can pay for their transportation with comparative ease whereas raising the money to pay for the tickets in a lump sum would be impossible. The prospective immigrants are mostly of the farming class and they are not particular as to just where they land. Anywhere the steamer happens to stop will suit them. They evidently figure that while some places on the coast may be better than others, any place is good enough.
