Tuesday afternoon Mrs. Chas. Shinn, president of the Woman's Club, pleasantly entertained the members of the club and a few friends at her home on West Main Street yesterday afternoon. The living rooms were beautifully decorated with a profusion of roses. In the dining room the club colors, lavender and white, formed the color scheme, the flowers being iris and "pussy ears." After a most enjoyable hour spent in conversation Mrs. Shinn engaged her guests in an interesting "examination" which consisted of a clever but puzzling arrangement of the titles of books and selections studied by the club during the past year. Mrs. Umphrey made the highest "grade" and was presented with a pretty copy of "Friendship." Delicious refreshments were served in two courses. Mrs. Shinn was assisted in serving by Mrs. H. J. Shinn.

Mrs. Edna Kem entertained the M. P. G. Club at the Kinter home yesterday afternoon. The affair was to have been a picnic on the butte but on account of weather conditions was held in the house, which was decorated with locust branches to represent outdoors as nearly as possible. Refreshments were in the nature of a picnic dinner and were served on the floor. After refreshments Mrs. Kinter gave the guests a ride in her Cartcar. The next meeting of the club will be with Mrs. Chas. Adams next Tuesday.

Miss Beulah Brumfield, daughter of Mr. and Mrs. G. F. Brumfield, entertained Saturday afternoon in honor of her ninth birthday anniversary. Games were played and refreshments served. The little hostess received a number of gifts. The guests were Harold and Crystal Robinson, Alice and Anna Levi, Goldie and Altie Raybran, Genevieve Rice, Carl Ritchey, Veta Plaster, Frances Hamloth, Margaret Higgins, Eva Brockus, Cecil McKinney and Theodore Nicholas, the latter being from Eugene.

The Misses Helen Curry, Mary Alice Hill and Fred Packwood, Paul Bond, Edison Marshall, Victor Chambers and Dorris Medley were up from the University of Oregon Sunday. Miss Myrtle Kem was up for the week-end. All of these and the Misses Leah Perkins, Ethel Tooze, Vera Kelly, Jessie McCord, Catherine Kem and Hattie Landess, Warren Edwards and Herald White held a picnic Sunday at the Chambers saw mill at Latham.

The Constellation Club met Friday at Masonic Hall with Mrs. Clara Burkholder and Mrs. Ben Lureh as hostesses. Mrs. C. J. Kem was a guest. The meeting day of the club has been changed from Thursday to Friday during the summer season.

The Rebekah Social Club met Friday afternoon at the home of Mrs. C. W. Caldwell. In addition to the usual

number of members there were several invited guests present and a very pleasant afternoon was spent with fancy work and in social chat. Delicious refreshments were served. The hostesses were Mrs. Caldwell, Mrs. Hubbell, Mrs. Spray and Mrs. Johnson.

Mrs. S. L. Godard entertained Friday afternoon with a miscellaneous shower in honor of Mrs. E. J. Wicks, a recent bride, who leaves next week for her future home in Montana. Those present were Mrs. J. Sams, Mrs. John Nokes, Mrs. Mallie Miller, Mrs. Frank Boughn, Mrs. W. H. Lackey, Mrs. Curran Cooley, Mrs. J. D. Jensen and Miss Carol Sams.

Mr. and Mrs. D. E. Slagle entertained Mr. Slagle's parents, Mr. and Mrs. L. H. Slagle, at dinner Sunday in honor of the father's eighty-first birthday anniversary. Both of the old folks are still spry although they have been married over 60 years.

Mrs. L. E. VanNortwick entertained Saturday evening in honor of the seventeenth birthday of Miss Adda Van Nortwick, her sister-in-law. Games were played and refreshments served. About fourteen were present.

Mrs. Ida Veatch entertained at dinner Sunday in honor of her daughter, Miss Marie. The guests were Ina King, Reta Kelly and Ruth Bede.

The juniors of the high school held the usual entertainment for the seniors at Phillips Hall last night.

The Social Twelve Club meets Friday afternoon with Mrs. J. S. Medley.

The Emanon Club meets this afternoon with Mrs. C. E. Umphrey.

FADS AND FANCIES.

Ventilate your sleeping rooms. Bad air means bad health, and a man or woman handicapped by bad health cannot make a success in life.

Flies do not develop during the winter, but their breeding places do. Every pile of rubbish accumulated during the cold weather becomes a hatchery as soon as the spring sun warms it and in a few days it begins to produce millions of disease-spreading insects.

To cure neuralgia make a poultice from the common white bean. Boil the beans in water enough to make a thick paste, wash them and spread the paste thickly on a cloth, then cover the paste with a thin piece of muslin, and bind on the painful parts. Repeat until the pain gives way to the treatment.

If a stove is not equipped with a broiler, try heating a pan piping hot. Put the steak into this without greasing and turn as soon as it is seared at the

bottom. Keep turning till the meat is done.

The success of canning depends upon perfect sterilization.

When a vegetable has lost its firmness soak it in very cold water until it is crisp and plump.

The usual method of making liquid soap from scraps is simply to put all the old scraps of hard soap into a basin with water and boil for a few minutes. The amount of water to add depends upon the consistency of the liquid soap desired. This preparation is excellent for washing the hair, and it has many other uses. It is a good way of utilizing small pieces of soap, which so many times are not saved.

To clean carpets and room-size or small rugs the following is a good and cheap method: They can be left right on the floor if the carpet or rug is axminster, Brussels, velvet or Wilton, as the moisture will not go through, but care must be taken not to walk over until dry. Step five cents' worth of soap bark in a pint of soft water; dissolve in another pint of hot water a five cent bar of white soap. Strain the soap bark water into a gallon jar, add the dissolved white soap and fill the jar nearly full with soft hot water. Then add ten cents' worth of borax. Stir well. Make and let stand over night and then dilute with a little warm water as used. Apply the lather to the carpet with a scrub brush and scrub well, then rinse by using a rag and another basin of clean hot water.

A very simple but efficient way of cleansing the hands and keeping them soft is to use corn meal on them. Keep a dish of it on the toilet stand and rub the meal freely on the hands after washing them for washing. It will be surprising to find how much softer it will make the hands feel.

A bit of charcoal mixed with clear water and thrown into the sink will act as a purifier and disinfectant.

WATERHOUSE RECITAL IS MUSICAL TREAT

Combined Piano, Organ, Violin and Voice Numbers Are Particularly Pleasing.

The Waterhouse recital Friday evening was the usual musical treat that is furnished by these recitals. Only one of the pupils had ever before played a solo in public and all did remarkably well. Miss Isabel Boldon's part in the program was the most pleasing of the work done by the pupils. The combined piano, organ, violin and voice numbers by Miss Boldon, Mr. Waterhouse, Prof. South and Mrs. Waterhouse were very pleasing and heartily encored. The complete program rendered was as follows:

- PART I**
- 1—Piano Duet, "Finale from Sixth Symphony" (Haydn), Miss Isabel Boldon; Mr. Waterhouse.
 - 2—Solo, "The Sleigh Ride" (Oesten), Miss Ruth Bede.
 - 3—Solo, "Alpine Bells" (Oesten), Miss Maud Doyle.
 - 4—Organ Solo, "Festival Postlude" (Simper), Mr. Austin Berg.
 - 5—Solo, "Violin, Piano" (Bohm), Miss Ruth Jorgensen.
 - 6—Solo, "Piece Romantique" (Chaminade), Miss Hildred Hall.
 - 7—Voice, Violin, Piano, Organ, "O Divine Redeemer" (Gounod), Mrs. Waterhouse, Miss Isabel Boldon, Mr. South, Mr. Waterhouse.
- PART II**
- 1—Solo, "Silver Stars" (Bohm), Miss Rita Ridings.
 - 2—Solo, "Meadow Dance" (Williams), Miss Esther Jorgensen.
 - 3—Piano and Organ Duet, "Cradle Song" (Kjerulf), Miss Isabel Boldon, Mr. Waterhouse.
 - 4—Solo, "At Twilight" (Lange), Miss Myrtle Potta.
 - 5—Solo, "Home, Sweet Home" (Thalberg), Miss Isabel Boldon.

ports from their special agents in the East, who are disposing of last year's stock of evaporated fruit at the rate of a carload a month with a steadily increasing demand for the new crop.

The Cottage Grove cannery still has on hand the loganberries canned last year. The optimism displayed by Mr. Gile will be welcome news to Cottage Grove producers who have been seriously considering pulling up their loganberry plants.

BEAVERS LOSE TO BADGERS; BRAVES TO BEARS

After Playing Two Games Badgers Lead the League With Percentage of 1000.

In the ball games Thursday afternoon Mackin's Badgers won from Brundt's Beavers by a score of 4 to 2 and Baker's Bears won from Smith's Braves by a score of 8 to 1.

The Beavers filled the bases several times and it looked as if they were going to tie the score, but at the critical moments the Badgers pulled themselves together while the Beavers could not get the hits that would have brought in the scores. The Braves lost to the Bears on errors, a number of which were glaring ones. The game was a rather loose one on both sides.

The batteries were: Badgers—Mackin and McFarland; Beavers—Smith and Roberts; Bears—Brumfield and Smith; Braves—Smith and Beidler and Sears.

Standing of the teams:

Badgers	1,000
Beavers	500
Bears	500
Braves	000

It's surprising how much news The Sentinel gets when there are so many who know news that they do not tell.

Dogs Lose Out by Vote of 163 to 105 Yesterday

(Continued from first page)

Very little interest was displayed in the election and the vote was larger than had been anticipated.

The ordinance will not go into effect until July 1. There is a possibility that the dog owners will attempt to refer it to the people for another vote or get out another injunction against it. The ordinance, it is understood, will not interfere with farmers bringing their dogs to the city with them providing they are not left here and do not become nuisances while here.

Farmers War on Slugs.
Progress is being made by the farmers, through the aid of R. B. Coglon, county agriculturalist, in the extermination of the slug in Lane County. During the past two weeks, the wet weather has increased the danger from the pest. A remedy suggested by Mr. Coglon is effectively doing away with the slug and the dry weather will complete the extermination, according to the agriculturalist.
