THE HAPPIEST MOMENT IN A WOMAN'S LIFE

The happiest moment in a woman's life, is not, as most men think, when she is led to the bridal altar. No, sir! The happiest moment by far, in a woman's life, is when the man, whom she is allowed to lead her to the bridal altar, and who has helped her in saving a nestegg, provides her a home of her very, very own—a home which she can make cozy and comfortable with the thought that the comforts provided will be a source of joy for years to come.

There is an easy way to bring this supreme joy to a woman— that is to get a lot in Manitou Park, Cottage Grove's restricted residence district, and put up a cozy little home while material and labor are as cheap as they will ever be.

WILL SELECT SUFFRAGE BILL

Meeting Called to Concentrate Support for Measure Before Congress.

Washington.—In an effort to concentrate support for a suffrage measure in congress, suffrage leaders issued a call for a meeting of all leaders in the movement in the United States at O. H. P. Belmont's Newport home, Marble House, July 3.

Two bills, one by Senator Shafroth and the other by Senator Bristow, are before congress. The suffrage leaders are divided as to which measure is better, but they hope to settle all difficulties at the meeting. Suffrage workers from nearly all states, and representatives of the congressional union and the national American woman suffrage association will participate.

Metcalf to Make Race.

Omaha.—Richard L. Metcalf, vice-chairman of the committee to arrange the formal opening of the Panama canal, has decided to accept the petition filed in his behalf for the democratic nomination for governor of the state of Nebraska.

MILITANTS INVADE CATHOLIC CHURCH

London.—Suffragettes, for the first time, Sunday invaded Catholic churches and created scenes by attempting to harangue the congregations. Worship was disturbed in both Westminster cathedral and the Church of the Oratory, Brompton.

Father Bernard Vaughan had just taken his place in the pulpit in Westminster cathedral at the evening service when a woman, well-dressed and apparently of refinement, rushed up the steps into another pulpit, and, waving her arms, shouted: "In the presence of the blessed sacrament I protest against the forcible feeding of women."

A band of militants interrupted the midday mass in the Church of the Oratory by chanting: "God save Emmaline Pankhurst and all our noble prisoners; open the eyes of this church and of the priests to put an end to the torture; in the name of the blessed Joan of Arc, hear them in their hour of need."

The growing hostility on the part of the public was shown by assaults Sunday on several open-air meetings. Speakers were mobbed, stands were torn down and two men were saved by the police from duckings or beatings.

New York.—Theodore Roosevelt as the progressive party candidate for governor of New York is the desire of the state progressive campaign advisory committee, which met here to consider campaign questions.

Church Music Denounced.

Bloomington, Ind.—Pipe organs, pianos and kindred musical instruments have no place in a church, according to a report adopted by the synod of the Reformed Presbyterian church of the United States and Canada, at its meeting here.

The house will be engaged this week with the \$107,000,000 sundry civil appropriation bill.

President Wilson requests that, for sentimental reasons, the Lincoln memorial highway pass through Washington.

Few senators expect debate on the trade commission bill to end in less than two months. At present the prospects for adjournment before the middle of August, or even later, are not bright.

President Wilson went through the evidence on which the Indianapolis dynamiters were convicted. A million laboring men have petitioned him to extend executive clemency.

Narratives of the bravery of enlisted men of the navy and marine corps during the fighting at Vera Cruz on April 21 and 22 were included in Rear-Admiral Fletcher's report of the Mexican port's seizure, made public by the navy department.

Two measures are to be pressed as quickly as the appropriation bill is out of the way. They are the Moon postoffice bill, providing for railway mail pay readjustments and opening up the assistant postmasterships throughout the country to competitive examinations, and the general dam bill, which is before the house for action on a moment's notice.

NEWS FROM OUR NATIONAL CAPITAL

Administration Trust Program Bills Passed, Are Now Up to Senate.

Washington.—All three bills on the administration trust legislation programme passed the house and were sent to the senate for action.

Opposition melted when the final test came, and the voting went through quickly. The Covington interstate trade commission bill was passed without a record vote; the Clayton omnibus anti-trust measure received 275 votes to 54 against it, and the vote on the Rayburn railroad capitalization bill was 352 to 12.

The Covington trade commission bill would create a commission with broad inquisitorial powers over corporations engaged in interstate commerce.

Bureau of Corporations Abolished.

After abolishing the bureau of corporations and the positions of commissioner and assistant commissioner of corporations, the bill would turn over the organization and powers of the bureau to the new commission. It then provides that all corporations with a capital of not less than \$5,000,000, except those now subject to the interstate commerce commission, shall submit annual reports, "records of its organization, bondholders and stockholders and financial condition" to the commission. The commission may also designate corporations having a capitalization of less than \$5,000,000 from whom it desires reports. It may call for special reports, in addition to the regular annual statements required by the bill, and would provide a penalty of \$100 a day for delay in filing reports.

Senate May Segregate Bills.

The senate interstate commerce committee voted to report out only the trade commission measure of the trust bills. The action was construed by many as an indication of limitation of the administration's programme at the present session of congress.

There was no record vote. In a general discussion some senators opposed the motion and others declared themselves opposed to the bill at the present time. Chairman Newlands said the committee later might take up supplemental legislation and issued this statement:

"The committee determined to segregate the trade commission from the supplemental legislation and authorized me to present an amendment in the nature of a substitute for my original bill for a trade commission. The committee concluded to name the trade commission the federal trade commission, instead of the interstate trade commission, in order to clearly distinguish it from the interstate commerce commission.

Mellen's Story of Sacrifice Denied.

Charles S. Mellen's recent testimony that he, as president of the New York, New Haven & Hartford railroad, allowed himself to be indicted in the Grand Trunk case to shield the late J. Pierpont Morgan, was flatly denied before the interstate commerce commission by Lewis C. Ledyard, of New York, who was a director of the New Haven at the time.

"I want to say in the most unqualified terms," Mr. Ledyard asserted, "that Mr. Mellen did not offer himself as a vicarious sacrifice for Mr. Morgan."

There are indications that the inquiry into the affairs of the New York, New Haven & Hartford railroad by the interstate commerce commission will be completed this week.

Bucklen's Arnica Salve for Cuts.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
