 Two Days Only

This being an Advertising Trip to Introduce This New System, They Will Give Consultation, Examination, Advice and All Treatment Necessary to Complete a Cure—FREE.

The object is to get just as many positive cures to their credit as they can in the shortest possible time, and it will be expected of all patients taking advantage of this offer to state to their friends the results obtained by their system of treatment. They treat ALL KINDS OF CHRONIC DISEASES AND DEFORMITIES. It is very seldom that a community is situated as the one in which we live has the privilege of consulting such renowned specialists, who are in constant attendance to wait on you. Diagnose your case, give you the benefit of their knowledge. There is no experimenting or guess work. You will be told whether you can be cured or not. If your case is curable they will treat you; if incurable they will give you such advice as to prolong your life.

They treat deafness by an entirely new method, and hearing is restored to many at once. CATARRH in all its VARIETIES cannot be cured by any other means, but the cold catching tendency by the electrical absorption of medicine. If you have weak lungs and fail to get better, examine them. The new discovery of absorbing medicine by electricity in paralysis, loss of manly vigor, rheumatism and all diseases of the nervous system, including EPILEPSY, is a God send to suffering humanity. Medical and scientific men stand amazed at the marvelous cures that are being effected wherever this system is being introduced. Thousands who have given up all hopes of ever being cured now have an opportunity of a lifetime to consult skilled specialists of National reputation. Remember their knowledge of medicine combined with electricity gives you control of diseases that others do not possess. If you have WEAK EYES, come and see the great OCLIST. He, with his remarkable discovery, cures all these afflicted with "staring eyeballs," cataracts or functional blindness. The blind made to see by their entirely new methods. No operations. Come and test for yourself. Eyes expertly tested and treated. ALL THIS IS FREE OF CHARGE. When everything else failed Radio Therapy Treatment here sent a dispatch with the capacity of lightning to affected parts and disease has disappeared like smoke in the air. Paralysis, sciatica, brain, nerve, heart and spinal diseases, lung and throat troubles, blood disorders, asthma, catarrh, deafness, rheumatism, diabetes, liver, kidney, bladder, stomach and nervousness, dyspepsia, colitis and pneumonia relieved by the treatment. Also the most recent cure in the world for ALLMENTS OF MEN AND WOMEN.

Crutches laid down; boundless gratitude of those who have been set free. Slivers of disease is melted. Remedies for ages yield to the Radio active treatments. Radio activity treatments drive gloom from your brain and vitalize every nerve in your body. Radio activity treatments are real nerve vitalizers—they thrill the brain and body with real strength and vitality, making old folks young again. They remove acidities and cure you when life just drags along, and clear up dull, mud-stained brains and bodies. When your thoughts come hard, your nerves and nerves go weak and you feel as if you were "losing your zip," Radio treatments re-energize your nerve force and bring back your vigor and vim. The joy of perfect digestion, perfect circulation, perfect health. Every nerve and every fiber of your whole body awakens to life. The wonderful Radio Therapy. Feel the exhilarating thrill of youth—make every muscle and function in your body fairly beam and tingle with new Force and Energy. Trembling, nervous prostration and that tired feeling vanish after a treatment of Radio Therapy. Every run-down, work-worn, tired, nervous person is invited to call and try Radio Free.

NONE ARE SO BLIND AS THEY WHO REFUSE TO SEE!
 "Because one billion people in this world say that a thing is a lie, and but one person claims it is the truth, it does not follow that the billion are right."
 Hundreds of years ago Galileo claimed that the world was round and revolved. A billion called him a maniac. Near the middle of the last century Morse said that it would be possible to send messages over a wire by means of electricity. A billion called him a fraud. Bell, in our own time said that soon the sound of the human voice could be transmitted from New York to San Francisco, and Bell was branded a dreamer. Marconi's prediction that a telegraphic message could be flashed over the trackless miles of sea separating Japan from San Francisco without wires was hailed as the joke of the century. Those who talked years ago of automobiles and cable roads and electric trams were smiled at.
 "Who was right and sane, the billion or the one man?"
 Although the cataphoric treatment is being extensively used in Europe and throughout the West in the treatment of chronic, difficult and long standing cases, it has never before been introduced in the West. You can not afford to overlook this opportunity to get well.

VARIOUS VEINS CURED permanently in a few days.
 Remember this liberal offer is for this first visit only and not one cent will be charged for the treatment required to make a permanent cure of all those commencing treatment on office hours. 9 a. m. to 7:30 p. m.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

State Road is Belief.
 Eugene.—With the development in view of a trans-state highway from the Willamette valley to eastern Oregon, seven government officials, including Warren H. Allen, senior highway engineer, of Washington, D. C.; A. R. Merrill, chief engineer of the forestry service, of Washington, D. C.; Charles H. Florey, chief of operation in the forestry service in the northwest; of Portland; A. T. Schuyler, of the department of public roads, in Portland; and Clyde R. Seltz, supervisor of the Cascade National forest and improvement engineer in the northwest, left Eugene Tuesday for eastern Oregon by way of the McKenzie highway and the McKenzie pass.

School Policy is New.
 St. Helens.—At a meeting of the school board it was decided to adopt a system that will provide instruction for those at work as well as for those who are not.

The plan is to adopt courses that will attract back to school those who left before their education was completed and also provide such instruction as will prepare attendants for some particular line of work.

Rivers Meeting Set.
 Astoria.—The Fall meeting of the Columbia and Snake River Waterways association will be held in Spokane, Wash., on Thursday and Friday, September 17 and 18.

This being the week of the Spokane Interstate Fair, an open railroad rate of one and one-third fare will be in effect from coast and other points, covering a large radius around Spokane.

Wilsonville Suffers Destructive Fire.
 Wilsonville.—A third of the business section of Wilsonville was destroyed by fire which started in the Lawrence hotel. Its origin is unknown. As far as can be ascertained no-one was in the hostelry when the blaze began.

TO SEEK CAUSE OF UNREST
 Hearing Will Be Held at Portland By Federal Commission.

Portland.—Inquiring into causes of industrial unrest, the United States commission on industrial relations will hold hearings here August 19, 20 and 21.

The workings of the minimum wage law will be one of the chief subjects of inquiry, it is expected. An interesting statement, in this connection, was made by E. V. O'Hara, chairman of the industrial welfare (minimum wage) commission.

"There are no fewer women employed in Portland today than a year ago when the minimum wage law became effective. We have no particular industrial unrest. Women have not lost employment because of the shortened hours of work."

Witnesses asked to appear before the hearings include leading representatives of both employers and employees.

Some lines of inquiry will be:
 "Why does organized labor insist on the 'closed shop'? Why are the number of apprentices restricted? Why are uniform wage rates demanded?"

"Why do employers' associations stand for the 'open shop'? Why do they oppose many trades unions' methods?"

Woman Jumps to Her Death.
 Portland.—Hurling herself from a seventh story window of a business block, Mrs. Anna M. Bolln, aged 55, met instant death here. Mrs. Bolln had entered the building to consult a physician with regard to nervous trouble from which she was suffering. A man patient in the physician's reception room failed in an attempt to prevent her jumping out the window.

Two Hurt by Exploding Tire.
 Pendleton.—While pumping up an automobile tire Ralph Knight and his father, E. W. Knight, were injured when the tire exploded. The injuries sustained by the young man required 29 stitches in his left hand and arm. Knight, Sr., was knocked down and bruised slightly.

Jailed as Highwaymen.
 Pendleton.—James Navin, for twenty years a well known Umatilla county farmer, and Milton Anderson, son of a prominent Helix family, are in the county jail, facing the charge of highway robbery.

Nancy Cornelius, Pioneer, Dead.
 Cornelius.—Mrs. Nancy Cornelius, sister-in-law of Colonel T. R. Cornelius, founder of this town, and prominent in church and civic affairs, died at the age of 79 years.

ALLIES COMBINE ON SOIL OF BELGIUM

British, French and Belgian Troops Cross the Line of Kaiser's Army.

Brussels.—Belgian official reports received by the war office record the important fact that a junction has been effected by Belgian, British and French troops across the line of the German advance through Belgium.

At Liege, where the Belgian garrison has presented such a stubborn front to the German attackers, fighting has ceased and the Belgian troops and citizens have taken advantage of the lull to strengthen the defenses.

The French troops have crossed the frontiers of Belgium, and their approach strengthens the position of the Belgian army from hour to hour.

London.—England's action in rushing troops across to the channel to the aid of the Belgians, means that the war office no longer considers the German fleet a menace. So long as there was danger from it the army was to have been held in England to repel a possible invasion.

The plan of the war office is to send at least 100,000 men to Belgium from England and to detour the entire colonial army to the continent as soon as they arrive. The Canadian contingent of 21,000 men will be on the ground in a month and the Australians and New Zealanders will not be far behind.

KAISER GOES TO FRONT

German Emperor Off by Motor to Alsatian Border.

London.—A dispatch from Rome to the Daily Mail says a report is current that Emperor William has left Berlin in a motor car for the Alsatian frontier.

The military critics of the newspapers consider the report from Rome that Emperor William has left Berlin to join the general staff of the army on the Alsatian frontier to indicate that the Germans are ready to engage the French in great force.

The Daily Mail's Rome correspondent adds that, according to dispatches from Basel, Switzerland, the Germans have evacuated Sankt Ludwig, in Alsace, four miles to the northwest of Basel, and that a battle is imminent on the Franco-Swiss frontier.

GERMANY INVADED BY FRENCH TROOPS

Paris.—An official announcement by the French war office says it is confirmed that after evacuating Mulhausen the German troops retired to Neudreisach, 13 miles to the east of Kolmar, on the railroad.

The French minister of war gives the following account of the occupation of Mulhausen, in Alsace-Lorraine, by the French:

It was nightfall when the advance guard of the French brigade approached Altkirch, says the official statement. The city was well defended and occupied by a German brigade.

The French began the assault with ardor, a regiment of infantry distinguishing itself in a furious charge, shortly after which the Germans retired in disorder.

Darkness permitted the Germans to conceal themselves and the troops of France entered the city amid the cheers of the people. All windows of the houses were thrown open, veterans of 1870 embraced the French soldiers, and a great shout resounded.

At dawn the advance guard resumed its march. The cavalry failed to find German patrols and the march of the entire brigade on Mulhausen was begun.

In the afternoon the scouts found that many important defenses protecting the city had been abandoned and in less than half an hour later the French, wildly cheering the tri-color, occupied Mulhausen.

STRATEGIC BENEFIT SMALL

French Invasion of Alsace is More of "Moral Victory."

Paris.—The invasion of Lower Alsace by a French army under the command of General Joseph Joffre, the French commander-in-chief, has awakened great enthusiasm throughout France.

French military authorities, while recognizing that the occupation of Altkirch and Mulhausen by the French troops is not of high strategic importance, believe that the successful advance of the French army far across the German frontier will have considerable moral effect.

It is also unofficially reported that Kolmar, to the north, has fallen into the hands of the Franch.

None of these three places was strongly fortified, and all of them lie outside the line of real German defense, being regarded as outposts of the strongly fortified cities.

Individuality!
Distinctiveness!
 The man who attracts attention in this old world is the one who is different from the ordinary run of mankind; the man with individuality--with a personality peculiarly his own. It is the same with job printing--to attract attention it must have individuality--distinctiveness--personality--it must be The Sentinel kind.

IN THE COUNTY COURT OF THE STATE OF OREGON, FOR LANE COUNTY.
 In The Matter of the Estate of Maria Hartung, Deceased.
Order to Show Cause.
 Now, on this the 31st day of July, A. D. 1914, the petition of W. A. Hartung, executor of the estate of Maria Hartung, deceased, coming on regularly to be heard, and it appearing to the Court from said petition that it is necessary to sell all of the real property belonging to said estate for the settlement and distribution of the said estate and for the payment of all costs and expenses of the administration;
 It is therefore ordered that all persons interested in said estate appear before this Court on Wednesday, the 9th day of September, A. D. 1914, at the hour of 10 o'clock a. m. of said day in the Court Room of said Court, at the Court House, in the City of Eugene, Lane County, State of Oregon, to show cause why an order should not be granted to said executor to sell the real estate described as follows: Beginning at a point 95 links south and 305 links east of the northeast corner of O. P. Adams' land; thence east 150 feet; thence south 100 feet; thence west 150 feet; thence north 100 feet to the place of beginning. Also beginning at a point 44 links south from the southeast corner of county survey No. 179; thence west 632 links to a point 44 links south of the southwest corner of said county survey No. 179; thence south 193 links; thence east 365 links; thence north 100 feet; thence east 267 links; thence north 36 links to the place of beginning, all in Cottage Grove, Lane County, Oregon;

Save and except a tract of land described as follows: Beginning at a point 237 links south of the northeast corner of O. P. Adams' land, said beginning point being the southwest corner of the land owned at the date hereof by Maria Hartung and the northwest corner of the land owned at date hereof by H. H. Veatch, thence east 5.92 chains; thence north two feet; thence in a southwesterly direction 5.92 chains to the place of beginning, describing a triangular piece of land, 5.92 chains long east and west, two feet wide at east end, running to a point at west end, all of said land situated in section 32, township 29 S. R. 3 West, in Lane County, Oregon.

And it is further ordered, that a copy of this order of citation be published for four consecutive weeks next preceding said day, in the Cottage Grove Sentinel, a newspaper printed and published at Cottage Grove, Lane County, Oregon, and that service of this order be made upon the resident heirs and devisees according to law.

Dated this the 31st day of July, A. D. 1914.

The dove of peace will have to grow tclons.

An ambition to do certain things is interpreted by some people to be a loud and insistent call to that work.

Why don't the astronomers who waste so much time on Mars, try to look for woman's sphere. They'd find someone there ready enough to talk.

It's a wonder why some curious one doesn't ask how judicial procedure got such a misnomer.

Why Use Wall Paper
 It is the common opinion of the average person contemplating building that he must use wallpaper, because of the prevailing idea that it is cheaper. We will prove to you that plastering is cheaper than wallpaper, besides being more sanitary, more attractive, warmer in winter and cooler in summer.
 There are many other reasons which we shall be glad to talk up in detail with you. Let us talk it over.
