

Vote to Save Industrial Oregon

VOTE "NO" 329 AND "NO" 331

The very life of the future manufacturing and industrial progress of Oregon hangs upon the defeat of the so-called "Water Front" bills, to be voted on Tuesday, November 3rd.

So cunningly and adroitly are these bills worded there is grave danger that many people will be deceived.

If these measures become laws the result will be that the state will take title to the tidelands and submerged lands and will be prohibited from selling any of these lands. They can only be leased for docks. No more ship-yards, saw-mills, canneries or others plants requiring access to deep water—nothing but docks, docks, docks.

Every Citizen of Oregon—wage earner, farmer, business man or woman, wants to prosper. These measures if enacted will throttle progress at the gate. Investors will shun Oregon. This means no work for the wage-earner, nothing to pay the store keeper with and therefore nothing to pass on to the farmer or producer. Let no one think these bills do not concern him.

Before you go into the booth to vote, read 329 and 331 carefully. Talk to your neighbors about them.

Oregon is rich in natural resources, but poor in development. What the state needs above everything else is outside money to come in and develop its resources. That means GOOD WAGES, PLENTY OF WORK, GOOD PRICES and GOOD TIMES.

This is not a political question; it concerns only the prosperity of Oregon and of you.

Give Progress and Good Times a helping hand by voting "NO" 329 and "NO" 331.

Our line of Men's Wool Over-shirts can't be beat, \$1.50, \$2.25 and \$3.00.

We still have a few Men's Suits and Overcoats that we are sacrificing at remarkably low prices.

Hollister's Platform

FREDERICK HOLLISTER of North Bend, who is opposing Mr. Hawley for congress in the coming election has a platform that is clear cut and decisive. His platform is one which should commend itself to the people of Lane County as it stands for those things which will help develop the county and the district and is the kind of a platform that Lane County and the west coast of Oregon needs.

Hollister stands:

For immediate and complete improvement of all coast harbors and waterways of Oregon.

For Federal appropriations to be used in building good roads, waterways and harbors. Such appropriations to be commensurate in amount and to be based upon the valuation of government properties in Oregon.

(The government now owns almost one-half of this state and we receive nothing from this property.)

For a radical change in the homestead laws, favoring the settler and offering inducements to the prospective settler.

(Under the present law it is almost an impossibility to prove up on your homestead.)

The building up of a merchant marine that will be a world power in commerce.

The opening up for settlement of a large amount of the present forest reserves.

Oregon was made for Oregonians, and its reserves should be elimination, the energy, or the ability to get it.

This is an excellent platform and Mr. Hollister pledges himself to work for the principles which are briefly outlined here. Compared with Mr. Hawley's platform of inactivity there should be no effort in choosing between the two men when it comes to a national representative from the first congressional district. Hollister knows what the district wants and proposes to get it. Mr. Hawley may know what the district wants and needs, but he either lacks the utilized for the direct benefit of its people.

C. B. CHRISTENSEN
Republican Nominee for Sheriff

To the Voters of Lane County:

I have been nominated for the office of sheriff of this county by the voters of the Republican and Progressive parties.

I wish to call your attention to the fact that I have served as a Guard of the Iowa State Penitentiary at Fort Madison, for three years; as overseer of the Iowa Soldiers' Orphans Home at Davenport for three years, and have served on the Police Force of Eugene for over three years, and am now Chief of Police.

It has always been my motto to give any duty assigned to me personal attention, and to this I ascribe my success in the positions I have held. I hold letters of recommendation from the institutions mentioned that can be seen by any one who is interested in my past career.

If elected to the office of sheriff, I will give it my personal attention; I will charge the taxpayers of this county the actual cost, and no more, of feeding the prisoners, and in order to be within

easy reach when wanted, and to have first hand information on the condition of prisoners and their cost of keeping, I shall take up my residence in the rooms at the jail, provided by you for the sheriff and now vacant. I believe it important for any officer to personally be where the important matters are which require his attention. I am not under obligation to anyone, other than the voters and taxpayers of this county, for my nomination or election, and will not delegate the running of the office to anyone.

I believe in enforcing the laws of the land, and have had some experience along that line. I have made some enemies as an officer and shall expect to do so in the future, for I believe that the law should be enforced without fear or favor to anyone. I solicit the support of all law-abiding citizens, and assure you that my motto shall be: Honest enforcement of the law and economical conduct of the office.

Respectfully,
(Paid Adv.) C. B. CHRISTENSEN.
