### League to Back Oregon Industries.

A new organization, The Oregon Industry League, has recently been formed in Portland, the object of which is to conduct an educational campaign for the extension of the use of Oregon-made goods of all kinds, for the encouragement of all lines of industry in this state and for the moral and financial backing of all Oregon institutions. L. Samuel, for many years prominent as a leader on the movement for the support of Oregon industries, has been elected president of the organization. The campaign will be carried on through publications in the state, and the league may in time establish an official publication of its own. Meetings of all kinds, where the league can properly send its speakers will be covered and all large conventions in the state will be attended by its delegates. Twenty one leading civic and commercial organizations of the city and state sent delegates to assist in the establishment of the new league and it is to bring to its assistance practically every organization of importance in the state.

A prominent feature of the Panama-Pacific Exposition will be an extensive Oregon out-of-doors life display to cost approximately \$10,000. An area 60x350 feet between the Oregon building and the bay shore has been secured by the Oregon Commission and contracts have been let for the initial work. This feature will be unique at the Exposition, nothing of the sort being attempted by any other state. One of the most interesting features will be a miniature reproduction of 200 miles of the Columbia river, showing fisheries, night signals, rapids and waterfalls. This realistic bit of scenery will extend approximately 60 feet. In addition, it is announced that a reservation of 7,000 square feet has been made for Oregon in the palaces of horticulture, agriculture and food products.

Wm. Tallmar, of Baker, president of the Cattle and Horse Breeders' Association of Oregon, has advised O. M. Plummer, manager of the Pacific Northwest Livestock Association, that an important meeting of his society will be held in Portland during the livestock show at the Union Stockyards next fall. Stock raisers from all over the Northwest will be expected to attend this convention.

The first freight vessel to be towed through the Panama Canal was the Grace liner Santa Clara, carrying a cargo of Pacific Coast products, 90 per cent of which was loaded at Portland,

nearly all of which will be discharged at New York. The vessel is comparatively new, this being her third trip to the Pacific Coast.

The Secretary of the Interior has designated a tract of 284,000 acres of land in Oregon for entry under the enlarged homestead law. Most of these lands lie in the Deschutes and John Day river basins.

**Exports Decrease.**  
 The revised tariff has been in force for more than seven months. The figures available show that since the beginning of last October to the end of last month exports decreased \$113,012,555, in comparison with the corresponding period in the previous year. At the same time imports increased \$23,625,493. As a result the trade balance for the seven months ended in April was less favorable by \$136,638,048 than for the same months in the previous year.

This is a very large shift, but its significance is made more impressive when it is noted that last month alone the alteration in the relation of imports and exports compared with the April figures a year ago convince an export balance of \$53,890,849 to an import balance of \$10,271,872, a total change of \$64,162,721 adverse to the United States.—New York Sun.

**Produces Deficiency.**  
 The New York Sun says the recent overwhelming Republican vote in Pennsylvania is due to the following Democratic acts:  
 "A tariff that has decreased exportations, increased importation of manufactured articles, a tariff for revenue that has produced a deficiency of revenues; the Democratic policy of muddle-and-mar, foreign and domestic; fool attacks on business here and an unintelligible grotesque shuffling haphazard spineless policy as to Mexico."

**State Industrial Review.**  
 Contract has been let for the new \$20,000 Grande Ronde hospital.

T. B. Breck of Vineland, N. J. will establish a grape juice factory in Oregon.

Hood River will vote on \$75,000 road bond issue July 15.

Laurelhurst, suburb of Portland, will have a new \$16,000 Catholic church.

Portland business men will submit a bill to amend the constitution to make Single Tax impossible in Oregon.

Mollala will get a \$10,000 water system pumped from well.

Salmon Mountain Mining Co., Curry County, has uncovered a ledge that assays as high as \$30,000 per ton.

The Eugene Guard has come to the conclusion that indiscriminate minimum wage law by different states is wrong, and wants a national law.

Another tax commission is to be created to revise the Oregon taxation system after studying the tax laws of all countries.

The State Mining Bureau is investigating the Lake county salt beds.

Oregon Manufacturers Association will ask for a law to give home industries a five percent preferential in public bids.

The State University School of Commerce just created will undertake a study of markets and industries and development of electric plans.

Construction of bridges by the Southern Pacific over Coos Bay, and across Umpqua and Siuslaw rivers will begin July 1.

The Port of Umpqua will enlarge its boundaries in order to make needed improvements.

Water rates have been raised about ten percent at North Bend and Marshfield after investigation by the Railroad Commission.

The Springfield News thinks the practice of submitting complicated laws affecting industries should be discharged.

Bandon voted to buy the local water plant and build a library.

Portland designs to span the railroad shops at Holgate avenue with a viaduct costing \$110,000, railroads to pay one half.

Brooks shipped a carload of loganberries a day.

The Georgianna, a new Columbia river steamer, has been launched at the Supple shipyard, Portland.

The Oregon Industry League has been formed to boost Oregon factories and institutions.

The Oregon Power Co. will supply the Booth-Kelly sawmill company at Springfield with 2,000 horsepower of current.

The Workingmen's Compensation Commission has appointed a chief medical expert and bought a skeleton for its main medical office.

Independence merchants demand establishment of a cannery.

Ashland voted \$175,000 bonds to pipe mineral water into city and build a sanitarium.

Albany has let the construction of Ninth street to the Asphalt Machinery Co. of Seattle, as part of the Pacific Highway.

Hubbard has an artificial ice factory.

Eugene may get a box and egg crate factory.

Engineer Galvani of the Pacific Light and Power Co. will begin work at once on the new streetcar lines in Astoria.

Geo. Schoppert will build a cheese factory near Dolph.

The Crescent Manufacturing Co. of Seattle is contesting the validity of the Oregon Pure Food law against which many hotels and business men are protesting. The law is taken into the federal courts.

The East Oregon Lumber Co. will build a \$120,000 mill at Enterprise.

Henry Albers of the Albers Milling Co. will tour South Africa for extensions of business.

River on the water front.

A new creamery will be built at Hood

### DOWNWARD COURSE

Fast Being Realized by Cottage Grove People.

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders may quickly follow; Dropsy and often Bright's disease. This frequently is the downward course of kidney ills.

Don't take this course. Cottage Grove residents should profit by the following experience.

W. Stapleton, proprietor Little Gem Restaurant, Sheridan St., Roseburg, Ore., says: "Some months ago kidney and bladder trouble started with me. I had awful pains through my kidneys which hurt me so I could scarcely move. I had to quit work and go home. Bladder trouble then came on principally at night, and what I suffered was something fierce. A friend recommended Doan's Kidney Pills and I tried them after other medicine I used had failed me. They helped me from the first and after finishing two boxes, I was practically cured of kidney and bladder trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stapleton had. Foster-Milburn Co., Props., Buffalo, N. Y. jly8-15

### NEWS FROM OUR NATIONAL CAPITAL

New York, Pennsylvania and Illinois Lead in Income and Corporation Excise.

Washington.—New York, Pennsylvania and Illinois paid more than half of the \$71,386,146 turned into the national treasury in income and corporation taxes during the fiscal year just closed. A detailed statement of collections made public showed that these three states contributed \$37,931,717.

New York alone paid \$12,528,247.03 in individual income tax, while the entire amount paid by individuals throughout the country was \$28,306,336.69. The empire state paid \$9,766,248.57 of the \$43,079,810.44 paid as corporation tax by all states.

Pennsylvania ranked second in both individual and corporation taxes. Its corporations paid \$6,095,305.28 and its individual income tax collections amounted to \$3,176,095.28. Illinois was third in the list, with corporation taxes amounting to \$4,293,549.68 and individual incomes aggregating \$2,076,171.11.

**Will Prosecute Income Tax Dodgers.**  
 Nation wide investigation of the returns in the income tax filed by corporations and individuals has been begun by agents and inspectors working at the direction of Commissioner Osborne of the internal revenue, to ascertain the correctness of each payment into the treasury.

Fraudulent statements in attempts to evade or defeat the assessment required by the law are held to be a misdemeanor and the person or officer of any corporation rendering a false return is liable to a fine not exceeding \$2000 or imprisonment not exceeding one year, or both, at the discretion of the court.

Officials of the treasury declare the pursuit will be relentless and those caught in the dragnet which is being thrown out will be required to pay the additional amount of their tax or face suits of prosecution.

**Borah Continues to Fight Harbor Bill.**  
 There is little likelihood that the fight being made against the river and harbor bill in the senate will accomplish its defeat, though it is believed that the bill cannot go into effect much before August and may not

become operative until a later date.

Senator Borah, of Idaho, who is holding up the bill, intends to hold up the conference report later, unless congress grants some of the legislation asked by the west. As a means of accomplishing his purpose, he has offered an amendment to the bill authorizing a loan of \$50,000,000 to the reclamation fund, and is demanding that that amendment be accepted by the senate. His contention is that the river and harbor bill, with few exceptions, carries no direct benefit to the states, where the government is building irrigation works.

**Colombian Treaty is Likely to Fail.**

The administration by a party vote will be able to secure a favorable report from the foreign relations committee of the senate on the Bryan treaty with Colombia, but senators opposed to that document assert positively that the administration will not be able to force ratification by the senate. It requires a two-thirds vote to ratify and more than a third of the senate are said to be opposed to the treaty.

**National Capital Brevities.**

Major General Wood, former chief of staff of the United States army, has been ordered in command of the eastern department of the army.

In a wordy altercation over the Nicaragua treaty before the foreign relations committee, Senators Root of New York and Smith of Michigan nearly came to blows.

It is said that leaders are hoping that a vote on the Hobson prohibition amendment to the constitution will be had in the house about August 1.

The United States has been asked by Consul General Cheshire of Canton, China, to send aid for the 2,000,000 people who are said to have been rendered destitute by the recent floods in two southern provinces of China.

The house passed the bill repealing the provision that anyone who was in any way active on the side of the rebels during the civil war should not be eligible for the collection of claims from the government. Claims totaling \$165,000,000 will thus be revived, it is said.

President Wilson will fill all vacancies where negroes are now employed by other negroes, in accordance with a promise which he made about the time of his inauguration. White men will not take the places of the blacks.
