

HAS MANY ALIASES AND GETS MANY SWITCHES

WOMAN IN JAIL BECAUSE SHE TOOK HAIR AND FORGOT TO RETURN IT.

Because she failed to return the switches for which she took combings and orders all over this state and in Washington, Mrs. Patrick, alias Weeks, alias Davis, alias DeWitte, is serving sentence in the Lane County jail and is wanted in many other places. The woman's game was to take orders for making up hair switches, going off with the hair and never returning it.

Officers of the county have been interested in figuring the greatest possible time the woman could be kept in jail were all charges possible pressed against her, one at a time, as fast as she completed a sentence. It was decided that she could be held for life. The sheriff has 150 hair switches, and each of these represents a case of larceny, and these are considered but a very small part of her operations in the northwest.

Single Women In Business.
Why do single women conduct business more successfully than married women?

And, again, why do married women do better in business than widows? I cannot definitely prove to you that single women do excel married ones in business or that those who have a husband are better business managers than widows. But I have the solemn word—and was ever the word of an English official report anything but solemnity to the "uth degree"—that such is the fact.

Of 300 women traders who failed in business in London during the last year 155 were widows, 151 married and 81 single. But the average amount of liabilities of the three classes varied greatly. With fewer than twice as many failures the widows had more than three times the debts of the single women. The married women's obligations were two and a half times the ones of those who never knew a husband.—Philadelphia Ledger.

Trials of Compositors.

They tell of a Scottish compositor who fled from Edinburgh to London in order to escape the brain exhausting ordeal of deciphering Carlyle's hieroglyphics and putting them into type. He had been at work in London for some time, when one day a "take" of Carlyle's copy was given him to set up. The sight of it appalled him. "Is that man here, too?" he exclaimed. "Whereupon he laid down his composing stick, put on his coat and hat and vanished. Balzac's copy was also a nightmare to compositors. According to the London Standard, the failure of the establishment that printed his works was the direct result of the enormous labor spent in making corrections. In the proofs of his manuscript, what it meant to put his copy into type is shown by the fact that "Cesar Biron-teau" had to be reset fifteen times in twenty days.

Cocoa as a Food.

We compare cocoa to a vegetable egg because, like the egg, it contains everything necessary for the building of the animal body. When we analyze cocoa we find it a perfect natural food. Analysis teaches us that it contains a fair proportion of nitrogenous matter in the shape of gluten, a very large proportion of fat, a considerable amount of starch, so much mineral matter and, finally, a stimulant of its own called theobromine. Cocoa is an excellent substitute for tea and coffee, especially to those who are overstimulated by these beverages. Pure cocoa is easily digested. But be sure that you get it pure. If you find that one brand of cocoa does not agree with you try another until you find the one which is best fitted for your constitution.—New York American.

Where She Drew the Line.

Mr. Birrell's anticipation that, owing to the bigness of heaven, it will not be inevitable that we shall knock up against our acquaintances there may have been suggested by one of Dean Ramsay's best Scottish stories. It should be mentioned that at Hawick, the scene of the anecdote, the people used to wear wooden clogs, which made a clanking noise on the pavement. As an old woman lay dying some friends said to her, "Weel, Jeeny, ye are gaun to heeven, an' gin you should see our folk ye can tell them that we're a' weel."

Herbert Spencer and the Sea.

To illustrate the advantages the modern child enjoys in seeing so much more of the world than children of earlier generations did, Herbert Spencer mentions that he had never seen the sea until after he was twenty-one. This is the more remarkable, because his father always spent his summer vacation at the seaside, rambling along the coast from one place to another. But the son never went with the father until he was a man. One result is that we have a first impression of the sea by a self studying adult. It produced in him "a mixture of joy and awe—the awe resulting from the manifestation of size and power and the joy from the sense of freedom given by limitless expanse"

NEW PARCEL POST RATES AFTER JANUARY 1

After January 1 parcels weighing four ounces or less may be mailed at the rate of one cent for each ounce or fraction of an ounce regardless of distance. This is in accordance with the new table of postage rates on fourth class or parcel post mail just received by Postmaster Vandenberg.

Parcels weighing more than four ounces will be mailable at pound rates, the charges ranging from five cents for one pound, local rate and first zone rate, to twelve cents in the eighth zone, up to twenty pounds at 15 cents local rate, and 24 cents in the first zone, to \$2.40 in the eighth zone. Fifty pounds may be mailed in two zones, the local rate being 30 cents, and the rate for the two zones being 54 cents.

Wherever the fraction of a pound is involved in estimating the cost of mailing a package it counts as a full pound.

The usefulness of the parcel post mailing maps and guides which have been furnished the postmasters and the public has not been affected by the new rates.

ALL TAXES MUST BE PAID BY FIRST OF APRIL

UNDER NEW LAW NO REBATE IS ALLOWED FOR PROMPT SETTLEMENT.

The most vital difference to the taxpayer which the 1913 tax law embodies, is the provision that all taxes are delinquent after April 1. Another important change is that there is no longer any discount for prompt payment. Formerly those paying their taxes before April 1 were given a three per cent rebate, and could pay one half April 1 and one half October 1 without penalty, but no rebate was given on this manner of payment.

Following are the provisions of the new law relating to the time when taxes are payable:

Taxes legally levied and charged in any year shall be paid before the 1st day of April following. If the taxes against any particular parcel of real property, or the taxes on personal property charged against any individual, firm or corporation, are not paid before said 1st day of April, penalties shall be charged on such taxes and added to and collected with the same as follows:

1.—A penalty of one per cent on all taxes paid on or after said 1st day of April and before the 1st day of May following.

2.—A penalty of two per cent on all taxes paid on or after the 1st day of May and before the 1st day of July following.

3.—A penalty of three per cent on all taxes paid on or after the 1st day of June and before the 1st day of July following.

4.—A penalty of four per cent on all taxes paid on or after the 1st day of July and before the 1st day of August following.

5.—A penalty of five per cent on all taxes paid on or after the said 1st day of August and before the 1st day of September following.

Provided, that one-half of the taxes against any particular parcel of real property, or of the taxes on personal property charged against any individual, firm, etc., may be paid before the said 1st day of April, in which event

Seals Raise \$22.

The sale of Red Cross Seals conducted by the Woman's Club has realized practically \$22 for the continuance of the fight being made by The Visiting Nurses' Association against tuberculosis. This sum falls somewhat short of the amount raised here last year but is a comfortable advance over the sales year before last. "In this cause every little bit helps," said Mrs. C. M. Shinn, president of the Club, "and we are grateful to the people of the city for this amount."

SOCIETY

Phillips-McKinley.

Announcements have been received of the marriage of Miss Flora Phillips, daughter of Mr. and Mrs. F. B. Phillips, to Henry Raymond McKinley. The wedding occurred Tuesday, Dec. 16, at the home of the bride's parents in Coquille. Mr. and Mrs. McKinley will be at home at Tillamook after January 16.

Approaching Wedding Announced.

The approaching marriage of Miss Myrtle DeSpain was announced at a shower given in her honor Saturday afternoon by Miss Vera Hawkins, Miss Maude Lamson and Mrs. Jorgenson at the home of the latter. The afternoon was spent in the hemming of dust cloths for the honor guest, and an informal program was given, made up of piano solos by Ruth and Esther Jorgenson, readings by Bertha Stevens and Mrs. W. A. Hemenway and a song, "I Love You Truly" by Juliette Woodard. Each guest was asked to write a sketch portraying her ideal man, the prize for which, consisting of the shower presents, went to Miss DeSpain. At the close of the afternoon a buffet luncheon was served. Those present were: the Misses Curran, Lea, Pearl Johnson, Minnie Johnson, Bemis, Audrey Langdon, Hayes, Stephens, Woodard, Beulah Hawkins, Ruth Jorgenson, Esther Jorgenson, Mrs. W. A. Hemenway, Mr. Wyatt, Mrs. DeSpain, the honor guest and the hostesses.

The home of Mrs. C. W. Wallace was the scene of a merry Christmas tree party yesterday afternoon, given by the Royal Neighbors Club. The house was gaily decorated in Christmas greens and bells with the tree as the point of chief interest. Each of the members received a dainty present from the tree. A delicious luncheon was served, Miss Ursula Lockwood and Miss Flossie Lockwood assisting. At the close of the afternoon a flashlight picture was made.

The Emanon Club met Thursday with Mrs. Nelson Durham. She had a Christmas tree prettily trimmed, holding bags and sticks of candy, and gifts for each guest. A presidential contest was held, Mrs. Mackin winning the prize of a box of home made candy. After a busy and social hour, refreshments of banana salad sandwiches, marshmallow pudding, cake and punch were served. The gifts were opened and all proved practical and useful. Guests were Mrs. E.
