DIVORCES and SEPARATIONS

Statistics show that divorces and separations are much fewer among home owners than among non-home owners. There may be many reasons for this condition, but the principal one probably is that when a couple own a home they have so much more to draw them together. They become one in the plans to beautify it. They plan their little vegetable garden together, they dig about their flowers together, they develop a partnership in so many things that separation is unthinkable—they develop a deeper love working together and planning together. Hubby stays home to work about the yard and wifey doesn't have time to do so much gadding. Staying at home together develops home-loving that makes divorce impossible.

If this argument has struck you as sane and sensible, see us today about a lot in Manitou Park, the slightly Ninth Street Addition.

GENERAL JOFFRE

General Joffre, commander-in-chief of the French Army, who will direct land operations against the Germans.

POPE'S BODY LAID TO REST

Impressive Final Rites Over Remains of Pius X.

Rome.—The entombment of the late Pope Pius X took place Saturday evening at sunset. The great basilica of St. Peter's was in semi-darkness. A flickering light came from the perpetually burning tapers about the shrine of the apostles and the candles in the chapel, where the catafalque stood. Those who witnessed the ceremony numbering about 1000, came by special invitation and included the diplomatic representatives accredited to the Holy See, the prelates and members of the Roman aristocracy.

The procession formed in the chapel of the Blessed Sacrament, where for hours the body of the Pope lay in state. The catafalque was surmounted by the triple crown and the body of the Pope was clad in the pontifical robes and surrounded by the emblems of his sacred office. During the course of the day many thousands of persons passed by the bier.

The tomb of the late pontiff is on the right at the entrance to the subterranean chapel close to that of several other Popes.

Two Danish Ships Sunk.

London.—Floating mines, planted by the German squadron in the North sea, have claimed two vessels. The Danish steamers Maryland and Broberg, plying from Copenhagen over British North sea routes, struck mines and sunk.

Darius Miller is Dead.

Chicago.—Darius Miller, president of the Chicago, Burlington & Quincy railroad, died at Glacier Park, Mont., after undergoing an operation for appendicitis. He had been touring the park with his wife in apparently good health when he was taken ill.

WAR GRIPS CONGRESS

Risk Insurance Bill May be Law Before End of Week.

Washington.—War in Europe still grips the interest of congress and promises to hold it in session indefinitely. Commerce, which the war has stricken, is the principal subject with which congress is concerned.

The bill to establish a bureau of war risk insurance in the Treasury Department probably will be enacted this week. The measure has passed the senate. The administration desires this legislation as an additional inducement to owners of foreign-built ships to apply for American registry. The president favors the bill.

Following passage of the insurance bill the proposal for the Government to organize a corporation for the purchase of ships to engage in transoceanic trade will be earnestly taken up in the senate and house. It practically was agreed that the proposal should be embodied in a bill giving the government authority to carry out the project if necessary. If private capital does not provide vessels, officials agree, it will be absolutely essential for the government to buy ships.

Wilson Signs Ship Bill.

Washington.—The emergency shipping bill authorizing the admission of foreign-built ships to American registry was signed by President Wilson.

WAR IS FORMALLY DECLARED BY JAPAN

Hostilities Open in Far East as Result of Germany's Failure to Reply.

Tokio.—The Emperor of Japan declared war against Germany. The imperial rescript officially inaugurates hostilities in the Far East as a result of Germany's failure to reply to the Japanese ultimatum.

Japan's declaration of war has reached Berlin, according to official reports received in Washington.

Viscount Chinda, in making his announcement, repeated assurances recently given by Great Britain that Japan's actions would be confined to the Far East.

Aside from informal verbal exchanges between Viscount Chinda and Secretary Bryan in Washington and between United States Ambassador Guthrie and the Foreign Office in Tokio, however, there is nothing of record so far to commit the Japanese to this limited field of war.

The impression prevails here among diplomats, however, that the statement of Chinda taken in connection with the speech in the Japanese Diet last week of Count Okuma, the Japanese Premier, is quite sufficient to bind the Japanese government to a strict performance of its obligations in regard to the return of Kiau-Chau to China and of the limitation of the field of hostilities definitely set out in the British statement.

Kiau-Chau Governor Defiant.

Tsing-Tau, China.—German preparation on the defense of Tsing-Tau and the territory of Kiau-Chau is complete. The governor of Kiau-Chau, Meyer Waldeck, has issued a proclamation saying:

"If the enemy wishes Tsing-Tau, he must come and take it. He will find us at our posts. We look confidently into the future and are well prepared to receive the enemy."

FRENCH ARE RETIRING

Wireless Dispatch From Berlin Tells of German Victories.

Washington.—The German embassy here received and made public the following wireless message from its Foreign Office in Berlin:

"The French attempt to invade Upper Alsace has been frustrated by the defenders. In Lorraine the French are retiring from the frontier. The German people find the Havas French news reports about so-called big French progress most amusing and just as false as some announced in 1870.

The army north of Metz, under the Crown Prince, advancing on both sides of Longwy, has defeated and forced back the French army. The other army under the Bavarian Crown Prince Rupprecht, which, as already reported won a victory in Lorraine in pursuing the defeated enemy, has reached a line from Luneville to Blamont.

RUSSIANS REPORT A VICTORY IN PRUSSIA

London.—A dispatch from St. Petersburg, says that the first great battle in the East Prussian theater of operations has been fought and won by the Russians, who gained a complete victory after six days of desperate fighting. The correspondent continues:

"The battle front extended nearly 30 miles on both sides of the main railway line running from Eydtkuhnen, a town on the Russian border, westward. The fighting began when the Russians attacked the German first division, which had delivered several unsuccessful assaults on Eydtkuhnen. The forces on both sides were gradually increased. The Germans finally had three army corps engaged. One army corps had been hurriedly called from Lyck.

"Fierce fighting took place at Gumbinnen, when the Germans attempted to turn the Russian right flank. Though the attack here was conducted with the utmost vigor, the attempt was frustrated by the bravery and stubbornness of the Russian troops on this wing. The Russians took the opportunity offered by the concentration of Germans to the northward to direct a vigorous assault on their center, whereby they captured many guns.

German Indemnity High.

London.—The German demand for indemnity from Brussels and Liege, \$40,000,000 from the first city and \$10,000,000 from the second, is regarded here as one of the hardest calamities suffered by the Belgians as a result of the invasion.

Rough Rider Corps Formed

Paris.—The ministry of war has definitely accepted the services of the Anglo-American Rough Riders' Corps formed in Paris.

GENERAL FRENCH

General French, commander-in-chief of the British troops now aiding the French and Belgians.

BRIEF WAR NEWS

The French troops occupy the crests and passes of the Vosges mountains. The German commander at Liege denies the loss of 20,000 in his effort to take the forts there.

There are persistent rumors that Italy will join the triple entente.

French ministers of war and state plan the issuance of a war newspaper to keep the men in the field in touch with events and to inform them concerning their relatives at home.

Lorraine for the present seems to have been left out of the fighting, while Alsace, like western France, is the scene of battles between the advance guards of the main German and French armies.

A dispatch from Rome says the Montenegrin troops, aided by the inhabitants of Herzegovina, are successfully invading Austria, whose blockade of the Montenegrin coast has practically ceased.

The Danish minister has notified the French government that Denmark has mined Kjoetee bay and the waters between Seeland and Amager islands to guard Copenhagen from a surprise attack by Germany.

That the British government is confident it has control of the sea is indicated by arrangements made for the sailing of several White Star and Cunard liners, which will have facilities for taking 13,000 passengers to America.

The reported purchase of the German cruisers Goeben and Breslau by Turkey for \$20,000,000 has been made the occasion of action by the British, French, Belgian and Russian allies, which call Turkey's attention to her duty as a neutral.

A Rotterdam correspondent says a Berlin newspaper has confirmed the report that Major-General Von Buelow, a brother of Prince Von Buelow, former German imperial chancellor, was killed in battle.

Stern measures are being resorted to in Germany to compel military service, according to a dispatch via London. It is reported that Dr. Karl Liebknecht, the famous German socialist leader, has been shot to death for refusing to join the army.

In Namur all the big trees have been cut down or blown to pieces by dynamite to prevent their use in directing the enemy's artillery fire. The most beautiful castles and villas in the valley of the Meuse have been undermined, ready to be blown up when the enemy appeared.

It is reported that Germany has sent a note to France and Belgium, through a neutral power, accusing these two countries of having organized a popular war against Germany and declaring that any Belgian or French private citizen, not in uniform, who interferes with the German troops, will be shot.

Other nations threaten to become involved. Germany is credited with a plan to reach St. Petersburg by way of Finland and to have armed Finns for uprising. Italy has mobilized 250,000 men on the Swiss and Austrian frontiers and is holding the passes of the Alps. The government of Holland has officially given the French government renewed assurances of neutrality and its intentions to make this neutrality respected. Sixty thousand Dutch troops are on the line of the frontier and large areas of land have been flooded.

The first dispatch direct from Berlin uncensored by the authorities of the nations at war with Germany was received by the Associated Press through the medium of the Goldschmidt Wireless company's station at Tuckerton, N. J. The message contained the important information that during the fighting at Mulhausen considerably more than 1000 French officers and soldiers were taken prisoners by the Germans, who also captured four cannon, while in another fight with the French at the border of Lorraine, further to the north, the Germans also took 1000 prisoners.

Infection and Insect Bites Dangerous.

Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite, they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Liniment disinfects Cuts, Bruises and Sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c at your Druggist.
