TENDER HANDS ARE BLISTERED FOR GOOD ROADS

(Continued from first page.)

many valorous deeds were done up that way.

The women of the city and surrounding country added a pleasant touch to the entire affair by their words of encouragement and the hearty dinner prepared for the laborers.

Report from District No. 68.

As Supervisor of District No. 68, I suppose it is my duty to report the work done April 28, Good Roads Day. We had six teams and 24 men and handled 100 yards of gravel. We had a small gang but I think we can truthfully say that it was the banner gang, as every man worked with a will. The workers were as follows: Joe Baker, John Stoneberg, D. P. Burton, John Grieve, Geo. Randolph, Phil. Hohl, Wm. Hohl, Henry Gregory, Elmer Hull, C. S. Montgomery, Oscar McDole, A. Soderstrom, E. Emonds, W. B. Finney, Adolph Pearson, Lyman Adams, W. L. Breed, F. T Scheibner, Harold Dugan, Henry Miller, John M. Anderson, J. V. Johnson, Ed. Bushnell.

E. M. SHARP, Sup.

Report from District No. 15.

On the Coast Fork Road District No. 15, Supervisor Tullar reports some real good road work. Althougth the turnout was not quite as large as he expected, he estimates that about $250 worth of work was done.

The following furnished men and teams: W. G. Massey, Chas. Powell, Jim Powell, N. W. White, A. Hess, J. J. Kebblebeck, O. H. Robinson, Grant Brown, Geo. Bisby, J. D. Anderson, Geo. Boyd, E. C. Lathrop, Ed.Tullar, C. C. Gilham, Walt Garoutte, Bud Shortridge, A. L. Woodard, J. P. Morrison, G. M. Kebbelbeck.

These teams were kept busy by the following single workers:

S. L. Godard, Roy B. Wilson, J. D. Jensen, S. R. Piper, J. K. Giddens, E. E. Houston, D. H. Hemenway, C. W. Beals, K. W. Giddens, Fred Strausen, Bob Small, Chas. Lackey, Julian Small, W. J. Tharp, Granddad Dinwiddie, W. T. McCoy, A. S. Powell, Virgil Powell, Chas. Gettys, Mayor J. H. Chambers, James Ewing, M. H. Anderson, N. E. Compton, Joe. McKibben, Lincoln Taylor, Rev. R. M. Broadbooks, E. B. Grable, Everett Small, James Matthews, Chas. DeWald, Hugh Trunnell, A. C. Ahrendsen.

The people who responded went there with the determination to work and everyone seemed anxious and willing to do their share. Fully 200 yards of gravel was hauled on the flat just south of Mr. Boyd's place. The women responded with well filled baskets and a picnic dinner was very much enjoyed for about one and one-half hours at the N. W. White place. Mr. White thoughtfully and generously treated the crowd to hot coffee. Gus. C. Moser of Portland, candidate for governor, and N. L. Fitzhenry of Eugene, candidate for county commissioner, took part in the picnic dinner. Mr. Tullar expressed great appreciation for the splendid work done by all who responded.

BURLEY'S RANCH CAPTURES LARGE AUDIENCE

The play "Burley's Ranch" staged by a number of high school Freshmen and Sophomores at the Arcade theater Friday evening for the benefit of the student body fund was a marked success, financially as well as otherwise. The student actors took their parts remarkably well and the play was very picturesquely but withal very correctly costumed. The play depicts the exciting life on a Colorado ranch in the year 1880, and is full of dramatic and amusing situations. The comedy was mainly furnished by Fred Aldrich as the Chinese cook, Juda Trunnell as the Xantippe-tongued Mrs. Burley, Clarence Spencer, a young reporter, and Lillian Lewis, his native young sweetheart. The other characters, including Frank Wallace as Jim Burley the ranch owner, Hazel Ostrander as the young herione, Bob Jones as the young hero, Irl Groves and Clarence Coffman as ranchmen, Donald VanBoskirk, Edwin Driver, Roscoe Hemenway and Jean Hastings as picturesque Indians, all fitted their parts nicely.

Misses Juliet Woodard, Blanch Lizar and Marian Hooper sang charmingly between acts.

The embryo actors expect to go to Creswell with their play Friday evening. Mrs. J. S. Benson trained the players.

Initial steps looking toward the organization of a co-operative creamery in Creswell were taken at a meeting there last Saturday. Floyd Rader, county agriculturalist, and Chris Myhre, creamery expert from Junction City, were present to assist in the organization. It is planned to affiliate the creamery after a while with the Eugene co-operative creamery recently organized.

VERA CRUZ PLACED UNDER MARTIAL LAW

Rear-Admiral Badger Orders American Non-Combatants to Leave on Steamer.

Vera Cruz.—Definite instructions from Rear-Admiral Badger, commander-in-chief of the Atlantic fleet, to all American non-combatants to leave Vera Cruz by the steamer Mexico, have been posted at the consulate and other places, and Vera Cruz is under martial law, Rear-Admiral Fletcher, commanding the American naval forces on shore having issued a proclamation to this effect.

Admiral Fletcher determined there should be no more quibbling with the Mexican officials regarding forms of government. Until further notice, the residents will be judged by military law. A large number of local Mexican officials have reported their willingness to resume their duties as officers under the supervision of the Americans.

Roberto Diaz, mayor of Vera Cruz, is among those who have agreed to reopen their offices, and arrangements were made to open the public schools Monday.

General Maas has established headquarters at Soledad, about 16 miles from Vera Cruz, and his men are tearing up the railroad tracks.

American Consul Canada has notified the state department that many American refugees have been taken from trains and imprisoned at Aguas Calientes by Mexican mobs. Besides Americans, the consul reports, other foreigners have been detained, most of them having been employes of the smelters at Aguas Calientes. Among the Americans held was United States Consul Schmutz, of Aguas Calientes.

GENERAL VILLA FRIENDLY

Rebel Commander Anxious to Placate His American Friends.

El Paso, Tex.—The international political situation cleared greatly as affecting the status of the rebel government and that of the United States when General Francisco Villa, who arrived at Juarez repeated his declaration that he would not be drawn into a war with the United States, particularly as that would serve only to draw the Huerta chestnuts out of the fire. Villa said that Carranza's note had been misunderstood and that the first chief was as friendly as he was to the United States.

Militia Must Be First to Enlist.

Washington.—The war department made it plain that in raising a volunteer army for service against Mexico preference will be given the organized militia of the various states and that in no state will independent volunteer organizations be received until the resources of the militia of the state have been exhausted.

AMERICANS ORDERED HELD IN MEXICO CITY

Vera Cruz.—More than a score of American women with babies and children were turned back by Huerta's soldiers to face the mobs of Mexico City when they attempted to leave the riot-ridden capital on a refugee train. Huerta absolutely refused to allow any Americans to leave the city. Thirty Americans escaped, posing as British subjects, under assumed names. They were afraid to speculate on the possible fate of those left behind.

The refugees said that Huerta's soldiers went through the train as it stood in the station, and everyone identified as an American was put off and forced to remain.

Huerta's firm determination to hold the 800 Americans remaining there was shown by the fact that he insisted upon strict identification of every person wishing to depart.

He compelled Sir Lionel Carden and Paul Von Hintz, German ambassador, to go in person to the station to identify the refugees.

Mexico City Fed on Weird "News."

Vera Cruz.—The newspapers of the capital are reported to be publishing stories to the effect that the American forces at Vera Cruz are slaughtering women and children, and the papers call on Mexicans in Mexico City to retaliate in a similar manner.

Other stories printed by the newspapers say that France, Germany, Great Britain and Spain had declared war against the United States.

Offer to Mediate Reported Accepted.

Washington.—Spanish Ambassador Riano has announced that he had received private advices from Mexico City saying that General Huerta had accepted the offer of Argentina, Brazil and Chile to use their good offices to bring about an amicable settlement of the differences between the United States and Mexico.
