## Society

Mrs. Arch Thompson entertained eight of the little friends of her daughter Avanelle on Friday, the occasion being her eighth birthday. After a delightful afternoon Mrs. Thompson served a dainty luncheon of ice cream, cake and punch at the Elite. Miss Maud Hooper, Avanelle's teacher, was also a member of the party.

Mrs. C. E. Frost and Mrs. David Griggs were hostesses at a silver tea for the Baptist church at the home of Mrs. Griggs Friday afternoon. The affair was charmingly carried out with St. Patrick's Day green as the prevailing note in the decorations. The tea table, at which Mrs. Frost presided, was centered with an arrangement of shamrocks and carnations. Mrs. Griggs served a delicious fruit salad, in green, with cake, while Mrs. Frost poured. About five dollars was realized for the benefit of the church.

An enjoyable St. Patrick's day dance was given last night at Phillips Hall by the Owls. About thirty-five couples were present.

The Social Twelve meets Thursday afternoon at the home of Mrs. N. E. Compton. At the last meeting of the club Mrs. B. R. Job was elected president, Mrs. Compton vice-president and Mrs. C. H. Burkholder secretary.

Mrs. Kate Perkins and Miss Neva Perkins entertained Miss Mona Dougherty, Miss Katherine Kirkpatrick and Miss Buree McConahy at dinner when they were in the city with the Oregon Choral club.

A number of the young friends of Merritt Eddy surprised him with a party Saturday evening, the occasion being his birthday.

The Panama Club meets Friday afternoon with Mrs. C. C. Cruson as hostess.

Mrs. Ben Groff entertains the Emanon Club at her home tomorrow afternoon.

The value of a newspaper to community can be accurately measured by what outsiders think of it. The Sentinel is willing to be thus measured.

# Opening Announcement!

I wish to announce to the buying public that I have opened an up-to-date grocery store in the building on Seventh Street formerly occupied by DeWald, where I will be pleased to meet both old and new friends. Come in and see the neatest little grocery store in the city. All new stock. All business on a cash basis. Butter and eggs same as coin of the realm.

## COTTAGE GROVE PUPILS AS EXAMPLE TO OTHERS

Florence West: The students of Cottage Grove schools have started a movement that is certain to have good results for the pupils themselves, and for those with whom they come in contact, if it is followed up. A new school building was recently completed in that city, and, to protect it from vandalism, the students have organized themselves into an "army." This action shows that the pupils appreciate what the taxpayers have done for them and besides helping to protect the building from injury, it will lead the children to think more about the rights of others and prevent them from thoughtlessly destroying or injuring property of other people, which is so often done by children and sometimes by their elders, without thinking about the consequences of their action. The Cottage Grove pupils have set an example that children in other places will do well to follow.

## GROCERY STORE IS OPENED BY ROY SHORT

Roy E. Short, who was with the Rees-Wallace Co. for a number of years, has opened a grocery store in his own name in the building until recently occupied by the DeWald grocery.

Mr. Short is an energetic young man and well known to the buying public. He will conduct the business on a cash basis and promises to keep a clean, neat, high grade and strictly up-to-the-minute grocery store. He will give the blue trading stamps.

### Will Grade Second Street.

At a called meeting of the city council last evening a petition from the residents of Second Street, asking that the city engineer set the stakes for the street grade and that they be allowed to improve their own street, was presented and allowed. The special meeting was called in order that the work might be begun immediately.

### Trade Homes.

A trade was effected Monday by W. N. Rinehart and C. W. Wallace, the principal consideration of which was

the transfer of the homes of the two parties. The Rinehart family moved into the Wallace home on South Sixth Street yesterday afternoon while the Wallace family moved into the Rinehart place a short distance east of the city. The Rinehart property, now owned by Mr. Wallace, comprises seven acres, all under intensive cultivation.

## HIGH SCHOOL TEAM WINS TOURNAMENT

By winning two games out of three the high school team came out victorious in the basketball tournament held with the military club last week. The high school team took the first two games and the military team the game played Friday evening. Wednesday evening in a fast, clean game the high school took honors to the tune of 24 to 14 although the club team had the edge 12 to 10 in the first half. Cellars played a stellar game for the club while Fullmer and Atkinson did most of the scoring for the high school.

Friday evening the military club came back with a victory by the score of 24 to 21. Paul Bond for the military club scored exactly half of the entire number of points made with some excellent basket throwing and Bob Earl starred at the guard position. This final game was the fastest and closest of the entire series.

As a curtain raiser to the third game the junior-freshman and senior-sophomore girls' teams played a game, the junior team winning 16 to 12. This was one of the snappiest games the girls have played and was characterized by a greater amount of scoring than has been done in any of their games this season. Mae Armstrong contributed most of the points for the junior team and Ethel Bartels for the seniors.

That the roads between this city and Eugene are in excellent shape is evidenced by the fact that County Commissioner and Mrs. George M. Hawley made the trip in an hour and 35 minutes Sunday. They stopped here and took Mrs. Brumfield and J. A. Ellidge with them to London where they spent the day.

## GROVE'S CANDIDATE ANNOUNCES HIS PLATFORM

Believes in Curtailing Improvident Expenditure

PROTECTION OF OREGON SYSTEM, LABOR AND INDUSTRY AMONG POLICIES ADVOCATED.

Cottage Grove has a candidate for the legislature. Yielding to the petition of business men, farmers, women and those from other walks of life, Elbert Bede, editor of The Sentinel, last Wednesday filed his declaration with the secretary of state.

In deciding to become a candidate Mr. Bede stated that it would be absolutely impossible for him to make a personal campaign of any kind for an office that no more than pays the actual necessary expenses incurred in fulfilling the duties of the position. He was assured by Cottage Grove and Eugene friends, and some from other parts of the county, that no campaign would be necessary. Following is the platform he has submitted for the approval of the voters:

"If nominated and elected I will, during my term of office, endeavor to promote judicious, conservative progress and efficient, consistent economy. I am opposed to hastily trying uninvestigated and untried experiments. I believe the tax rate can be made less burdensome by curtailing improvident expenditure. I believe the legislature should submit to the electors an amendment that will so protect the referendum that it can no longer be used by unprincipled persons to bring the Oregon system into disrepute and injure our institutions. I believe some adequate way should be provided to prevent giving initiative measures misleading titles for the purpose of deceiving the voters. I believe there are too many laws and that the new tax law is one that should be repealed. I believe the laborer should be amply protected, but that this can be done in a manner to help and encourage industry and attract more money to the state. I believe there are many things the state should have which we can not yet afford, and that we should keep our expenses down to a figure that we will be able to pay without seriously burdening ourselves."

### Hoselton School Standardizes.

The Hoselton's school, district 105, standardized Saturday and gave an elaborate program in honor of the occasion. C. R. Stahlman, district supervisor, presented the pennant and addressed the school on the factors which are necessary in winning a pennant.

## Where all the good people are going—

When you go you want to go where all the good people go. Here's a sure rule to follow that will land you there. Get a lot in Manitou Park Addition (along North Ninth Street), build you a comfortable home, associate with the other good people that are there, keep your temper from getting away with you by doing away with landlord troubles, keep your disposition sweet with your pleasant surroundings and good neighbors, and you need not worry about your future life. These lots are selling rapidly to the very best people. Twenty lots have sold since we took the agency, and the rest are likely to go rapidly. Four residences now being constructed. Better see us before the choice selections are snapped up.

## Baking and Cooking in this Climate

Climatic conditions are very important in cooking and baking; what applies to the high altitude of the East is not adaptable to the sea level of this section. That is why successful Eastern formulae are often failures here. The Fairies Cook Book, just issued by the Fisher Flouring Mills Company, manufacturers of

## Fisher's Blend Flour

the perfect All-Purpose Flour, made of choicest Eastern hard wheat and choicest Western soft wheat, was prepared with this fact in mind. Mrs. Isabella Sweny, recognized authority on the art of cookery, prepared and tested every one of its 156 recipes. For successful baking in this climate the Fairies Cook Book has no equal.
