FRENCH AND BRITISH ASSUME OFFENSIVE

Principal Armies Involved and
Battle Ranges From Lux-
emburg to Mons.

Paris.—The following official announcement was issued:
"A great battle is now in progress along a vast line extending from Mons to the frontier of Luxemburg. Our troops are in conjunction with the British and have assumed everywhere the offensive. We are faced by almost the whole German army, both active and reserve.
"The ground, especially on our right is thickly wooded and difficult. The battle is likely to last several days.
"The enormous extent of the front and the great number of forces involved make it impossible to follow step by step the movements of each of our armies. We must await the result of the first phase of the combat before we can form any conclusion as to the situation.
"In Vosges the general situation determined us to withdraw our troops from Donon and the Saales Pass. These points were no longer of any importance, since we occupied the fortified line, beginning at Grand Couronne de Nancy. Lunville is occupied by the Germans and at Namur the Germans are making great efforts against the forts, which resist energetically.

COURTEOUS TO AMERICANS

Returning Travelers Say Germans Were Universally Friendly.
Rotterdam.—A thorough canvass of Americans here shows that the Germans have been universally courteous to them. The hardships undergone by citizens of the United States have been due in all cases to the conditions attending mobilization, the lack of facilities for travel and at first a restriction of the hours during which the streets could be frequented. A week after the opening of the war the latter restraint was eliminated.
The government took measures not alone looking to the safety of Americans, but also to their comfort. Those hardest hit by the war are American students in Germany, who have found difficulty in getting their usual remittances. Every measure has been taken to help them.

GERMANS LENIENT TOWARD CAPTIVES

London.—A dispatch from Brussels says the German commander, General Sixtus von Arnim, has caused the following proclamation to be placarded in Brussels:
"German troops will pass through Brussels and are obliged by circumstances to demand from the city lodging, food and supplies. All these matters will be arranged through the municipal authorities.
"I expect the population to conform itself, without resistance, to these necessities of war and particularly to commit no act of aggression against the safety of the troops and promptly to furnish the supplies demanded. In this case I give every guarantee for the preservation of the city and the safety of the inhabitants. If, however, there should be, as unfortunately there has been elsewhere, any act of aggression against the soldiers, the burning of buildings or explosions of any kind, I shall be compelled to take the severest measures."
The Germans have re-established tramway, telephone and postal services. Trains are running towards Liege and even the telegraph line to Germany is working. The population supports the Burgomaster with enthusiasm, regarding him as the savior of the city.

Washington.—The American consul at Tsing-Tau, Willis R. Peck, has decided to remain through if there is a siege. Washington made it optional with him whether he should go or stay. Several Americans of German descent also are remaining and among them are two or three women, who will nurse the wounded.

A city manager would be chosen by the commission.

Fifty-Cent Drop at Portland.
Portland.—From its record high price in the local market of \$8.05 per hundred, which it had maintained for several days, cane sugar took a sudden drop to \$7.55. All other grades also fell off 50 cents. Dealers say they have not yet ascertained whether the federal investigation ordered by President Wilson is responsible.

Widows' Pension Act is Upheld.
Dallas.—Just before adjourning the August term of the Circuit court here, Circuit Judge Webster Holmes rendered a decision sustaining the widows' pension act, and he issued a writ of mandate to the Polk county court, directing it to grant a pension of \$40 to Mrs. Maud Ena Zachary.

Widow Held in Jail.
Prineville.—Mrs. Mollie Scroggins, wife of Mail Contractor A. G. Scroggins, who was shot down in his home at Paulina on July 31 by Henry L. McDowell, was given her preliminary hearing and held to the grand jury without bail. The grand jury will meet September 8.

"I suppose he considered it merely a slight of hand performance."—Baltimore American.

EMPLOYERS CAUSE UNREST?

Association Is Accused of Using Influence Against Employers.
Portland.—The Employers' association through its anti-union activities, is responsible for much of the industrial unrest that exists in Portland and Oregon, according to witnesses that testified at the concluding session of the hearing called by the United States commission on industrial relations at the central library.
"Men like M. C. Banfield are determined to crush labor and destroy the unions," said George H. Howell of the International Typographical Union, referring to the organizer of the Employers' association whose testimony was a feature of the hearing Thursday.
"Their methods are merciless," continued Mr. Howell in his description of those who direct the activities of the Employers' association.
False advertisers who seek to divert immigrants into the northwest were held responsible by several witnesses before the federal industrial relations commission for the unrest that exists here. It is utterly impossible, it was disclosed, to keep all of the unskilled labor employed throughout the year.

Hop Picking to Start.
Dallas.—Hopgrowers are busy in preparation for picking. The crop all over Polk county is going to be short this year. In many yards the crop will only be 50 per cent of the usual yield. In some yards the yield will be normal. Owing to unsettled conditions in Europe, hopgrowers are looking for a high price this year.

Relief Voted Settlers.
Washington.—The reclamation bill extending from 10 to 20 years the time in which settlers may repay the Government for water rights on irrigated land, was finally passed in the house.

No Sign Made for Peace.
Washington.—There has been no indication so far that any of the powers of Europe are going to accept the United States' proposal for mediation.

Allow Departure of Unarmed Reserves.
Washington.—European warring nations were informed by government officials that the United States will not interfere with the departure of reservists unless they were organized and armed in this country.

Cash for Stranded Americans.
Washington.—The state department cabled Ambassador Herrick in Paris \$300,000 for the relief of Americans stranded in Europe. About \$100,000 of the fund, it was said, will be needed in Paris alone.

ROSE SALAD.
On a very dainty heart of lettuce lay a slice of pineapple and in the center of this a cheese ball, while surrounding the cheese ball are little mounds of rose colored gelatin. The cheese balls are made of some cream cheese which has chopped nuts and stuffed olives mixed with it.
The gelatin should be prepared the night before and flavored with pineapple, lemon and orange juices and sweetened with sugar. It is colored with food coloring that may be bought in the stores. This salad requires no dressing. With it is served a sandwich made of round slices of bread with yellow grated cheese and sliced stuffed olives on top.

PROMISE POLAND AUTONOMY

Russia Promises Religious Freedom and Restoration of Polish Tongue.
St. Petersburg.—The czar has issued a proclamation confirming the Grand Duke Nicholas' promise to restore the ancient kingdom of Poland, if the Russian, German and Austrian Poles would stand by Russia in the present war. Polish autonomy would be re-established, the czar guaranteed, and all former principalities would be reunited under a lieutenant governor to be named by himself.
The people, he added, would be granted territorial integrity, local autonomy, religious freedom and would be unhampered in the use of the Polish tongue.

French Sink Two Austrian Warships.
London.—A dispatch from Nish, Serbia, says: "A naval battle between French and Austrian warships began off Budua, Austria, in the Adriatic, at 9 o'clock Sunday. The French squadron, coming from the southwest, attacked the Austrian warships. Two Austrian ironclads were sunk, one was set on fire and a fourth fled northward toward Cattaro. The fight lasted more than an hour."

ECHOES FROM ROSEBURG
ROSEBURG HAPPENINGS ALWAYS
INTEREST OUR READERS
After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Roseburg resident leaves no room for doubt on this point.
G. H. Poole, proprietor blacksmith shop, 318 N. Rose St., Roseburg, Ore., says: "I have used Doan's Kidney Pills on several occasions when my back and kidneys bothered me and I have always found them a good remedy. I recommend them to anyone suffering from kidney complaint."
The above is not an isolated case. Mr. Poole is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you—don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Poole had. 50c all stores.
