CHURCH MUSICAL PROGRAM CORDIALLY RECEIVED

The musical program at the Presbyterian Church Sunday evening received an unusually cordial reception by an audience which taxed the seating capacity of the house. The program was in charge of Miss Esther Silsby and the manner of its rendition showed that much time and hard work had been necessary on the part of both instructor and those who took part.

Vital Statistics for October.

Allen Eaton to Gather Art Works.

Allen Eaton, representative in the state legislature from Lane County, has been selected by the Oregon Panama Exposition Commission to finish off an art room in the Oregon building at the Panama Fair and provide an art exhibit from the state. It is the intention of the Commission, says R. A. Booth, a member, to show to the world that Oregon produces a high order of painters. Space 30 x 90 feet is being reserved in the Oregon building for this exhibit.

First Alfalfa Mill for Oregon.

The first alfalfa mill, it is said, to be installed in the state of Oregon was hauled out to Ardeneraig ranch near Ashland Friday, where it will become part of the equipment of the dairy farm owned by K. M. C. Neill. The mill will manufacture meal for use on the ranch, the product to be used largely in feeding the dairy herd. The meal is also considered one of the most valuable feeds for swine.

Examinations for Cadets.

Congressman W. C. Hawley has directed his secretary to make arrangements for the holding of an examination at Salem on Saturday, November 29, for the purpose of testing the mental and physical strength of young men who may desire to be appointed to the United States military and naval academies. Mr. Hawley will make his nominations after considering the reports submitted by a competent physician and teacher who will thoroughly and carefully examine the candidates.

COTTAGE GROVE FOLKS ASTONISH DRUGGIST

We sell many good medicines but we are told the mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, is the best we ever sold. Cottage Grove folks astonish us daily by telling how QUICKLY Adler-i-ka relieves sour stomach, gas on the stomach and constipation. Many report that A SINGLE DOSE relieves these troubles almost IMMEDIATELY. We are glad we are Cottage Grove agents for Adler-i-ka. New Era Drug Store.

CHANGE OF MAIL NOT SATISFACTORY TO CHAMPION

Winter Months Without Service Is Hardship.

MINERS THINK GOVERNMENT IS SAVING ENOUGH BY OTHER ECONOMY TO GIVE YEAR ROUND MAIL.

(Continued from first page)

to work in the district. Supt. Henry Landess, of the West Coast property, is doing all he can to have this injustice righted and feels sure if the owners of property in the district would help by getting together it could be righted. A protest has been started with twelve signatures to be sent to the postoffice and it is hoped that before the week is out many more names will be added that have not yet been seen. It takes quite a time to get around as the people of this district live often times many miles apart.

It is queer that the government proposes giving mail service during the summer months when the weather is good and in the winter either a private company must employ a man to carry mail from the Bohemia postoffice or else go without, and this when two routes have been put into one, cutting off fifteen miles. When there is only two and one-half miles to carry the mail the government proposes discontinuing the service for six of the winter months when it would work the most hardship, and the people of this district want to know if this is in accordance with "service for all the people" all the time or is partially to be shown to one section of this district over another.

G. M. CAVITT LANDESS.

The Commercial Club at its meeting Monday night took action on this proposition and signed a petition to the postoffice department to give Champion an all year mail service.
