

Mr. Dyspeptic, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you that you do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Barker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion, and liver complaint until I used Chamberlin's Tablets, then my trouble was over." Sold by Benson's Pharmacy.

H. E. Bucklen & Co., Philadelphia or St. Louis.

The value of a newspaper to a community can be accurately measured by what outsiders think of it. The Sentinel is willing to be thus measured.

**DISTRICT ATTORNEY AFTER TAMMANY**

**Chief Murphy's Bank Accounts to Be Investigated by Whitman.**

New York.—The Tammany dough bag is being opened and its contents examined. Not since William Sulzer, impeached and removed from office as governor, first charged that Charles H. Murphy threatened and then wrecked his administration, have political circles been so stirred as they were following the announcement that District Attorney Whitman was investigating the "chief's" bank accounts. Following the trial of graft unearthed in connection with the awarding of highway and barge canal contracts, Whitman is now seeking to drive straight into Tammany Hall. It is even said that Murphy's personal liberty is threatened.

Sulzer has again come forward as a vital force in assault against corruption. An inquiry is to be made into the impeachment proceedings which resulted in the removal of Sulzer. Certain railroads, it is alleged, had a money interest in the impeachment and Sulzer has furnished Whitman with a mass of documentary evidence. United States Senator O'Gorman is scheduled to take the stand in the John Doe hearings on the graft. "If he backs Sulzer, the chief's a goner," was the remark heard more than once, even among Tammany braves.

**JUDGE TURNER HOME AGAIN**

Neither President Nor Secretary Bryan Have Asked Him to Quit.  
 Spokane, Wash.—Judge George Turner returned from Washington, D. C., and declared that he had not resigned from the international joint commission, "and have not been pressed for my resignation by either the president or Secretary Bryan. I did say to some of my friends in Washington that I should resign if I became a candidate for the senate."  
 The judge declined to declare himself a candidate for United States senator, but stated that he is "considering the suggestion made to me by many friends in different parts of the state that I become a candidate."

**Haiti Revolt is Growing.**

Port Au Prince.—The revolutionary movement in Haiti is growing stronger daily. All the towns in the north are in arms against the government and several of the most important places have been captured by revolutionists.

**CITIZENS' ALLIANCE EXONERATED BY JURY**

Calumet, Mich.—The grand jury investigating the assault upon Charles H. Moyer, president of the Western Federation of Miners, who was beaten and deported from the strike district, reported a complete exoneration of 17 members of the Citizens' Alliance, charged with participation in the affair.

John MacNaughton, brother of Jas. MacNaughton, general manager of the Calumet and Hecla company, and two deputy sheriffs, were among the men absolved of all blame. The grand jury voted no true bills on the charge of assault presented to them, but returned one more indictment in its investigation of other crimes of violence.

The investigators are through with the Moyer affair. Special Prosecutor George E. Nicholls told them that no indictments for kidnaping could be returned under the Michigan statutes, because it could be shown that Moyer and Charles H. Tanner, auditor of the Western Federation, were not restrained against their will and were liberated before the train on which they were deported left the state of Michigan. The men accused, however, must face charge of assault in a magistrate's court.

**Miners Would Bar Immigration.**

Indianapolis.—Laws to prohibit further immigration until all surplus laborers in the United States are fully employed were favored by a resolution adopted at the convention of the United Mine Workers of America. The resolution was introduced by the Roslyn, Wash., union.

**Mitchel Counting on Goethal's Help.**

New York.—"If language means anything," said Mayor Mitchel, "Colonel Goethals, builder of the Panama canal, will become Police Commissioner of New York. There are two conditions he has made, and I fully expect these conditions will be fulfilled."

**Five Die as Trains Crash.**

Jackson, Mich.—Five persons were killed and possibly a score were injured when a Michigan Central passenger train collided head on with a freight train near this city.

**OREGON NEWS NOTES OF GENERAL INTEREST**

**Events Occurring Throughout the State During the Past Week.**

**Fruitgrowers Plan Work.**

Roseburg.—At a meeting of the fruitgrowers of Douglas county, held here, it was decided to affiliate with the North Pacific Fruit Distributors' association in disposing of this year's crop. This association does not handle the products of individuals, but of the various fruit organizations of the state. It is also planned by the fruitgrowers to engage in the extensive culture of cauliflower during the next year. An expert may be employed to direct this work.

**Short Weight on Butter Found.**

Grants Pass.—In the case of the state of Oregon vs. E. E. Abell, tried here, the jury found the defendant guilty of selling butter one ounce short in a two-pound roll. Deputies of the state food commissioner collected the evidence from a local grocery store. The deputies have been busy in Southern Oregon for the past two weeks collecting evidence for the purpose of locating violators of the law.

**Convict Camp Abandoned.**

Medford.—Owing to the daily influx of unemployed and the threatened approach of the "idle army," resident Highway Engineer Kittredge has announced the abandonment of the proposed convict camp in the Siskiyou for work on the Pacific Highway, and declares that the preliminary excavation will be done by local and transient labor.

**Farmers to Get Advice.**

Burns.—The annual short course in agriculture and its allied interests will be held in Burns February 16 to 21, inclusive, with the following instructors from the Oregon Agricultural College: Professor H. D. Scudder, in agronomy; Professor Potter, in animal husbandry; Mrs. Calvin, in domestic science; E. B. Fitts, in dairying, and Mrs. Dolman in domestic science.

**"ALFALFA WEEK" DATE SET**

Mr. Churchill Arranges For Schools To Celebrate.  
 Salem.—Believing alfalfa-growing so much importance, not only to the livestock interests of the country, but also in its relation to the maintenance and upbuilding of soil fertility, the entire second week of March has been designated by State Superintendent of Public Instruction Churchill as "alfalfa week." Every school in Oregon, including the one-room country schools, the grades and high schools of the cities, will be asked to observe the weeks through placing special emphasis in the language work on the subject of alfalfa-growing.

Bulletins of the Oregon Agricultural College and of the Holden Improvement committee, which give valuable information about the growing of alfalfa, will be distributed among the schools.

Superintendent Churchill announces that boys' and girls' industrial clubs are being organized throughout the state, the work to include poultry-raising, sewing, pig-feeding, gardening, dairy records and manual arts. It is planned to add alfalfa-growing next year.

**Fruit Union Wants Packing Plant.**

Roseburg.—At the annual meeting of the Douglas County Fruit Union held here, steps were taken toward establishing a fruit packing plant here for the union, and a resolution favoring employment by the county of an agricultural expert was adopted.

**Immorality Charged to Indians.**

Pendleton.—Major E. L. Swartzlander, agent on the Umatilla reservation, and several witnesses are in Portland to lay before the federal grand jury charges of immorality on the part of reservation Indians. It is said a number of reds with wives are living with other squaws.

**Coquille Coal is Moving.**

Coquille.—The output of the three coal mines on the Coquille river at Riverton, nine miles below this city, is 200 per cent greater now than it was a year ago. Their production is now running 300 tons a month, and 100 laborers are at work in them.

**Justice Urges Rockpile.**

The Dalles.—Justice of the Peace J. W. Allen is urging the establishment of a rockpile on which to work the city and county prisoners. Most of the 60 criminal cases which have come before the justice in the last four months have been for minor offenses.

**Silver Gray is Captured.**

Bend.—A silver gray fox, the fur of which is believed to be worth from \$300 to \$1500, was caught by C. L. Smith, a rancher, near Bend.

**MISSIONARY DESCRIBES OLD INDIAN CUSTOMS**

**REV. BEATTY OPTIMISTIC OVER PROSPECTS IN KLAMATH RESERVATION.**

That the Indian of former days in choosing a profession does not have as easy a time as other young men, was told by Rev. J. L. Beatty of the Klamath Reservation upon his recent visit here. He describes the method pursued as follows:

He says that the young Indian signified his intention to one of the medicine men of his tribe, of entering one of the three professions: doctor, warrior or hunter. At a fixed time the aspirant was called before the medicine men, was thinly clad and given a fixed route that he must travel at a high rate of speed. Dangerous routes were chosen, and should any superstition exist in the tribe about some particular place, the young Indian was sure to be sent there. He piled rocks at particular designated places to show to the men that he had been there, and that he had carried out their decrees.

At the end of the journey, he made a circle of rocks, six feet in diameter, and lay down in the center of this circle, to sleep from sheer physical exhaustion. If he dreamed of his chosen profession, he would be a success, but should he fail to dream of it, he at once returned home and abandoned the idea of following further his chosen life work.

Reverend Beatty says that great improvements will be made this coming spring on Klamath reservation. The government is expecting to send engineers into the reserve, to make preliminary surveys for an irrigation system. The water will be taken from the Sprague and Sycan rivers, and if this plan is carried out it will make thousands of acres of land available for farming purposes.

He says that this is the best winter in several years. Snow has been plentiful on the reservation, 12 to 20 inches of snow being common. Rain has been plentiful this year also, and Reverend Beatty says it ought to be a banner season for the Indians that are farming.

**She Came Back.**

Wilnot Republican: Some weeks ago we published the following quib in our sheet thinking it contained a bit of humor together with plenty of truth: "Backward, turn backward, oh time in your flight; give us a girl whose skirts are not tight, give us a girl whose charms, many or few, are not too much exposed by a peek-a-boo; give us a girl, no matter what age, who won't use the streets as a vaudeville stage; give us a girl not too shapely in view and dress her in skirts that the sun won't shine through."

Whereupon one of our lady readers came back with the following, which isn't so worse, either:

"Backward, turn backward, oh time in your flight, give us a man who never gets tight; give us a man both honest and brave, who still wears something after a shave; give us a man no matter what age, who won't make the world a vaudeville stage, give us a man with a fine manly face, who won't shed all his clothes when running a race; in playing base ball and a basket ball game, give us a man who won't show all his frame; give us a man who has something to do beside watching us ladies, please, oh please, do."

A Methodist preacher says the story of the whale swallowing Jonah doesn't seem probable because there is no species of whale with a throat large enough to allow a man to pass through. We can't agree with our reverend friend. Man has an exceedingly small throat, yet many millions of people have swallowed both Jonah and the whale without gagging or suffering any disagreeable nausea.

Once in a while when we hear a man say his wife is a treasure we think he forgot to attach another "t" at the end of the word.

Will the abolishment of capital punishment mean there can be no more hanging juries?

There isn't much more to some speeches than the banquet which preceded them.

The young man feeds his girl on chocolate drops and caramels and gets only taffy in return.

The trouble with the high cost of living is that we expect the other fellow to do the hiking back to the soil.

**THIS NEW MEDICINE SAVE YOU MONEY**

We are druggists right here in your town and make a living out of the drug business, but it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can, and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't believe there are such things. We don't want you to spend more than you have to. Some of you get small wages, and when you're sick, none at all, and you should get the most you can for your money.

We recently came across a new remedy for increasing strength and building up people who are run down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called Rexall Olive Oil Emulsion. It is the best remedy, when you are run down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscle, good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,400 Rexall Stores, and in this town only by us. \$1.00.—Modern Pharmacy, C. J. Kern, Prop., Cottage Grove, Oregon.
