FADS AND FANCIES.

Very frequently when separating the whites from the yolks of eggs the yolk becomes broken and falls into the white. Dip a cloth in warm water, wring it dry, and touch the yolk with a corner of it, the yolk will adhere to the cloth and may be easily removed.

* * *

To clean and brighten oil paintings, sponge the painting very carefully with a pure soap and lukewarm water and dry thoroughly with a soft cloth. With a piece of chamois skin dipped in sweet oil rub all over the picture. This cannot injure the finest work of art.

* * *

If hard boiled eggs are to be used for making dishes or for a garnish, they should be plunged into cold water when taken from the hot water, to prevent, if possible, the discoloration of the yolks.

* * *

When making corn meal mush, first wet the meal thoroughly with cold water, then stir it into the boiling salted water. There will be no lumps when made in this way.

* * *

Cold water with but little soap should be used for washing colored silks. If the color runs, vinegar should be stirred into the water until the color sets.

Homey Items for Women.

Norfolk styles will be smart and practical for the young girl's school dress.

The fashion of the smock has been charmingly adapted to young girls' dresses.

It is attractive to have the ribbon on the panama hat to match the stripe in the skirt.

To keep the hair light and fluffy shampoo it with castile soap and put a little soda in the water.

Taffeta cuffs are put on many sleeves of tulle and lace, in separate blouses or in frocks, either of tulle, lace, satin or taffeta.

Violet and pansy shades are coming into prominence, and there is indication that by next winter they may be in high fashion.

Parasols trimmed in the inside are one of the features of the summer. The trimming takes the form of embroidry frills of tulle and chiffon and applied flowers of birds of silk.

Canning of Fruit Juices.

In order to can fruit juices, the first important thing to provide is a fruit press, cider mill or some kind of a contrivance or device which will make it easy and practical to press the juice from the fruit.

In most cases the canning of fruit juices or sterilization can be accomplished in very much the same way as the canning of the fruit itself, except in preliminary steps and in the methods of rinsing, scalding, peeling and in a slight difference in the amount of time required. Fruit juices, as a rule, will not stand as much cooking without the danger of destroying the natural fruit flavor.

Fruit Bread.

Stew some raspberries, huckleberries or blackberries and sweeten them to taste. Butter small slices of bread, without crusts, and place a layer of them in the bottom of a baking dish. The next layer is of stewed fruit and so on alternating until dish is full. Bake in a moderate oven for twenty minutes. Serve cold with cream.

Spiced Currants.

Boil five pounds of ripe currants for one hour, then add three pounds of white sugar, one tablespoonful each of cinnamon, nutmeg, cloves and allspice and one-half cup of vinegar. Boil one-half hour longer, take from fire and seal in airtight jars.

Fruit Fluff.

To every pint of chopped peach, banana or pineapple allow one pint of water, six eggs and one pound of sugar; beat eggs until light, then add other ingredients and cook until thick as custard. Strain, set dish in pan of cold water and beat until cold. Freeze and serve with a syrup like a sundae.

Double Death in Veatch Family.

A double death has occurred in the Veatch family, the passing of Mrs. J. P. Veatch, for fifty years a resident of Salem, closely following that of her daughter-in-law, Mrs. Olivia M. Veatch, a former Salem woman, who died Saturday, while visiting in Seattle. Mrs. Veatch died yesterday at 2 p. m. at her late residence 828 Marion street, aged 73 years.

The funeral services of the elder Mrs. Veatch will be held from the parlors of Webb & Clough Wednesday at 3 p. m. Rev. F. T. Porter will officiate and burial will be in Odd Fellows cemetery.

Alcinda Lawrence Veatch was born in Boone County, Missouri, April 23, 1842, and moved with her parents to Davis County, Iowa, when about six years old. She was married to J. P. Veatch, who survives her, April 26, 1860, in Iowa and crossed the plains to Oregon in 1863, settling in La Grande, Union County. She moved to Salem in 1865, where she has remained ever since. She was a mother of nine children, two sons and seven daughters; two of the daughters, Mary and Myrtle, died in 1880. The surviving children are A. W. Veatch of Salem and J. W. Veatch of Boise, Idaho; the daughters are Mrs. Olive Owens and Mrs. Anna Pape of Portland, Mrs. Alice Wynne of Cottage Grove, Mrs. Carrie Tibbals of Port Casey, Wash., and Ethel Tummerneau of Salem. She leaves two brothers, W. N. and G. C. Lawrence of Portland, and four sisters, Miss Mary F. Lawrence and Mrs. Anna Hasking of Portland, Mrs. Belle Bray and Mrs. Ella Newman of California. She has passed nearly fiftey years in Salem, where she was well and favorably known and her many friends will sincerely mourn her loss. She suffered a stroke of paralysis about six years ago, from which she never recovered and four weeks ago was taken with another stroke. In her last hour she was surrounded by her husband and children with the exception of John W. Veatch of Boise, Idaho, who was detained on account of the death of his wife, which occurred Saturday.

Olivia Masher Veatch, the beloved wife of John W. Veatch, formerly of this city, and now of Boise, Idaho, died at the home of her sister, Mrs. Jack West of Seattle, Saturday, August 21, 1915. Mrs. Veatch had been ill several weeks and accompanied by her daughter Leona was taken to her sister's home last Wednesday in hopes that the lower altitude would be of benefit to her.

Besides her husband, John W. Veatch, she leaves two daughters, Leona and Helen. The remains are enroute to Idaho for burial.—Salem Journal, Aug. 27.

William Farnum

is the eminent star who can be best described as 'the favarite hero of millions." Upon the legitimate stage he achieved fame and wealth as Ben Hur, Ingomar, The Prince of India and other classic roles. In joining the William Fox forces Mr. Farnum announced his intention of permanently abandoning the spoken for the silent stage. He believes in the vast possibilities of the film and is enthusiastic over his work for William Fox, who has an exclusive contract with this most popular of players. Under the Fox management Mr. Farnum has been featured in "Sampson," "A Gilded Fool," "The Nigger," "The Plundered" and "The Bondman."

"Sampson" has been shown here and "The Gilded Fool" will be shown at The Arcade Wednesday, Sept. 8. All the others will be shown at The Arcade in the near future.

PLEASES THE PEOPLE

Al G. Barnes Wild Animal Show Gets Liberal Patronage.

Al G. Barnes exhibited at Cottage Grove Monday and was well patronized. It is claimed that this is the largest wild animal show in the world. It is almost twice the size that it was when it exhibited here last. It is strictly and exclusively a trained animal show and the collection of beasts of the jungle is about as good as the best on the road. The attaches are courteous and polite. The street parade was witnessed by a big crowd and was full of novelties. Altogether, it was the best show that has visited Cottage Grove and will be welcomed back again next year.

PASSENGERS ON WAR ZONE SHIPS BEING TAGGED

Indentification Tags Given in Case German Submarine Might Torpedo French Liner.

New York, Aug. 30.—Passengers arriving here today aboard the steamer Ecpagne from Bordeaux, wore identification tags, issued to them before sailing, so that they might be identifed in case German submarines should send their shop to the bottom, while they were passing through the war zone. It was the first time that such tags had been worn by passengers aboard a liner reaching here from Europe since the war began.

The trip, however, was without special incident.

Among the passengers was Dr. C. Burns Craig of New York Neurological Institute, who had been in Paris ten months, studying the effect of constant firing on the nerves of soldires. Dr. Craig said that the whine of rifle bullets was apparently not harmful to the nervous systems of the men in the trenches, as they soon became accustomed to it, but that the crashing of big guns had very serious effects as the sound shattered the nerves and made some of the men insane.

Salmon Run So Far Fails

Seattle, Wash., Aug. 28.—The humpback salmon run in Puget Sound, which should have begun about July 20 and was expected to have been large, this being the quadrennial big year, has failed thus far, the catch being only five per cent of expectations. Five hundred boats, valued, with their seines, at $3,000,000, are waiting for the run, and have not yet abandoned hope.

BARNES' CIRCUS IS DEFENDANT IN SUIT

Parents of Albany Boy Who Fell from Seat Breaking Arm Ask $5000 Damages.

Suit asking $5000 damages alleged to have been sustained by Guy L. Hill, 9 years old, when he fell from a seat, breaking his arm, while attending the Barnes circus at Albany, August 26, has been filed in circuit court at Salem by Jessie Mosier, guardian of the boy, against Al G. Barnes, proprietor of the circus.

Barnes claims that he had the boy cared for following the accident, paying a doctor's services and $20 additional and that he has a receipt in full signed by Mrs. Mosier from any claim arising as a result of the injury. Mr. Barnes stated last night that he believed that showing the receipt and release when the case comes up for hearing would relieve him of responsibility in the matter.

The boy, it is said, had both bones of his right arm below the elbow broken when he fell about ten feet from a seat to the ground. It is alleged there was no guard or protection to prevent the fall.—Eugene Guard.
