

### Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:

- "Don't sit in a draughty car."
- "Don't sleep in hot rooms."
- "Don't avoid the fresh air."
- "Don't stuff yourself at meal time. Overeating reduces your resistance."
- "To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by Benson Pharmacy."

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## OREGON NEWS NOTES OF GENERAL INTEREST

### Events Occurring Throughout the State During the Past Week.

**Reeves Invited to Go With Oregon.**  
Pendleton.—W. T. Reeves, pioneer of Stanfield, who conceived the idea of the battleship Oregon leading the first fleet through the Panama canal and who prepared the petitions signed by 65,000 school children, has been given official recognition as the father of the idea in the form of an invitation to be a guest of honor aboard the Oregon in its passage through the big litch. The invitation came from Secretary of Navy Josephus Daniels, who asked that Mr. Reeves be present as a representative of the school children of the state.

### Hood Asks Exhibit Space.

Hood River.—To make an estimate of the funds that it will be necessary for the county court to appropriate and include in next year's budget, the Hood River Commercial club has been endeavoring to find how much space can be obtained for Hood River exhibits at the International Panama exposition at San Francisco. It is the purpose of the club to aid the court in making two exhibits, one in the Oregon building and the other in the palace of horticulture.

### Judge Says Election Will Not Hold.

Roseburg.—Judge Hamilton, in the circuit court, has declared void an election held in school district No. 5, October 13, at which \$3000 was voted for the purpose of building a new school house. The court held that October 13 was Columbus day and therefore a legal holiday, and that an election is a quasi-judicial function and not merely an administrative one.

### Oregon Boy's Cow Wins.

Monmouth.—According to a telegram received here from Chicago, a yearling Jersey cow, belonging to Johnny B. Stump, 12-year-old son of J. B. Stump of this city, carried away the sweepstakes against cattle from all parts of the United States at the National Livestock show.

### WEST ON SCHOOL SURVEYS

Predicts Trouble for Interior Department if Certain Conditions Continue.

Salem.—Declaring that the interior department will find itself in hot water if it attempts to hold up title to all surveyed lands passed to the state at the time the surveys were approved, and such lands are not valid as bases for indemnity selections when they are within a federal forest reserve, Governor West has given out a statement presenting the view of his office in the matter.

The question has come up before the department in Washington, where Miss Fern Hobbs, the governor's private secretary, is endeavoring to get a number of state land matters settled for the benefit of the state. About 15,000 acres are involved in the controversy, but the governor states that less than 1000 acres are surveyed. So if the department makes the ruling contemplated it will not seriously affect this state, but will largely affect other states.

### Farmer and Family Suffer Bruises.

Milton.—J. Thomas, a rancher living near Walla Walla, while driving his wife and five children in their auto on the macadamized road between Weston and Athena met with an accident. A tire blew up and the car left the road and turned over two or three times, pinning the occupants beneath. All were painfully bruised.

### Raw Wheat Eaten, Kills.

Enterprise.—Mrs. W. F. Craig died at the family home just south of Enterprise, after a brief illness. Acute peritonitis was given as the cause of death. This was induced, the physicians said, by eating raw wheat which did not digest and led to inflammation of the peritoneum.

### Dr. Brosius Gets Medal.

Hood River.—Dr. F. C. Brosius, one of Hood River's leading physicians, has just received a silver medal from the adjutant general of the Oregon national guard, in recognition of his 15 years of service. Dr. Brosius holds a commission as major in the medical corps.

### Husband Shoots Man With Wife.

Pendleton.—Charles Cook shot and perhaps fatally wounded David Rowan, then, turning his weapon, he killed himself instantly. The reason ascribed for the attempted murder is jealousy. Rowan was with Cook's wife on the streets at the time he was shot.

### 64,431 Are Registered.

Salem.—The total registration in the state under the permanent registration law, passed by the recent session of the legislature, is 64,431.

There can be no reason why any reader of this who suffers the tortures of an aching back the annoyance of urinary disorders the pains and dangers of kidney ills will fail to heed the word of a resident of this locality who had found relief. The following is convincing proof:

Mrs. A. E. Carroll, 302 E. Washington St., Roseburg, Ore., says: "Off and on for years I suffered from kidney complaint and spent days and nights in misery from pains and other disorders resulting. I became irritable and nervous, had dizzy spells and there were spots floating before my eyes. I was about giving up hope of getting relief when I tried Doan's Kidney Pills. It was some years ago and since that time I have always used them when kidney trouble has come on me and they have never once failed to do me good. The company expects to send an experienced irrigation man from farm to farm to give actual working instructions on the best way to utilize the water. How not to irrigate is as essential as how to irrigate and the expert will put the farmer wise to all the benefits and dangers of the work.

### EX-SENATOR TURNER WRONG

Spokane Politician Recants Famous Attack on Wilson and Bryan.

Spokane, Wash.—In a remarkable confession of faith, delivered to the weekly meeting of democrats at the Inland club, Judge George Turner recanted his famous attack on William Jennings Bryan, made after his return from the Baltimore convention last year, announced that the people who had nominated Woodrow Wilson were wiser than himself, and declared that he had been wrong in opposing woman suffrage.

Much interest was aroused among democrats by the speech. Several suggested that Senator Turner intended to be a candidate for the United States senate next year, but his personal assurance was to the effect that he had no intention of running.

### Idaho Car Shortage Serious.

Boise, Idaho—Immediate relief from the present refrigerator car shortage in this state is promised, but cars in sufficient number to move the big crop of eastern, southern and western Idaho are not now on hand and there is a serious situation as a result. Action may be taken by the public utilities commission ordering a sweeping investigation as to the cause of the shortage.

### John B. Baird Promoted.

St. Paul, Minn.—John B. Baird, general freight agent of the Northern Pacific railway, was advanced to the position of freight traffic manager, according to an announcement by J. G. Woodworth, vice-president of the road, who is in charge of the traffic.

## FEMALE WAGE SCALE \$9 AND LESS WEEKLY

Olympia, Wash.—Statistics compiled by the Washington industrial welfare commission, through reports from employers, show that half of the female employees in mercantile establishments throughout the state get weekly wages of \$9 or less, or below the minimum set by the Oregon commission.

These totals include girls under 18 classed as minors under the Washington law, but the figures for females above 18 years of age show that a ruling similar to that of the Oregon commission would have sweeping effect in this state.

A comparison of the reports of wages in various localities shows that girls employed in country stores apparently draw the highest average of wages. Wages in Seattle and Spokane are also classed as good, but Tacoma is at the bottom of the low-wage list. In both Tacoma and Everett more than half of the female employees of stores receive less than \$9 per week.

### Road Liable for Big Slide.

Seattle, Wash.—William Topping, of Ashland, O., a minor, obtained a verdict for \$20,000 against the Great Northern railroad company because his father, Edward Topping, was killed in the Wellington, Wash., snow-slide disaster of March 1, 1910, when 98 persons perished.

## MEXICAN SENDS AN APPEAL TO BRYAN

### Rebel Leader Wants the United States to Remove Em- bargo on Arms.

Nogales, Sonora.—Through Dr. Henry Allen Tupper, of the international peace forum, who is regarded as an unofficial agent of the American secretary of state, Geneviano Carranza, head of the rebel constitutionalists of Mexico, transmitted to the United States government an official statement which suggests that President Wilson can solve the Mexican problem merely by according to the constitutionalists the right to import arms freely from the United States.

The struggle in Mexico will continue until one side or the other is beaten into helplessness, the statement asserts. It further declares that the constitutionalists are confident of wiping out Dictator Huerta and his partisans in a short time if the embargo on arms is lifted.

Carranza came here from Hermosillo, the rebel capital, with Tupper, who had been with him there for several days. The rebel chief intended at first to ask recognition from the American government, but after conference with advisers, determined to confine requests to the lifting of the ban on the shipment of arms across the border.

### Mrs. Lind Saved Two Deputies.

New York.—The steamer that arrived from Vera Cruz with Mrs. John Lind, wife of President Wilson's special envoy, brought also two Mexican legislators who owe their liberty, if not their lives, to her generosity. To save the two Mexicans from arrest at Vera Cruz, Mrs. Lind hid them in her stateroom and sat up all night on deck until the boat left port and the officers of the Huerta government had gone ashore.

### WALLS CRUSH TENEMENTS

Explosion in Hartford, Conn., of Mysterious Origin, Kills Seven.

Hartford, Conn.—At least seven persons are dead or dying as the result of an explosion in Loveland's five-story brick warehouse. The walls of the building toppled on the roofs of two adjoining wooden tenement houses.

Michael Greenburg, one of the partners of the warehouse, declared to newspapermen that the building was dynamited. He refused to assign any motive for such an act.

The explosion seemed to wreck the building in a diagonal manner, one whole side—the one that fell on the adjoining house—falling down.

## EFFORT BEING MADE TO RETIRE HUERTA

Washington.—A supreme effort is being made to bring about General Victoriano Huerta's retirement from the provisional presidency of Mexico.

This was learned from many well-informed sources, and despite the cautions to government officials to keep quiet while the plans on the Mexican situation are being worked out.

The future policy of the United States is being quietly and informally made known in diplomatic circles abroad and there are intimations that before many days foreign governments generally will have been apprised of the American attitude. It is unlikely that there will be any publication of the American policy until Europe has been formally sounded out.

The conference at Vera Cruz between John Lind, representative of President Wilson, and the Norwegian and German ministers is believed to have been held with that end in view.

### National Issues Loom in Off-Election.

Washington.—Although it is an "off year" in politics, the election on November 4 furnished several local campaign situations that assumed national importance. Three governors were balloted for in Massachusetts, New Jersey and Virginia—and in more than a score of the larger cities mayors were elected. In all of these it is certain the votes cast by republicans and progressives were closely watched and analyzed.

### Indianapolis Mob Stops Street Cars.

Indianapolis.—The Indianapolis Traction & Terminal company, whose men went on strike, attempted to run its cars, but gave up when notified by Superintendent of Police Hyland that the police would be unable to prevent bloodshed unless the cars were withdrawn.

### Fido's Mouth "Caged."

Olympia, Wash.—The state board of health, with Governor Lister concurring, adopted a regulation requiring the muzzling of all dogs in King and Pierce counties as the only means of combatting an epidemic of rabies.
