A jolly picnic party composed of Mr. and Mrs. J. H. Longfellow, Mr. and Mrs. C. R. Norton and Rev. and Mrs. Broadbooks, were the guests of Mr. and Mrs. Harvey Armstrong for the day Friday. The party went to Eugene in Mr. Armstrong's motor truck. They ate their luncheon at Judkins Point and attended the games of the W. O. W. log rolling contest.

A large party of friends surprised S. L. Godard Sunday at his home on Coast Fork, the occasion being a birthday anniversary. Mr. Godard was promptly and unceremoniously given a ducking in the river. A base ball game, in which the women were the star performers, was a feature of the afternoon next in importance to a large picnic dinner.

A very pretty home wedding took place Sunday, June 21, at the home of Mr. and Mrs. C. G. Rozine of Blue Mountain when Miss Gladys Ladou and Albert S. Lancaster were married. Both young people have been residents of the Blue Mountain district for a number of years. Rev. A. M. Williams of the Baptist church of this city officiated.

In honor of Mrs. Horace Cochran, who left Monday for her new home at Gardiner, Mrs. Elbert Bede and Mrs. B. B. Groff entertained Saturday afternoon with a handkerchief shower at the home of Mrs. Bede. Mesdames C. H. Burkholder, Lydia Stouffer, Joe Porter, S. V. Allison, Nelson Durham, S. L. Mackin, C. E. Umphrey, A. Wynne, Jas. Potts, Stanley Martin and M. C. Athey were the guests who enjoyed a delightful farewell afternoon with the honor guest.

A local store is showing a device that will prove invaluable to the housewife in the preserving and canning season, in the form of a forked pair of tongs with wooden handles which are used for lifting the boiling hot fruit jars while canning.

Legal blanks at Sentinel office.

PADS AND PANCIES.

By Harriette. Here is a delicious dark cake which is always enthusiastically received at the refreshment table of a local hostess:

PRUNE CAKE

One cup of sugar, 3 eggs, 1 cup sour cream, ¼ cup butter, 1 cup prunes chopped very fine, 2 cups flour, good measure, 1 tablespoon nutmeg, allspice and cinnamon, 1 teaspoonful baking powder, 1 teaspoon soda, 1 cup sugar, whites of two eggs, and 4 tablespoons water. Add a cup of finely chopped prunes to white icing.

If you are fond of custards but grow tired of always having plain ones, you will enjoy one made by the following recipe:

CARAMEL CUSTARD

One-half cup sugar, ½ cup boiling water, 2 eggs, 2 cups scalded milk, ½ tea salt, 1 tea vanilla. Melt sugar in pan and stir over heat until the syrup becomes amber color, add the water slowly to the sugar. Butter custard cups and pour in the mixture made up just as usual with the caramel added and bake until set. All custard mixtures are best when baked with the custard cups sitting in a pan of water.

Small bows of black grosgrain give a dainty white blouse a striking finish as well as an enhanced snowiness. They are very smart.

When one is giving a luncheon in honor of someone else, artistically mounted

small snapshots of the honor guest make very attractive place cards.

Ruffles of net are exceedingly dainty and fashionable for blouses.

The latest novelty in accessories is slant mesh veiling in black. The meshes in this veiling are very large with heavier threads running one way than the other so that when the veil is worn it gives the effect at a little distance of the face being crossed by black lines running slantwise in one direction only.

Do skin gloves in white or cream are very good for summer wear, as they launder nicely.

Many of the prettiest of the silk gloves for the summer in the elbow length are embroidered heavily on the wrists and arms.

White stockings are much worn with low black shoes, particularly with light dresses, and are very effective.

Diston and Rajada. (Special to The Sentinel)

June 23.—Mr. and Mrs. John Woodhurd of Row River visited with home folks last week.

Veta Pitcher spent last week at Star visiting relatives and friends. Mrs. J. S. Carr and Mrs. Carl Rainey visited at the Al Whitman home at Wildwood Friday.

Mr. and Mrs. Louis Hegstrom visited at the Lundberg home last week. Mrs. Ike Whitlock visited her sister Mrs. Jenni Cujoway at Donohue's Saturday.

Len Potts and Tom Scott returned to Cottage Grove Saturday.

Chas. Finley and family moved to Wildwood the latter part of the week.

Mr. and Mrs. John Tonole were Grove visitors between trains Saturday.

Horatio Mosby came home Friday from Mt. View and returned Saturday.

Mrs. Belle Haight and family and Lew Gray and family moved from Diston to Sandy Saturday.

Miss Reid and Miss Krueger visited at the Ben Pitcher residence the first of the week.

Oscar Woodson of Cottage Grove called at the Ben Pitcher residence on business one day last week.

ELECTRIC CO. IS GENTLY SLAPPED ON RIGHT WRIST

(Continued from first page)

The evidence shows considerable fluctuation in the voltage of the current furnished by the defendant for lighting purposes, which results in poor service to the patrons. However, the standard of service to be maintained by the defendant herein, has already been fixed by the commission in another proceeding, wherein the defendant was a party, Commission's File No. U-F-61, by order entered May 23, 1914, effective July 1, 1914. Compliance with the order so made will remedy the complaint as to the service, and no other order is necessary as to the service in the present matter.

The evidence shows that the incandescent lights furnished by the defendant upon the streets of the City for municipal lighting purposes, are permitted to become ineffective and dirty, and that this condition is due to the insufficient supervision and replacements of same. This condition results in inadequate and insufficient service. A reasonable and adequate service for the defendant to afford in the premises would be for it to cause the various incandescent lamps used by it in municipal lighting to be regularly inspected at intervals of not more than one week, and to replace lamps which have reached the limit of their efficiency, and at all times to keep the lamps clean and in proper condition for efficient service.

The complaint also alleges that the rates charged by the defendant in the City of Cottage Grove are unreasonably high as compared with charges made in other municipalities, and that the defendant's flat rate is not the same to different patrons for the same service. The defendant maintains the following schedule of lighting rates:

First 100 K. W. H.	15c per K. W. H.
All over 100 K. W. H.	14c per K. W. H.
Flat Rate	Candle Per Power Month
First	32 \$1.00

Second	32 0.50
Third	32 0.70
Fourth	32 0.60
Fifth	32 0.50

The defendant is desirous of substituting a measured service, with meters, as rapidly as possible, for the flat rates now in effect. There are not sufficient data before the Commission to permit it to pass upon the reasonableness of the meter rates. The complaint will therefore be dismissed without prejudice to the right to bring the matter on for further and more full consideration when the meter rate basis is more generally applied, and there has been a test of it in operation.

The complaint also alleges that the meter rate charge by the defendant is higher than a flat rate charged for the same service. The evidence before the Commission shows that the contrary is true.

It is, therefore, ordered, considered and determined, that the defendant, in addition to complying with the requirements contained in the order of the Commission dated May 23, 1914, effective July 1, 1914, entered in File No. U-F-61, shall also supply and furnish the service herein found to be reasonable in lieu of that found to be unreasonable and inadequate, and that in other respects the complaint herein be dismissed without prejudice.

A suggestion for a charming afternoon party is to serve the luncheon in boxes such as bakers use for enclosing cakes for delivery. These boxes may contain all sorts of good things and are very dainty, as each guest has an individual box. In the boxes on top of the luncheon put a nasturtium or two with a leaf or a couple sprays of sweet peas. The guests take a great deal of pleasure in opening such boxes, and you will find that they will be something original and will make a success of your party.

If you have a creamer that drops cream from the lip when you pour or that is so modeled that the cream runs down the front of the pitcher when you pour, just rub a little butter on the under side of the lip and you will have no further trouble.

Tattooing is very pretty for the ends and insertion for towels.

There Is Not a Man Woman or Child in the Cottage Grove Country

Who can afford not to be a reader of The Sentinel.

In the first place, that is the only way anyone can learn all the news of the Cottage Grove Country. No country paper in the world prints more complete returns of local happenings than The Sentinel. No person living in the Cottage Grove Country should be ignorant of the things that go on at home.

In the next place, from a business standpoint every resident of the Cottage Grove Country owes it as a duty to himself to do his share to support a paper that has done as much to advertise his country as has The Sentinel. The Sentinel sends two to three hundred papers out of the county every week. Subscribers mail as many more to eastern friends. Everyone of these papers is making a favorable impression on the person who gets it and is telling him things that make him long to come here.

Every resident of the Cottage Grove Country benefits in some small degree every time The Sentinel makes a favorable impression with an outsider.

Every time a stranger comes here and asks for a sample copy, every resident of the Cottage Grove Country is benefitted by the favorable impression made.

Every resident of the Cottage Grove Country has been benefitted by the fifty or more families that have come here during the past three years through the efforts put forth by The Sentinel.

The Sentinel could not put out a paper that would do these things were it not for the support of its large list of readers.

That the efforts of The Sentinel are appreciated by many is demonstrated by the fact that it has twice as many paid-in-advance subscriptions as any paper had before the present publishers took hold, but The Sentinel needs the support of every family in order to do the things it wants to do.

Every subscriber gets full money's worth in the news furnished. The indirect returns are profit to the subscriber on his money.

Many who are not regular readers will get The Sentinel this week, and of them we ask, "Are you doing your share to keep in Cottage Grove a paper that has the reputation of being one of the best country weeklies in the United States?"

To every person paying his subscription Bargain Carnival Day The Sentinel will give free a water color picture that costs 48c wholesale.
