THE QUALITY CASH STORE - PHONE 33

Society

In honor of Mrs. W. H. Abrams who has gone to Eugene to make her home, the Constellation Club entertained the Social Twelve Club, of which Mrs. Abrams was a charter member, and a few other intimate friends. The affair was given as a handkerchief shower and Mrs. Abrams received many dainty tokens from her friends. The Masonic lodge rooms were beautifully decorated in flowers, of which vari-colored sweet-peas were used in greatest profusion. The affair was held Saturday.

FADS AND FANCIES.

By Harriette
Dainty vests of pique, fine linen or organdie with pretty collars attached promise to be increasingly popular for fall wear.

Small hats of white felt are considered very smart for outdoor and sporting wear just at present.

Most adorable little receptacles for sugar or salted almonds for use at the dinner or luncheon table are crocheted of white cotton, slightly stiffened with egg water or gum arabic. These little basket shaped receptacles are made with handles or in any design that particularly attracts one. The little handles may be decorated with dainty ribbon, flowers or a pretty colored ribbon run through the open work in the basket. These little baskets are appearing on the tables of the most fastidious hostesses just at present.

Writing paper for travelers unusually clever in design is now offered for sale by all leading stationers. The paper comes in tablet form and the leaves are cut in such shape that they may be folded up so as to form an envelope for themselves. The strange thing about this paper is that all of one side and over half of the other side of the sheet can be written upon. This paper saves

carrying envelopes about and is a great convenience.

Very serviceable, and yet dainty and really attractive wash-cloths are easily crocheted in a plain stitch. They are soft but have sufficient roughness. The work of making them is just right for the lazy midsummer months, too, as it is quick and easy and one does not have to take so much pains as with finer work. If you have a little girl who is anxious to learn to crochet this is excellent work for her to begin upon.

In applying powder to your face do be careful to get it on so that it does not show. One should aim only to have one's complexion look fresh and natural, and may thus resort to a little good powder to remove any shininess. Surely no one wants to go about advertising some particular brand of powder or advertising the fact that they can afford to purchase a packet of powder. A good idea is to rub your face lightly with your hand after applying the powder. This will remove any superfluous traces.

Be careful, also, about the perfume you use. Get a good quality of a fresh smelling scent if you are very fond of perfume and then use it sparingly so that those about you get only an occasional faint suggestion of the odor. Above all don't exhibit the bad taste of using a heavy, cloying perfume applied in such quantities that it fairly takes away the breath of people you are in the room with and almost makes the people you pass in the streets gasp as at the strength of it.

Sweet pepper sandwiches are most delicious, and since the first sweet peppers are just appearing on the local market, you will find this recipe for making them timely:
Spread between thin slices of white bread a filling made of peppers and

Neufchatel or cream cheese. Chop the peppers very fine and mix them with the cheese and a few drops of olive oil or a little rich sweet cream. Use in the proportion of one-third of peppers to two-thirds of cheese.

An entirely new kind of salad is the frozen salad. A frozen tomato salad is delightful. Drain the juice from a can of tomatoes and press the pulp through a fine sieve. Season with salt, cayenne or paprika, a few drops of onion juice and a dash of lemon juice. Freeze as you would ice cream. When ready to serve have small lettuce leaves crisp and cold. Heap the frozen salad in the heart of the leaves, lay on one side a walnut meat or two and on the other a scant tablespoonful of mayonnaise dressing.

CHURCH NEWS

[Every religious organization is invited to use this column for announcement of its services and other news. Contributors are requested to omit exhortations and other editorial matter, and to make the announcement of services as concise as possible. Social functions, etc., and news outside of the weekly announcement may be elaborated upon.]

Services at the Christian Science Hall every Sunday at 11, and Wednesday evening at 7:30. All are welcome.

FREE METHODIST.
Rhoda Burnett, Pastor.
Preaching service the first and third Sundays of every month at 3 and 7:30. Prayer meeting every Wednesday at 7:30, and on second and fourth Sundays at 3.

CHRISTIAN CHURCH
J. W. Jenkins, supply pastor.
Services: Bible School at 9:45; morning services at 11:00; evening services at 8:00; prayer meeting each Thursday at 8:00.

Subject of morning sermon, "Pitching Your Own Tent Toward Sodom;" evening subject, "The Good or Beautiful Confession." Union temperance prayer meeting Thursday evening led by the pastor of the Baptist church.

Sporting Section

M. E. and Presbyterian Contest.

The real ball game of the season will take place Friday night when the Methodists and Presbyterians will have their fourth contest for supremacy on the diamond. Of the three games already played one was a tie and each of the teams have won one. This game will decide the championship for the time being.

The game scheduled for Monday night was postponed on account of the water fight and it is understood that the game which was to have been played tonight between the Methodist and Christian teams has been given up.

An admission fee of 10 cents will be charged for the game Friday night, the proceeds to go into the fire whistle fund. The stores will close at 5 o'clock and the game will start as soon after 6 o'clock as possible.

Grove Wins from Divide.

In a game in which they had all the best of it Cottage Grove won easily by a 13 to 6 score from Divide Sunday. Cottage Grove played a pick-up team but were able to put up some pretty good baseball. George Marksbury again distinguished himself in this game by duplicating his home run of Friday's game. The Divide team was handicapped in that it could not play its regular lineup.

The teams lined up as follows:
Cottage Grove: Divide
Brundcf..... Davis
Marksbury2b..... Brant
Smith1b..... Robinson
McCarger3b..... Williams
Allisonrf..... Taylor
McFarlandc..... Dugan
Michaellf..... Eusted
Pitcherp..... Stratford
Hanningss..... Russell

Outlaws Win from Methodists.

The Methodists met defeat Friday evening at the hands of the Outlaws

after a hard fought game in which the score remained a tie at 4 to 4 from early in the game until the last inning, when the Outlaws ran in five tallies. The feature of the game was the home run lined out by George Marksbury, of the Outlaws, in the first inning. The batteries were: Methodists—Mackin and Counts; Outlaws—Larry Brumfield and Irl Groves and Warren McFarland.

Christians Win in Last Inning.

After having the advantage in the score until the last inning the Presbyterian Church team lost to the Christian Church team Wednesday night by a score of 5 to 3.

The game was the best that has been played by the church teams, the Christians having the battery from the regular league team. Otherwise than this the Presbyterians had the advantage in players.

In the third inning the Presbyterians pulled out of a bad hole when their opponents filled up the bases but failed to score. This performance was reversed in the fifth inning when the Presbyterians had succeeded in decorating all the sacks and two men were caught napping, retiring the side without a score.

Dan Woods made the only real feature play of the game when he got one mitt in the way of a bee-liner over first base and hung to it.

Batteries: Presbyterians: McCarger and Groff; Christians: Atkinson and Smith.

Umpire: H. F. Oakes.
Score by innings:
Presbyterians2 0 1 0 0 0—3
Christians0 0 1 0 0 4—5

Outlaws Defeat Presbyterians.

In a practice game last night between the Presbyterians and Outlaws, the latter won by a score of 9 to 6. George Marksbury made his third home run of the week.

BAPTIST CHURCH

A. M. Williams, Minister.
Preaching services morning and evening second, fourth and fifth Sundays of each month. Bible study and prayer meeting every Thursday evening, present study, "Jesus Is Coming." Sunday school at 10.

STEPS TAKEN TO PREVENT CAR SHORTAGE

Authorities Offer Practical Advice for Making Rolling Stock Available for Moving Huge Crops.

Fearing a shortage of cars with which to handle the huge crops of the present year the Association of Western Railways has sent out an appeal to shippers and receivers of freight all over the United States asking that they lend every effort possible and exert all their influence to bring about the most economical use of the equipment of the common carriers. The great surplus of cars which has existed for some time is not so great, they feel, as to warrant any feeling of security unless the cooperation of all shippers and receivers can be secured. The working suggestions made by the Association are as follows:
Move all the coal, lumber, cement and other supplies that you can before the heavy crop movement starts.
Load and unload all cars as quickly as possible.
Load all cars to full capacity.
Anticipate the disposition of freight before its arrival.
Only order such cars as can be loaded promptly.
Reduce to the minimum the practice of billing cars to intermediate points to be held for reconignment.

TO REPEAT BUYERS WEEK CELEBRATION

August 10 to 15 Designated as Second Business and Pleasure Meeting of Northwest Retailers.

"Buyers' Week," first introduced into Oregon last year, is to be held August 10 to 15 this year in Portland. Besides the advantages of buying during this particular season, when every effort will be made by the wholesalers of Portland to show the best of the goods to the visiting retailers, there has been planned a luncheon which is to be held at the Ad. Club Wednesday, August 12, at which 20 retailers will speak at luncheon for one minute periods boosting their home town. For the best talks there will be handsome prizes. Other special events for the pleasure of the buyers have also been arranged.

The commercial club will be headquarters for the buyers, who will be given courtesy cards to various clubs and other places in the city to insure their enjoyment while there. Another feature of the week will be the meeting of the Pacific Northwest Buyer's League.
About 200 merchants of the northwest took part in the advantages and festivities of buyers week last year and a much larger crowd is expected to attend this year.

The road to success is paved with good advertisements. apr23-14

SKIRTS OF NET.

They Make the Fashionable Tunic Endurable in Hot Weather.

Photo by American Press Association.

SMART FRENCH COSTUME

The long draped tunics which fashionable women are wearing this season are undoubtedly warm, but Parisian modistes, with their customary ingenuity, have found a way to remedy this. Skirts are sometimes made with a net yoke, over which the tunic falls. Some costumes even have entire skirts of lace or net. The gown illustrated here was snapped at one of the French races, where fashions are exploited. Tunic and corsage are of flowered silk, with a satin stripe which runs up and down. The surplice is finished with a plaited frill of net, and the waist is encircled with a girle of satin ribbon. The skirt is of white net, adorned with rows of narrow frills.

FALL FASHIONS.

Height to Be a Requirement in Smart Hats For Fall.

"Extreme height is a note of the new fall models," says the Millinery Trade Review. "And this does not mean that there will not be any flat trimmings, as silk and velvet fruits and flowers give good promise for fall. Coque in its many clever new designs is being shown. Pompons of this material in bronzed effect, the shape of an artichoke, are immensely clever, being placed on the top of a rather high crowned hat in clusters of two or three.

Other models show bronzed coque forming military pompons, accompanied by a high, fancy effect. Curled coque in black, white and all the smart new shades for fall are well thought of. Manufacturers of ostrich feathers are showing numbers of new effects for fall, which include burnt effects in high fancies. The fall season always makes the demand for ostrich stronger, and good results are expected."

Chairs With Pockets.

No porch is completely equipped without at least one chair that is furnished with a pocket for books and magazines and needlework. These chairs are no longer a novelty. And, like everything that has passed the stage of novelty, they can be had for a reasonable price. One of substantial make, with a back that measures twenty inches above the seat—and that is high enough to support anybody's shoulder blades—costs \$7, with a tasteful cretonne cushion and a coat of brown or green stain included.

Flower Supports.

To go in the veranda jardiniere there are long wooden sticks, painted green and topped with little wooden birds of brilliant hues or with brownies or gnomes.

These are thrust into the vase or jardiniere when long stemmed flowers are used, and the heads of some of the flowers are tied to posts to keep them from falling.
These posts can also be used as stakes in the garden. They are very picturesque wherever they are used.

Floral Laces.

Among the decidedly effective ideas in colors are the net top laces with floral patterns printed in realistic shades, says the Dry Goods Economist. In some instances the beauty of the designs is greatly enhanced by an outlining thread of silver or gold.
Only the daintiest flowers are represented in these painted effects, and so delicate are the tints that their appearance is lovely indeed. The painted floral idea also appears in the chantilly.
