

When Dreams Come True!

Every man from the time he first as a boy started to earn nickels and dimes running errands, has dreamed of the time when he would be a property owner, when he would have a piece of land of his own and be able to erect thereon a home of his own, which he could build to suit his own individual tastes, and about which he could putter and fix up this and that, feeling all the time that what he added to it would be beating the landlord out of that much and that every cent put into improvements, every cent spent in setting out flowers, in making a pretty lawn would be all his very own and that the efforts put forth in making the home and surroundings pretty and comfortable would be just that much more added to his worldly wealth.

The woman has dreamed ever since a maiden in her 'teens of the time she would be married to a man with ambition enough to want a home for their very own and with the energy to provide the wherewithal to buy it.

The little children growing up, long for the time when papa and mamma will buy a home and the annual moving season will no longer be a bugbear, when they can look up to pater familias and feel pride in the fact that he is a factor in the life of the community by reason of being a property owner, a freeholder.

And there's no reason why all these dreams may not come true right now. Slightly residence lots can be purchased in Milapoo Park on the easy payment plan with a very small payment down. Lumber is cheap in the Cottage Grove country, and you will be surprised at how little capital a man with a reputation as a good worker and for integrity needs to get started. The time to do a thing is now. See me today if possible.

Made-in-Lane-County Exhibit.

A made-in-Lane-County exhibit is being planned by the Lane County Manufacturers Association to be held in Eugene some time in May. The association is hoping to make it one of the best exhibits of the kind ever held in the state and thus awaken the dormant interest in Oregon-made products.

GOOD SUGGESTION TO COTTAGE GROVE PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, drains from the system.

This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach and constipation almost IMMEDIATELY.

We are mighty glad we are Cottage Grove agents for Adler-ika. New Era Drug Store.
