We Promise You Relief from All Stomach Troubles—Or Your Money Back

We honestly believe we have the best remedy in the world for indigestion and dyspepsia. We urge you to try it at our risk. If it doesn't relieve you—as we feel sure it will—we'll give back your money without a word. You know us—your family druggist. You know we wouldn't dare recommend anything we didn't know about, nor dare to break a promise. Therefore, when we recommend any remedy it is because we believe it to be better than any other to relieve the ailment for which it is made, and when we prove our faith in it and our sincerity toward you by promising to give back your money if it doesn't relieve you and in every way satisfy you, you have no possible excuse for doubt or hesitation.

Rexall Dyspepsia Tablets

are, we honestly believe, the best remedy made for Indigestion, Dyspepsia and all other Stomach Ills

We Know They're Good

Rexall Dyspepsia Tablets, in addition to other ingredients, contain Pepsin and Bismuth, two great digestive aids used by the entire medical profession. They soothe the inflamed stomach, check the heartburn and distress, stimulate a healthy secretion of the gastric juice, aid in rapid and comfortable digestion of the food and help to quickly convert it into rich red blood, and thereby into flesh, bone and muscle. They relieve stomach distress promptly, and, used regularly for a short time, tend to restore the stomach to a comfortable, easy-acting, healthy state. They aid greatly to promote regular bowel action.

Delays Are Dangerous

Don't neglect indigestion, for it frequently leads to all sorts of ills and complications. The pain and discomfort is not the most unfortunate part. The fact that when the stomach is not acting right, the material needed to repair the wastes that are constantly taking place in the body is not being given to the blood either in the proper condition or fast enough is far more serious. Nothing will cause more trouble than an unhealthy stomach. The blues, debility, lack of strength and energy, constipation, biliousness, headaches and scores of other serious ailments result from the failure of the stomach to properly do its work.

You Risk No Money

Our willingness to have you use Rexall Dyspepsia Tablets entirely at our risk proves our faith in them. We always sell them this way, and it is because we know that they have greatly benefited scores of sufferers to whom we have sold them. There's no red tape about our guarantee. It means just what it says. We'll ask you no questions. You needn't sign anything. Your word is enough for us. We know that when they help you you will consider it money well spent even if they had cost you ten times as much. If they don't help you, the money you paid for them is yours, and we want you to have it.

Sold only at the more than 7,000 Rexall Stores—the World's Greatest Drug Stores. In convenient boxes—three sizes: 25c, 50c, \$1.00

Things We Think
Things others think, and what we think of the things others think.

When women describe some things as "heavenly" it makes us think of a word describing the other place.

A seven foot student is enrolled at a western university. Nature has provided him well for higher education.

Five thousand dollars has been paid for a rare flea at San Francisco. Considering the time required in catching one of these animals, the price is not high.

When you lend money to a friend you are borrowing trouble.

At San Diego, Calif., a potato found a ring that had been lost in a field, after continued fruitless search had been made by the loser. That's one potato that used its eyes.

The head of the woman's department of physical education at the University of California says that present styles make flat chests, crooked spines, round shoulders and flat feet. We don't think the trouble is much that they make these things as that they expose them to view.

The I. W. W.'s have been shamefully wronged. Their idea is to work all they can—and work 'em for as much as they can.

The girl's hand roughened by too frequent contact with dishwater and the broom may not give you quite the thrill of the soft one, but it is the safer one to place a wedding ring on.

One real test of honesty comes when a merchant forgets to charge you for something and you know there is no danger of the mistake ever being discovered.

There are a lot of black sheep who get into churches and lodges but we fail to understand how folks figure they show any greater discernment in their company by staying outside.

What advantage is there in knowing a secret if you can't tell it to someone.

Some folks whoop 'er up for money for the heathen and wouldn't know anything about it if the stranger who

has moved in next door were dying of loneliness.

The largest ideas are often expressed in the simplest words.

If we could be as important a factor in the progress of this and other worlds as some folks think they are, we would be content.

An optimist is a person, who, having been stung with a gold brick, passes it on to the first pessimist he meets.

When a man has a nag for a wife he can't be blamed for letting her work like a horse.

Marriage is not likely to be a success unless both parties go in on an equal basis.

A widow knows lots of things that she seldom makes use of in choosing the second time.

The Mexican war seems destined to come to an end similar to that which befell the famous Kilkeny cats that fought and bit until nothing was left but the tails.

"The flea is never there when you want him," is the sage information imparted by an exchange. We have never experienced that peculiar brand of pleasure derived from wanting him there.

Keeping a husband in hot water doesn't relieve the soreness.

It makes a woman smile to think how a little crying fools the men.

Those who have the least to say seem to find the least trouble in finding something to say.

The wise guy who knows it all never seems to give out any of it.

A wife knows a lot of things about her husband that she never tells him for fear he couldn't hide their truth.

Men will smoke and chew tobacco—but, then, women insist on following the styles.

Doggone it, isn't a barking cough aggravating?

A way to grow four leaf clover has been discovered. A way of getting

Maybe the reason that so many folks talk about the weather is that it can't defend itself.

Farmers Protest High Tax.

The present high tax rate was decried at the meeting of the Lane County Farmers' Protective Association at Eugene Saturday afternoon. Several speeches were made against the existing mortgage tax law and in favor of a stricter law protecting game and song birds and against trespassers.

The value of a newspaper's advertising is gauged by the number of people it reaches. No other paper reaches more than one-quarter as many Cottage Grove people as does The Sentinel.
