SAGINAW.

(Special to The Sentinel)

Aug. 16.—Miss Ethel Brewer of Des Moines, Iowa, and the Misses Louise Summers and Elizabeth Freeman, registered nurses of Portland and Eugene, are visiting at the G. A. Harnden home.

Mrs. Jennie C. Parmenter visited her friend, Mrs. Lamson, in Cottage Grove Monday and Tuesday of last week.

Frank Scott is able to be about and work a little though quite weak.

Mrs. Burgess has so far recovered from her lameness as to be able to visit her neighbors, Mrs. Taplin and Mrs. McKinney, on Tuesday last.

Mr. and Mrs. Adam Benston of Spanaway, near Tacoma, Wash., accompanied by their sons, Henry and Walter, arrived in Saginaw on Tuesday evening, having made the trip by auto in two days. They report a fine trip but much better roads in Oregon than in Washington. Mr. and Mrs. Benston visited this section four years ago and find many changes but are much

pleased with this valley. They will visit their son, F. P. Benston, and his family and other friends here and thoroughly explore the country around Cottage Grove and Saginaw.

Mr. Neat recently saw a whole family of coons—mother and four well-grown children—up in the woods above the Burgess home.

Hal Gibler and Cora Taplin indulged in a spirited argument over a sack of small oats at the Taplin home on Wednesday. In order to enforce a point, a spray pump full of insecticide was called into use and Hal gracefully retired and rode home well fumigated.

Mrs. Jones and her daughter, Miss Alice, of Cottage Grove were visitors at the McKinney home on Saturday.

Mr. Gibeons has some very fine celery grown on his little farm here. It will compare very favorably with any of the California celery ever bought here but he is having a desperate fight with the gophers as they have found it and have left everything else for it.

Thieves made a clean sweep of every chicken L. L. Whitcomb had one night last week.

Spray's Column

This column is devoted to bringing the buyer and seller together, especially to bring them to Spray's store, so you see I have two axons to grind. I want you all to know I want to sell you something or buy something from you. Also I want you all to know what your neighbor has to sell or what he wants to buy. If you have anything to sell, come and see me. If you want to buy, see me. It will cost you not a penny unless I sell the article listed.

Good second hand Hay Press, \$150.00

Pure milk from Spray's dairy at the confectionery stores or your grocer's. Remember, my method of selling milk cuts out the expense of peddling from house to house, making the cheapest milk. Cottage Grove has the best and cheapest milk supply of any town in Oregon. Who did it? Spray. When I commenced selling milk it was selling at 7c to 9c per quart, measured out of a can in a cup. Everybody had to furnish their own vessel to put it in. Now all the milk sellers use bottles with tight caps put on at the farm and even at the high price of feed are willing to sell at 6c per quart. There is double the milk used in the Grove now that there was before I commenced selling and not one-half the condensed milk used.

Second hand mower, \$10.00.
Jersey red male hog for sale.
McCormack mowers and binders. None better.

Twine and extras on hand.
Second hand wood saw and engine. A bargain.

Good milk cow for sale.
Try a sack of my mixed chicken feed. A cheap feed that fills the egg basket. I have several second hand wagons at a bargain.

Try a sack Golden Loaf flour.
Jersey bull for sale.

One more grubbing machine at a bargain.

Good second hand cook stove for sale.

Feed! Feed! Feed! I want to sell you part of your feed.

Page fence, a spring steel wire. Fence your land and put goats in. They make the brush go and let the grass grow. There is enough brush land tributary to Cottage Grove if it was properly fenced and used for goats and sheep to produce more money than is now produced in the whole country.

When I was young, old people told me the way to break a hen from setting was to put her in a pen and starve her but I find a better way is to feed her all she can eat and her comb will turn red and instead of setting she will lay eggs. I bought 100 White Leghorn hens of a well known chicken raiser. They weighed less than 3 lbs. each when I bought them. In less than 3 weeks they weighed nearly 4 lbs. and were laying 75 per cent. They needed the last half of the feed. If your hens don't lay eggs I will sell you the feed, and then if they don't lay I will sell you more feed.
