WHERE YOU ALWAYS GET A SHOW FOR YOUR MONEY

Society

Mrs. B. R. Job and Miss Esther Sibley gave a silver tea at the latter's home Friday afternoon. The object was to earn money for the annual experience social to be held this fall. About 40 were present.

Mrs. A. C. Kinter entertained the M. P. G. club on the front veranda of her home Tuesday afternoon. A two course luncheon was served, the color scheme of the dining table being carried out in pink. Guests were Messdames H. A. Miller and B. R. Job and Mrs. Moody of Oregon City. Mrs. Helliwell will be hostess to the club at the next meeting.

The R. N. A. Club met with Mrs. C. W. Wallace last Tuesday afternoon. A number of invited guests were present and refreshments were served.

The Constellation Club gave a delightful outdoor picnic Thursday afternoon at Spencer Park north of the city. About 75 were present, the members of the club having invited their husbands. Guests were taken to the grounds from Masonic Hall in autos. The women were occupied with needle work and lawn tennis until the arrival of the men. At 4 o'clock lunch was spread beneath the trees on the Spencer lawn. The club adjourned to meet in September.

The week of June 21 to 26 was reunion week in the family of Mrs. C. S. Hefty at her home on the West Side. The event had been planned for months prior to the home-coming of Miss Lura Hefty after an absence of five and a half years in China. The home gathering was two-fold in purposes, that the mother, now in her seventy-first year, might once more see her children together beneath the home roof, and that the occasion of the daughter's home furlough might be made a memorable and pleasant one by a season of general family visiting.

All of the eight living children but one were present at the reunion. Absent member being Mrs. Amy Walker of Phoenix, Arizona, who, with her daughter, made an extended visit here five years ago. On Monday, June 21, the children enjoyed for the first time in many years the privilege of seven of the eight assembling at one time for a meal at the mother's table and the occasion was one of thankfulness and good cheer for this blessing. Twenty-one sat down to a palatable repast with the mother and daughter who were the honored members at this gathering. The party consisted of the aged mother, six daughters, the son and his wife, one son-in-law, and thirteen grandchildren. Those who were home for a part or all of the week are J. G. Hefty and family of McMinnville; Mrs. A. S. Gustafson and two children of Newport; Mrs. H. J. Ritchey and children of Anlauf; Mrs. Overton Dowell, Jr., and children of Mercer; Mr. and Mrs. F. F. Wells and children of Elkton; Miss Hefty and Mr. and Mrs. Lawrence Johnson of this city.

Hugh Currin, son of Mr. and Mrs. J. P. Currin of this city, was married to Miss Mabel McCoy of Portland June 28, 1915, at the Treadwell Power Plant, fourteen miles from Juneau, Alaska. Mr. Currin was raised in this city and moved to Alaska less than a year ago. He is an operator at the power plant for the Treadwell mine and will make his home there. Miss Lulu Currin of this city, Mr. Currin's only sister, was in attendance at the wedding.

The members of the Social Twelve Club, their husbands and guests, will hold a picnic up Row River Thursday.

Members of the Emanon Club and their husbands will hold a picnic on the banks of Coast Fork near the dam Thursday afternoon.

Mrs. Leon Des Larzes entertained Saturday afternoon in honor of her guest, Mrs. Moody of Oregon City. Delicious refreshments of sherbet and cake were served. Guests were Mrs. Geo. Hall, Mrs. Will Hall, Mrs. N. E. Compton, Mrs. K. K. Mills, Mrs. C. E. Frost, Mrs. Elbert Bede.

The M. P. G. Club meets next Tuesday with Mrs. Albert Helliwell.

FADS AND FANCIES.

If hooks and eyes are buttonholed in place they will not pull off. Three or four such stitches will hold them firmly, while it takes twice or more that number if taken in the usual over-and-over way. And even they then loosen readily. Try buttonholing them to place and you will be convinced.

Are there grease spots on your kitchen floor? Water with any amount of scrubbing will not remove them. Just

try alcohol to remove those same spots and you will be pleased with the results.

A drop of cinnamon extract and three or four drops of vanilla added to a pot of chocolate will greatly improve its flavor.

A few drops of oil of lavender in a cup of hot water will take away unpleasant odors of cooking in a few minutes. It will also purify the air of a sick room.

When soiled clothes have to be kept in the bathroom a small barrel painted white inside and out, with holes in the sides for ventilation, is far better than a basket.

If the skin is rough and dry use oatmeal instead of soap for toilet purposes.

The feet should always be kept warm and dry; cold feet are a fruitful source of consumption.

Cream of tomato is not apt to curdle if a teaspoonful of cornstarch with a pinch of soda is mixed in the cream before it is added to the tomato mixture.

If the wall is so soft that it will not hold a picture nail, mix a little plaster of paris and water; enlarge the hole and fill with the plaster and in a minute insert the nail and let it dry.

When one rips out threads they wish they had three hands. Use a fine crochet hook and the work is easily done. Pull out bastings the same way.

BOY'S EYE INJURED WITH SKY ROCKET

The only serious Fourth of July accident reported in this vicinity was that of little Roy Wampole, son of Mr. and Mrs. A. W. Wampole. While playing with some other children a rocket held by another child went off and struck him in the eye. The lower lid was badly burned and the eyeball slightly affected but it is thought there will be no permanent injuries. The Wampole, Frank Kelley and Mark Garoutte families were on a picnic up Mosby Creek at the time of the accident, which occurred Sunday, and the families had intended remaining over Monday. On account of the accident the party came home Sunday evening to give the eye medical treatment.

GROVE BUSINESS MEN IN AUTO BLUE BOOK

A copy of the Pacific Coast Auto Blue Book has been presented to The Sentinel by Landlord Bartell of the Hotel Oregon. The book covers the states of Oregon, California and Washington and British Columbia. It contains half page ads. for the Oregon Hotel, Woodson's Garage and Parker's Garage, each of which cost \$60. These Cottage Grove business men, therefore, assisted to the extent of \$180 in the publication of the book.

This book gives the Ninth Street road into the heart of the city as the main route for Pacific Highway, with the river road as an optional route. The locations of the three business places represented in the advertising are shown in the map of Cottage Grove, which shows both the route through the city and the one around the city.

ROSEBURG DEFEATS GROVE BY 11 TO 3 SCORE

Locals Lay Down and Visitors Walk Off With Game.—Fans Are Disappointed.

The fans were disappointed with the game Sunday between Cottage Grove and Roseburg, not so much because of the way the local team was beaten but because of the reasons for its defeat. The locals did not put up anything like their usual game. With poor support, Pitcher Medley did not let himself out and Earl took his place for several innings. Several easy flies were muffed by fielders who ordinarily play league ball and the final score was 11 to 3, or somewhere thereabouts. Stanley Damedwood did a little star playing but outside of that the features of the game were the errors made by the locals. The Roseburg team did not have to put up a very stiff game.

GIRL SPRINTER DEFEATS MALE CHAMPION

Roscoe Hemenway has been wearing a rather sad look since the celebration at Currin bridge Saturday. A girl is the cause, but it's not because she turned him the cold shoulder or anything of that sort. Roscoe had defeated all the sprinters of the male persuasion that had appeared when a little girl was pitted against him and literally walked away from him. He didn't claim that he let her win the race from motives of chivalry, for he did his best. The girl is simply some sprinter and her name is Ruby Keen.

500 ACRE TRACT

nine miles from Cottage Grove, farm land and timber; ten million feet of timber; well watered and on good road; \$20 per acre; will furnish buyer for timber at \$5,000. Venatch & Spencer. jn22j12

The following officers were installed by the Rebekah and I. O. O. F. lodges at the joint installation Saturday: I. O. O. F.—N. G., P. H. Magee; V. G., Chas. McKibben; secretary, Al Brewer; treasurer, H. J. Shinn; warden, Al Hamloth; conductor, A. H. Cruson; chaplain, L. A. Ralston.
Rebekahs—N. G., Mrs. Mabel Thompson; V. G., Mrs. Alma Teeters; secretary, Miss Eunice Van Denburg; treasurer, Mrs. H. J. Shinn.
There were other appointive officers installed, whose names The Sentinel did not learn.

MARKET IS FOUND FOR LOGANBERRIES

Cannery Has Unexpected Order for Hundred Crates Per Day.—Must Be Ripe and Clean.

Manager Bales of the cannery now has an opportunity to sell loganberries for which there has been no demand heretofore. The price offered is 3 cents per pound, less freight to a nearby station, all crates returned. Up to a hundred crates a day can be used at this price, payment to be made in 90 days. The fruit must be ripe but firm and free from hulls and stems. Crates and boxes may be secured at the cannery.

GOLD BRICKS STOLEN FROM BOHEMIA MINE

Geo. Bohlman believes that about a thousand dollars' worth of gold has been stolen from him by former employees. The employees have left the mine and it is understood that they have taken with them whatever gold they had on hand. They had been running the mill for a couple months. The men claimed that someone else stole the first cleanup of about \$500. Mr. Bohlman is of the belief that they thought this story would not go a second time and decided they had better leave, taking with them all the gold that was on hand. It is understood that the men are still in the hills and have been seen in the Steamboat country. It is almost impossible for them to get out of the country.

UNCLE OF S. K. LEWIS DIES AT AGE OF 81

Wm. Frederick Lewis, an uncle of S. K. Lewis of this city with whom he spent much of his time, died June 28 at Crow at the home of a niece, Anna M. Hooker. Death was due to old age and followed an illness of about a week's duration. The funeral was held at Crow and the body buried there.

William Frederick Lewis was born in Ray County, Mo., Sep. 24, 1834. At 18 years of age he crossed the plains, settling first in Oregon, going to California within a few months to engage in mining, at which he continued until about twelve years ago, when he came to Cottage Grove and has since made his home with the nephew and niece already referred to and another nephew, T. B. Lewis of Foster. Besides a number of nieces and nephews the only surviving relative is a brother, James H. Lewis, who is an inmate of the soldiers' home at Roseburg.

Married One Day, Wants Divorce the Next

Married at 3 o'clock one afternoon and asking for a divorce at 9 o'clock the next morning is the marital record of Mrs. Charles W. Moosly, formerly Mrs. Mary Jane Carter, of Carter, Lane County.

"I have had enough," she announced as she entered the office of the county clerk. "I will not have anything to do with a drinking man. I want a divorce."

She was accompanied to the court house by a number of her children. She expressed surprise that she could not make an immediate arrangement for a divorce and after her request was denied by the clerk, she asserted that she intended to consult the county court. The marriage license issued was to Charles W. Moosly, aged 56, a cook giving his residence as Carter, Oregon, and Mrs. Mary Jane Carter, aged 54, also of Carter. Both had been previously married.

FOREST DOLLAR IS A PAY ROLL DOLLAR

"Don't Burn It Up," Is Admonition of Oregon Forest Fire Association.

The Oregon Forest Fire Association is sending out a flaming poster, "The Forest Dollar is a Payroll Dollar. Don't Burn It Up," warning all persons in the timber during the fire season to be careful.

New features of forest protection in the northwest this year are an appeal to the public for assistance in preventing the smoke nuisance which will otherwise prejudice the stream of visitors going to and from the San Francisco exposition and a perfected system of dry wind forecasts by the United States weather bureau which will be used by all protective agencies. State officials and chambers of commerce are sending out thousands of letters emphasizing the importance of reducing the smoke evil.

July hazard to be guarded against, other than from the usual carelessness with matches, cigarettes and campfires, is reported to lie chiefly in slash burnings to clear land and rights-of-way and in leaving fires thus started to smoulder in logs and stumps to break out later in hot, windy weather. Forest officers announce that state laws prohibiting burning without permit and precaution

will be enforced rigidly and also warn summer camping parties to be extremely careful with campfires.

Improvements at Arcade Theater.
The new management at the Arcade has been busy the past few days putting new electric lights in the lobby. They were lighted for the first time last night and make a very attractive appearance. Mr. Blackford has made good his promise to keep a clean house for Saturday night. The theater has been scrubbed throughout. The screen has been repainted and gives a much brighter appearance to the pictures.

TREE SURMOUNTED BY TALL COLUMN OF INSECTS

Vida Man Asks Explanation of Unusual Occurrence Witnessed Several Days Ago.

A peculiar sight was witnessed a few days ago by Harold Richards, who lives seven miles above Vida, according to a letter Mr. Richards has written to The Register. He says: "We have witnessed something this evening at our home, seven miles above Vida, which, to us, seems very peculiar. About 30 or 40 minutes after sunset we discovered in the top of a great fir tree what we thought to be a swarm of bees. They were swarming and moving in unison like a column of smoke from a chimney, the column extending upward from the top of the tree 20 or 30 feet. "Suddenly we noticed that every tree in the forest, small or large, had its own column extending upward from the top. The insects were so numerous that we could distinguish the column over each tree over half a mile away."

"We think it must be a peculiar habit of a great of some kind. We would be glad to see an explanation of this in The Register. What is this insect and why this peculiar performance?"

Can anyone explain this? Several different times during the past few years this same phenomenon has been observed on Skinner's butte, in Eugene. The bugs have been plainly visible from the center of the business district and persons investigating it have found the same conditions mentioned in the letter from Mr. Richards.

Reception for Liberty Bell.

Eugene Guard.—The liberty bell has left Philadelphia for the coast and on July 15 it will be exhibited in Eugene for the very short space of fifteen minutes. Many people will want to see it and the children especially should be given every opportunity to touch the brass that informed the world of our independence. To this end the authorities who have charge of the bell on its tour have asked the municipalities where it will stop on its way to San Francisco to build platforms to accommodate the children. These platforms should be of the movable kind and the height of the flat car with an incline at each end so that the children may go up one incline, pass the bell, touch it if they care to, and then pass down the incline at the other end of the platform. Where these platforms are provided the railing on one side of the car will be removed.

The committee also announces that the stops will not be longer than the schedule published and arranged for and that the train will be on time barring accidents that the crowds may not be kept waiting. They also state that during the stop here booklets containing the history of the bell, cards with a picture of the relic and buttons also containing a picture of the bell and the American flag, will be distributed to children. It would be well for those in charge of the local arrangements for the reception of the bell to follow the committee's request in regard to the platform for the children. Every child in Eugene will want to see it and touch it and their desires should be gratified.

TALES OF THE TOWN.

Roy Butler of Elkton visited a few days of the past week at the P. H. Magee home.

Chas. McGee and family, Oscar Vaughn of Cottage Grove, Sid Vaughn and family of Row River held a picnic at Red Bridge July 4.

Every year the United States government sends more than a million dollars to pensioners who live outside its borders. Half of that total goes to Canada, Germany and Ireland are next on the list, but almost every civilized country in the world is included. In 1914 there were 5,163 pensioners who were living abroad.

Oregon City, Ore., June 25.—L. F. Knowlton, general passenger agent for the Oregon Electric, today won his suit for an amended divorce decree, allowing him partial control of his child by his first marriage. Mrs. L. M. Knowlton, his first wife, who was divorced in 1910, testified against him. Judge Campbell decided that during the summer Mrs. Knowlton should send the 12-year-old boy to Mr. Knowlton for the first week in every month and for week-ends the rest of the year. Luke Knowlton was born and raised in Cottage Grove.

Chas. and Bose Conner and their dogs treed and killed a bear on the Bud Porter place in Lynx Hollow a few days ago.

Joe Damedwood is suffering with a lame hand caused by connecting with a nail.
John F. Woodard came up from Portland during the past week on his motorcycle. He had an accident on the way up in which his little finger was badly injured and one of the joints dislocated.

Mrs. A. W. Kime returned Friday from Bandon, where she was called by the serious illness of her father.

Mr. and Mrs. J. A. Wright visited in Eugene Sunday.

Mrs. A. H. Cruson is at a Portland hospital for treatment.

Salem, July 5.—No sentiment has developed in response to Ex-Gov. West's letter to Gov. Withycombe asking for a special session of the legislature to have state buy O. & C. land grant.
