

# REO THE FIFTH

The Incomparable Four

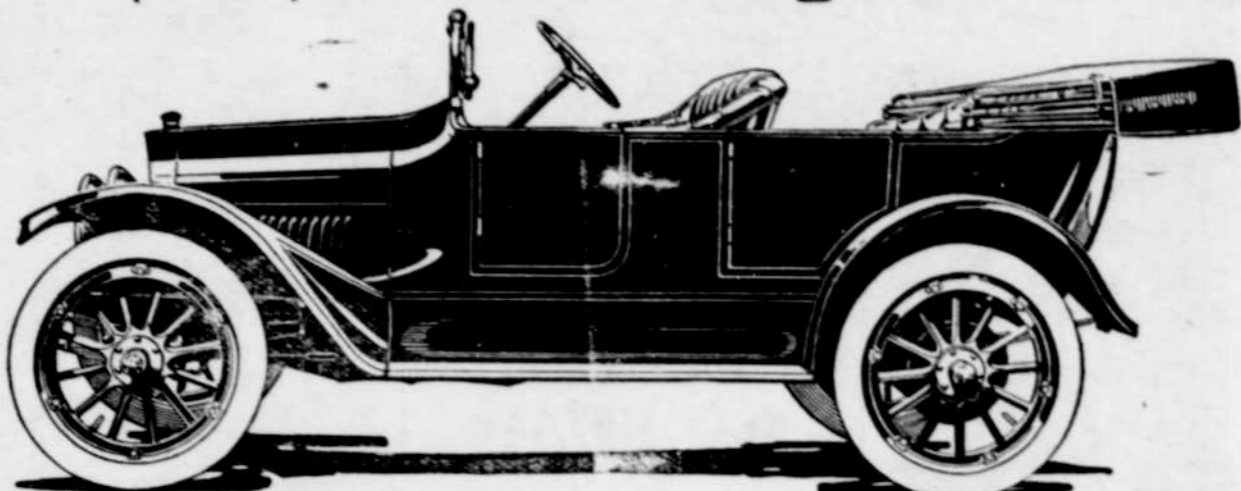

REO VALUES THIS YEAR ARE EQUALED BY NONE OTHER. IT IS NOT POSSIBLE FOR any other to equal them, for REO purchasing power, REO factory facilities and REO experience are unequaled in the industry.

AND BESIDES, IF IT WERE POSSIBLE TO OBTAIN A CAR OF SIMILAR SIZE AND power and of apparently similar quality—still it could not carry the REO nameplate and the REO guarantee.

THERE'S AN ASSET OF REAL—OF KNOWN, RECOGNIZED AND OF DEFINITE VALUE in that REO name-plate. It stands for all there is of quality in an automobile, and of good intent on the part of the concern from whom you buy it.

SO NO ONE CAN TELL YOU—TRUTHFULLY—THAT ANY OTHER CAR AT ANYWHERE near the price is "as good as a REO"—for they can't match the REO reputation for consistency of performance in the product or the guarantee you get with a REO.

One of the prettiest events of the rally will be the flag salute. This will be participated in by members of the G. A. R. and all other soldiers and by the school children.

**Births Exceed Deaths.**  
Dr. W. L. Cheshire, the new county health officer, yesterday submitted his first report upon the births, deaths and contagious diseases in the county. He gives the following figures for the month of March:

Births, 28 females and 19 males from the following cities and communities: Eugene 6 males and 3 females; Marcola 4 females and 1 male; Cottage Grove, 2 females and 1 male; Springfield, 1 male and 1 female; Coburg, 3 females and 1 male; Florence, 2 males; Mapleton, 2 females; Glenada, 2 females; Row River, 2 females; Heeeta, 1 male; Junction City, 1 female and 1 male; Lowell, 1 male; Donna, 1 female; Waltherville, 1 female; Mabel, 1 male; Vida, 1 female; county at large, 7 females and 3 males. There were 18 deaths uniformly distributed over the county, according to the report.

Contagious diseases were as follows: Chickenpox, 29 cases, 19 of which were reported from Eugene; measles, 3 cases; mumps, 2 cases, typhoid fever, 3 cases; scarlet fever, 2 cases; poliomyelitis anterior (infantile paralysis), 1 case.

**UBIQUITOUS MAN OF MYSTERY IN "RUNAWAY JUNE"**

Gilbert Blye With His Black Vandyke and His Sinister Smile Is Puzzle.

Those who are good at solving mysteries will have ample opportunity for the exercise of their powers in observing the strange doings of Gilbert Blye, "the man with the black vandyke," who stalks with his sinister smile throughout the story of "Runaway June," which George Randolph Chester, the famous author of "Get-Rich-Quick Wallingford," and many other novels, has just completed for the Reliance Motion Picture Corporation of New York, Los Angeles, and London. The first episode of this great photoplay will be given Monday at the Rex Theater and appears in fiction form in this issue of The Sentinel. It will run for fifteen weeks, each weekly episode to be in two chapters or reels as the case may be.

From the moment that June runs away from the great problem of the photoplay, the question of money between husband and wife, "the man with the black vandyke" holds an important part in the very center of action and mystery. He is as dark as his ways, as smooth as his talk, and as strong in appearance as is his determination to succeed in his purpose.

He appears at the most unexpected times and places and in the most picturesque and startling manner. He is always suave, calm, and sure of himself. No one knows his motive or method, but everyone is anxious about both. The solution is as surprising and unique as are his performances throughout the serial.

**No Typhoid Fever.**  
I wish to thank the people of Cottage Grove for the assistance they have given me in cleaning up the city. I wish to further state that all this talk about typhoid fever is hush. There has been but one case of typhoid fever in Cottage Grove in three years and that was imported. Our city water is as free from typhoid bacilli as the snow on top of Mt. Hood. We have been using nothing but the pure Laying Creek water, and have not been using Silk Creek water, although there are no typhoid bacilli in the latter either.

DR. W. W. OGLESBY,  
City Health Officer.

**What Women Are Doing.**  
Oregon has four women professional chauffeurs.

In China the mother-in-law is the boss of the house.

European Russia has the highest birth rate in the world.

Fifty-seven women are engaged as instructors in the University of Nebraska.

It is claimed that women of this country spend 85 per cent of the wealth.

In the fields at harvest time in Poland far more women are to be seen than men.

The University of New Mexico has established a department of household economics.

There are 106 colleges in the United States exclusively for women, with nearly 20,000 students.

Twelve women are making a canvass of the most remote parts of England for recruits for Lord Kitchener's army.

Owing to the depression caused by the war female servants are the only kind of labor wanted in the British colonies.

After women got the vote in New Zealand waitresses who were formerly paid 8 shillings a week received 25 shillings.

Female typists are proving to be the best rifle shots at the several ranges now being set up throughout England.

The United States Supreme Court has ruled that women can also be indicted under the Mann white slave act.

The Tennessee legislature has passed a resolution for a state vote on the question of admitting women to the right of suffrage.

Mrs. George L. Russell of Chilowee, Mo., earns a net profit of over \$50 per month from a small chicken farm, which she runs, using only her spare time.

The Polish women have ever been noted for their physical charms, their hands and feet being, from an artistic point of view, absolutely perfect.

Woman suffrage measures have been recommended by the governors of Massachusetts, New York, Pennsylvania, Rhode Island, Tennessee and West Virginia.

**Eighth Grade Examination.**  
Eighth grade final examinations will be held in school districts where there are pupils to take them, on Thursday and Friday, May 6 and 7, 1915, as per the following schedule:

Thursday—Arithmetic, writing, language, agriculture, and spelling.

Friday—Physiology, history, geography, civil government, and reading.

#### PADS AND FANCIES.

**Activities of Women.**  
As a reward for her valor while under fire, Sister Julie Rigard, a nun, acting as a nurse in a Paris hospital, has been decorated with the Legion of Honor by President Poincare of France.

One of the oldest schools for girls on the American continent is the Colegio de la Pez in Mexico City, which was founded by wealthy Spaniards in 1732 for the benefit of the children of the poorer classes.

Oregon has seven women electricians.

Miss Caroline Vierling is president of a big iron works in Omaha.

The average of marriage of college women is from 28 to 35.

Only 25 per cent of the population of South Africa are women.

Mrs. Anna M. Walker Penfield is the

largest woman personal property taxpayer in Philadelphia, being credited with over \$3,500,000.

The American Red Cross discriminates against women surgeons.

There are more negro women than white women in South Carolina and Mississippi.

#### TESTED RECIPES.

**Braised Chicken.**  
Draw the chicken and remove the pin feathers as usual; dust the bird well with salt and pepper and truss into shape without stuffing. Brown all over in fat and then put into a deep kettle, cover about one-fourth with boiling water, set lid tightly in place and cook until tender. A roasting chicken, weighing about four pounds, will require 45 minutes, and an old fowl, weighing from four to six pounds, demands about three hours. The dressing may be baked separately. There is no comparison in the flavor of a chicken stuffed with highly seasoned dressing and one which is cooked without.

**Maple Biscuits.**  
Materials—Three cupsful bread flour, six teaspoonfuls baking powder, one tablespoonful sugar, three tablespoonfuls butter or oleomargarine, one-half teaspoonful salt, about one cupful of milk, melted butter, scraped maple sugar.

Directions—Mix and sift together dry ingredients, work in shortening with finger tips, keeping mixture cool, moisten with milk. Turn on a floured board, pat to one-fourth-inch thickness and cut in small rounds. Brush the latter with melted butter and sprinkle half of them with maple sugar. Set balance of rounds on these butter sides together, and bake in a quick oven.

**Grape Juice Gelatin.**  
Materials—Three cupsful grape juice, one cupful boiling water, three-fourths cupful sugar, juice of one-half lemon, two tablespoonfuls of granulated gelatin and bits of canned or fresh fruits that may be left over.

Directions—Barely cover the gelatin with cold water, and let stand for ten minutes. Dissolve in the boiling water; add sugar and turn into grape juice. Add lemon and the fruit and set in a cold place to chill, taking care that the fruit will be diffused throughout the mixture, as otherwise it will sink to the bottom. The grape juice itself should not be heated, as this tends towards discoloration.

**White Corduroy Coats.**  
White corduroy coats are featured to some extent, and will doubtless be much worn with lingerie frocks in the summer.

**All to Take Part in School Rally.**  
Reports from over the county to E. J. Moore, county school superintendent, indicate that this year's annual school rally and spelling contest, which will be held May 14 and 15, will be much larger than last year. Mr. Moore recently sent out a list of questions to the teachers asking what preparations are being made, and the replies show that nearly every school in the county will take part.

Some of the towns are taking particular interest in the event. Marcola and Wendling will send a special train carrying a large part of the population of both places and bringing several educational floats to be entered in the parade. The best of the exhibits at the Junction City school fair will also be entered.

This year's rally will last two days, and the exhibits will be on view from noon on Friday till Saturday evening so as to give ample time for judging and for the inspection of visitors.

The finals of the county spelling contest will be held at the assembly room of the high school and the second floor rooms of the Central school building. The contest will be a written one, the instructors pronouncing the words and the contestants writing them.
