Moral: Trade at a Cash Store and Don't Pay for the Other Fellow's Bread

The second week of our great Readjustment Sale has just passed with equally as great a success as the first, and the hundreds of satisfied patrons who have shared the profits of this great price slaughtering sale, are our greatest asset. They are talking about it to their neighbors; calling us up on the telephone to inquire "how long the sale is going to last?" This question we can not answer just at present, but we wish to assure the good people of Cottage Grove and vicinity that this store's policy in the future will be to sell the very best grade of merchandise to be obtained in the markets at the very lowest cash price. Selling for cash or produce only, thereby living up to our moral "of not making one person pay for the other fellow's bread."

A Heart to Heart Talk
