THE HAPPIEST MOMENT IN A WOMAN'S LIFE

The happiest moment in a woman's life, is not, as most men think, when she is led to the bridal altar. No, sir! The happiest moment by far, in a woman's life, is when the man, whom she allowed to lead her to the bridal altar, and who has helped him in saving a nestegg, provides her a home of her very, very own—a home which she can make cozy and comfortable with the thought that the comforts provided will be a source of joy for years to come.

There is an easy way to bring this supreme joy to a woman—that is to get a lot in Manitou Park, Cottage Grove's restricted residence district, and put up a cozy little home while material and labor are as cheap as they will ever be.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Grape Juice Has Rival.

Eugene.—Loganberry juice, a new product, to be put up in bottles and sold as a beverage at the soda fountains or in the grocery store in competition with grape juice is being manufactured at the Eugene Fruit-growers' cannery. It is a novelty, there being none on the market, but its popularity is anticipated. The juice is tart, but exceedingly rich and heavy. It is diluted half with water before being used.

If the new product is accepted by the market, the manufacture will be important, for in the Willamette valley are thousands of acres set out, which are coming into bearing faster than the market can be adjusted to meet the increased supply.

Sixty Schools Standard.

Albany.—Sixty schools of Linn county are now standardized. They have properly heated, lighted and ventilated school buildings; they have attractive schoolrooms; they display the flag above the schoolhouse; they have good drinking water and well-kept schoolgrounds, regular spelling contests, and perform satisfactory school work generally; they keep library books and have all requirements as to attendance and reports.

Exhibit to Be Collected.

The Dalles.—George M. Hyland, director for Oregon of exploitation and publicity for the Panama-Pacific exposition, met with the business men's association directors to urge them to gather immediately grains, vegetables and fruits for the Wasco county exhibit at the 1915 fair.

May Not Contest Demurrage Claims.

Salem.—That the Southern Pacific railroad does not propose to contest the reciprocal demurrage act passed by the last legislature is indicated in a letter just received by the state railroad commission in which the company states that it has paid Travis & Gleason, of Portland, for its failure to furnish, within the stated period, wood cars for use at Middleton.

PLAN TO DRAIN TULE LAKE

Reclaiming of Some 100,000 Acres of Land is Goal of Project.
Klamath Falls.—The reclaiming of a lake covering approximately 100,000 acres of land by draining off the water through underground passages, is a project which Engineer J. K. Camp, of the reclamation service, is now working on and which he hopes to complete.

The lake is Tule lake, located on the boundary line between Oregon and California a few miles south of this city close to the famous lava beds and ice caves of that section. This section of the country came into prominence during the historical Modoc war and Captain Jack's last stand.

The bed of this lake has been found to be composed of two lava crusts, one underneath the other. Under these crusts it is believed by Camp will be found underground channels leading to the nearby lava beds which are permeated with deep ravines, crevices and fissures. The present plan is to dig into these channels and thus connect up the lake so that it will drain into the lava beds.

Ballot Title Declared Not Fair.

Salem.—In a petition to the circuit court of Marion county filed Saturday, Miss Fern Hobbs, secretary to Governor West, vigorously attacks the ballot title chosen by Attorney-General Crawford for the initiative measure for abolishing the desert land board, and asks that the title be amended so as to more clearly express what is contained in the measure.

Unworked Land Listed.

Salem.—Announcement was made by the Salem commercial club that it would list several thousand acres of unimproved land to be sold at from \$30 to \$50 an acre. George F. Rodgers, president of the board of governors, said that the plan was to have available information for persons coming here to locate.

Child Discovers Loot.

Albany.—A 6-year-old daughter of James Darcy saw an end of bright red ribbon protruding from a sack in an old barn and pulled it out. Her act led to the discovery of about \$75 worth of goods taken from the Robinson general merchandise store at Turner the night of July 1.

Roseburg Wants Railway.

Roseburg.—With a view of furnishing an incentive whereby capital can be induced to construct a railroad between Roseburg and Marshfield it has been decided to call a special election here in October to issue bonds in the sum of \$300,000.

FIRE SWEEPS 1010 ACRES

Wheat on Ennes' Ranch in Walla Walla County Burned.

Walla Walla, Wash.—The biggest and most spectacular grain fire in the history of the valley destroyed 1010 acres of standing wheat on the Ennes estate ranch, defying efforts of hundreds of volunteer fighters for hours. The damage will be between \$40,000 and \$50,000, well insured. It was with difficulty that the buildings on the Ennis farm were saved. After hours of work the fire was finally put out. It was confined almost entirely to the Ennes tract, which covers nearly two sections of the finest wheat land in the valley. The yield this year had been estimated at 50 bushels to the acre.

Washington Pamphlets May Be Held.

Olympia, Wash.—With only a few days remaining in which to complete the check of the eight remaining initiative petitions, Secretary of State I. M. Howell is confident he will have it completed within the legal time. He is not so sure of being able to print and mail within the required time the pamphlets which the law requires he shall mail to every qualified voter.

Iowa Republicans Reject Prohibition.

Des Moines.—Prohibition forces lost their battle for the insertion of a plank favoring the resubmission of the prohibition question to a vote of the people at the republican state convention here. The convention did adopt a plank indorsing the present liquor laws and commending their enforcement.

KANSAS FARMERS WILL HOLD WHEAT

Topeka, Kan.—Kansas farmers will hold 100,000,000 bushels of wheat this year, or 25,000,000 bushels more than the entire crop of 1913, according to W. H. Mitchell, national vice-president of the Farmers' Society of Equity.

Mr. Mitchell is organizing the farmers of Kansas and urging them to hold their immense crop for higher prices. Sixty-cent wheat in Kansas has become the rule and has turned the thoughts of the farmer to the possibility of holding his grain. When the organizers arrive in a community they find little opposition to the idea of holding the grain, Mr. Mitchell said. "I do not believe more than one-fourth of the wheat grown this year will be sold," said Mr. Mitchell.

Grain bins of frame and cement construction are being rushed all over the state, and in many places wheat is being piled on the ground by farmers who refuse to accept present prices for it.

The Farmers' Society of Equity is campaigning for dollar wheat, but the Kansas members will sell their grain for less than that figure, it is generally believed. Most of them are preparing to hold for higher prices than the 60-odd cents now offered, however.

NEWS FROM OUR NATIONAL CAPITAL

President Wilson to Pass Peace Treaties With Twenty Foreign Nations.

Washington.—President Wilson, through Secretary Bryan, has notified the senate foreign relations committee he wishes to press for ratification before adjournment of this session of congress the new peace treaties signed with 20 foreign powers.

Secretary Bryan set forth the following analysis of the general purposes of the treaties:

"That investigation shall be resorted to in all cases where the ordinary resources of diplomacy fail.

"That the contracting parties reserve the right to act independently on the subject matter after the submission of the report.

"That there shall be no appeal to force until the investigation is completed.

Treaties already have been signed with Salvador, Guatemala, Panama, Honduras, Nicaragua, the Netherlands, Portugal, Persia, Denmark, Switzerland, Costa Rica, Dominican Republic, Venezuela, Italy, Norway and Peru. A treaty with Uruguay will be signed next week.

"The text of the treaty with France has been agreed upon," Mr. Bryan said, "and also the treaty with Great Britain, which is being submitted to her various colonies."

Federal Court Clerks Put On Salary.

The conference committee on the sundry civil bill agreed to the Chamberlain amendment, abolishing double fees in the federal courts of Oregon and fixing the salary of the clerk of the federal court at \$3500 per annum. A similar amendment by Senator Poindexter, affecting the federal courts of Washington, was also agreed to.

In the deficiency appropriation bill, as passed by the senate, are the following appropriations for public building sites: Pasco, Wash., \$10,000; Colfax, Wash., \$7000; Caldwell, Idaho, \$10,000; Nampa, Idaho, \$9500.

Fixture Probe is Ended.

Investigation by the department of justice of the United Gas Improvement company, probably the largest factor in the country in the sale of gas lighting fixtures, is complete, but whether the government will bring suit against the company under the Sherman anti-trust act has not been determined. No decision in the case is expected for several weeks, as a supplemental report is expected before Attorney-General McReynolds personally takes up the case.

The investigation of the improvement company is said to have developed that it does business in nearly 300 cities and towns in the United States. The company was chartered in 1882 by the state of Pennsylvania with the broadest powers. At the close of 1912 its outstanding stock amounted to \$55,502,950, and it is interested in various companies in 17 states.

Prisoners May Be Set Free.

A suggestion that the 6400 Mexicans, principally soldiers, interned at Forts Rosecrans, Brown, McIntosh, Bliss and Wingate, be released, provided definite assurances are given that they will not take up arms again, was received by the war department from General Bliss.

The developments of the past week and the collapse of the Huerta regime have materially strengthened the belief of officials here that the United States might now dispose of its expensive charges, provided the constitutional authorities will promise them fair treatment.

It is estimated that, in addition to the large sum already spent, it will cost the United States approximately \$500,000 for the maintenance of the Mexican internees within a short time. General Bliss suggests that the more important officers, such as General Salazar and Castillo, be detained, at least for the present.

National Capital Brevities.

The senate confirmed the nomination of Nelson Morris, of Chicago, to be United States minister to Sweden. President Wilson has recovered from his recent attack of indigestion. The trade commission bill, framed in the first instance to meet the views of President Wilson, and passed by the house of representatives as an administration measure, soon will pass the senate under the presidential influence, it is believed.

Zapata, according to reliable reports to the state department, has 24,000 men, and though most of them are poorly equipped they would constitute a serious menace to a new government at Mexico City if they remained in revolution.

A favorable report was made to the senate on the bill adopting the Oregon box as the standard apple container for the United States. A similar bill is now on the house calendar.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
