

Mr. Dyspeptic, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Barker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion, and liver complaint until I used Chamberlin's Tablets, then my trouble was over." Sold by Benson's Pharmacy.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Farmers to Face Legislators.
 Oregon City.—At the regular quarterly state convention of the Farmers Society of Equity held here the farmers placed themselves on record as endorsing the movement started by the farmers' union and state grants to appoint legislative committees to attend the sessions of the legislatures and look after the farmers' interests. Resolutions providing for such committees were passed by the delegates at the meeting. The society also passed resolutions favoring the abolishment of the state senate and adopting proportionate representation in the house of representatives.

Eight-Hour Day is Edict.
 Salem.—State Labor Commissioner O. P. Hoff has ordered Mayor Albee of Portland to place the members of the Portland police department and the fire department on an eight-hour day. Under the recent supreme court decision in the state insane asylum case, Commissioner Hoff holds that all police officers and firemen are subject to the eight-hour law and cannot be on duty more than eight hours a day.

Apples to Come to Portland.
 Hood River.—The board of trustees of the North Pacific Fruit Distributors at a meeting at Spokane has decided to establish an office in Portland in time to handle next season's apple crop. The North Pacific Fruit Distributors now has 92 affiliated associations and numerous other fruit districts have planned to join the central agency before the marketing of next season's crop begins.

Albany College is Ready For Donation.
 Albany.—Conditions prescribed by James J. Hill, in connection with his proposed endowment of \$50,000, have been met with by Albany college authorities, and a committee has been appointed by the board of trustees to make a showing of assets and secure the cash subscription offered by the financier.

PROBE INSURANCE TACTICS
 Interference of Casualty Companies With Compensation Act Resented.
 Salem.—Declaring that a number of casualty companies were trying to induce employers to reject the workmen's compensation act, C. D. Babcock, a member of the state industrial accident commission, says he is convinced if the opposition is continued Oregon will follow the example of Ohio and provide compulsory compensation. He says three men will be started to work in Portland canvassing all firms for information necessary in conducting the department.
 Mr. Babcock said that the companies were trying to create sentiment in their favor by stating that the compensation law does not give the employer protection against suit, when, as a matter of fact, in only three instances under the act, is the workman given the option of suit against the employer or of taking compensation.

Club Will Raise Funds.
 Hood River.—The county court having failed to make an appropriation of \$1000 asked by citizens of this county to care for the expense of making an exhibit at the Panama-Pacific exposition, the members of the Hood River commercial club have decided to raise the amount by popular subscription among themselves.

1,000,000 Salmon Shipped.
 Astoria.—Julius Jensen, superintendent of the Chinook hatchery, has shipped 1,000,000 salmon to other hatcheries and now has in the neighborhood of 2,000,000 at the Chinook plant. These young fish are growing rapidly and will be placed in the retreating ponds in about two months.

Marshfield Woman Shoots Husband.
 Marshfield.—Mrs. Charles Franklin is in jail charged with shooting at her husband. The couple quarreled frequently and in their apartments the woman attacked her husband with a revolver, hitting him in the hand. The couple came here from Tillamook.

Round-Up Dates Set.
 Pendleton.—The 1914 Round-Up will be held September 24, 25 and 26. This is the announcement made by the board of directors of the association after having been authorized by the stockholders to fix the dates.

Grants Pass Has Two Police Forces.
 Grants Pass.—Grants Pass has two police forces. One wears stars; members of the other have badges. The situation is the outcome of the new council's refusal to confirm the appointments made by the mayor.

BRIEF NEWS OF OREGON

Civil service examinations are scheduled in Portland on March 11 and April 5 and April 15.

Pendleton is renewing its efforts to obtain an additional appropriation for \$60,000 for a federal building, site for which was bought four years ago.

The federal department declines to change its plans of enlarging the dredge Chinook, it is declared in a message from Senator Chamberlain. Senator Chamberlain has been made chairman of the senate subcommittee on commerce relating to Oregon and Washington.

Mrs. Agnes C. McFadden McElroy, widow of E. B. McElroy, for 12 years superintendent of public instruction for the state of Oregon, died at Portland after an illness of three weeks.

A movement is on foot in Silverton to invoke the referendum on the use of dogs in hunting birds, and sentiment seems strong in favor of abolishing the custom.

Frank S. Grant, former city attorney of Portland, has mailed his formal petition as a republican candidate for the office of attorney general to Secretary of State Olcott.

Representative Sinnott has asked the secretary of the interior to allow the homesteader to take his five

months' annual absence in two periods instead of one as is now required.

Alleging that fraud was practiced in organizing the corporation of the town of West Woodburn, suit will be filed to annul the corporation on the request of Governor West.

The governor, secretary of state and treasurer of Oregon were put under arrest, nominally, for alleged violation of the law prohibiting employees of state institutions to work more than eight hours a day.

Portland will entertain Secretary of the Treasury McAdoo and Secretary of Agriculture Houston on the evening of January 30. The cabinet officers will be in Portland on that date to hear reasons for establishing a regional reserve bank in Portland.

Congressman Sinnott of Oregon is pushing a scheme to cut down the cost of living and make scientific farmers out of the school children of his district at the same time by urging the students in every school to organize a boys' and girls' poultry club.

A special election will be held in Columbia county February 2 for the purpose of voting on a bond issue to be devoted to the development of a system of permanent roads. The amount of the proposed issue is \$360,000.

Timber owners, loggers and lumber manufacturers of the Pacific north-

west will assemble in Portland on the evening of Monday, January 26, to discuss the depressed condition of the lumber industry with a view of finding a remedy.

That the growing of loganberries should become one of the most profitable industries of the Willamette valley was the opinion of 150 growers and dealers who met at Salem to devise means for better exploiting the fruit and obtaining adequate markets.

To co-operate with 10 other Willamette valley cities to test the eight hour working law, as applying to policemen, the Albany council has authorized Mayor Curt to pledge \$200 of city money towards a fund of \$200 to carry the case to the supreme court.

From January 10, 1910, to January 10, 1914, 450 contests were filed in the Roseburg land office. One hundred and eighty-five cases were tried and written opinions rendered. Of these 15 were reversed and 146 confirmed by the commission of the general land office or the secretary of the interior.

The Deschutes railroad company has been granted the right to enter about 15 acres of public land in The Dalles land district for use in connection with the equipment of its station at Hunter Ferry, the principal wheat shipping point on the line and the largest receiving station for live-

On recommendation of Senator Chamberlain, the order to deport 12 Jewish immigrants detained at Ellis Island has been suspended. The immigrants intended to come to Oregon, it was said, and Mr. Chamberlain had been advised \$1000 had been put up with Ben Selling of Portland as a guaranty against the immigrants becoming public charges.

So thoroughly convinced is he that the industrial department of the county schools will become one of the most important features, Superintendent of Public Instruction Churchill has announced he has decided that an entire week should be devoted to alfalfa study by the children this year, instead of one day, as originally planned.

Portland on Saturday experienced the worst January wind storm in 34 years. With the barometer down to 29 and a 36 mile south gale blowing, as recorded by the delicate instruments at the local weather bureau, roofs were torn off buildings, telegraph and electric light poles were snapped like pipestems, trees were stripped clean of their branches and hats were sent flying.
