Aug. 30.—Mrs. Marquiss, a sister of Mrs. G. A. Harnden, is a visitor at the Harnden home.
Mrs. Annie Sevan, who has been at the Sharon home for a year or more, started for her home in London, Ontario, Canada, Wednesday morning. On Friday evening a dispatch to her friend, Mrs. Sevan, here informed her that Mrs. Sevan had been informed from the train at Cheyenne, Wyo., very dangerously ill and was not able to make the rest of the journey alone. The daughter with whom she makes her home in London, Ontario, was also notified and nothing more has been heard. Mrs. Sevan has a weak heart and being 70 years of age and very nervous was overcome doubtless by the high altitude of Wyoming.
Mr. Gibbons and Mr. Johnston were in Eugene on business Friday.
L. L. Whitcomb has bought the pretty little Jersey cow belonging to Mr. Queener.
Who is to tell the exact temperature of this little valley? On Saturday at 3:30 p. m. at the Booth-Kelley store the mercury stood at 93, at Mr. Moody's home at 98 and at the McKinney home 90 only. But we all agree it was plenty warm.

INSTRUCTIONS TO TAX COLLECTORS

Aug. 19, 1915.—On February 26, 1915, this commission sent instructions to each County Treasurer (then Tax Collector) advising on certain matters of procedure in tax collections of the current year. Such instructions are here repeated, in substance, with additional advice which now appears in order:

1. Where one-half of the 1914 taxes on any property was paid before April 1, 1915, the second half may be paid any time before October 1, 1915, without penalty or interest; if the second half is not paid it will become delinquent on October 1 and be then subject to a penalty of 10 per cent and interest at the rate of 12 per cent per annum from said date.
2. Where one-half was not paid before April 1, 1915, a penalty of one per cent for each calendar month or part thereof, on the total amount unpaid, commences during the period beginning April 1 and ending August 31, 1915. For illustration, if a tax bill as charged on the roll totals \$100.00 and the full amount is paid in the month of August, a penalty of 5 per cent (\$5.00) is to be added thereto. These cumulative penalties are not to be collected on or after September 1, 1915, being superseded on that date by the penalties and interest applicable to delinquent taxes.
3. Where one-half of the 1914 taxes on any property was not paid before April 1, 1915, the entire amount unpaid will become delinquent on September 1, 1915, and be then subject to a penalty of 10 per cent and interest at the rate of 12 per cent per annum. For instance, the taxes as originally charged on a certain property amount to \$100.00; if paid in full on September 15, 1915, the total amount required would be \$110.50, a penalty of 10 per cent (\$10.00) and interest at the rate of 12 per cent per annum for 15 days (\$0.50) being added to the original tax.
4. Section 1 of Chapter 156, Laws of 1915, amending Section 3682, Lord's Oregon Laws, and providing in part that "The first half of all taxes legally levied and charged shall be paid on or before the fifth day of April following, and the second half on or before the fifth day of October following," has no application whatever to taxes charged on tax rolls of the year 1914. Said section will become effective in 1916 and apply in the payment of taxes to be charged on the 1915 rolls.
5. Sections 2 and 3 of Chapter 156, Laws of 1915, amending Sections 3682 and 3687, Lord's Oregon Laws, are now in effect. Therefore, the Tax Collector is to make his annual statement and tax return, also proceed to collect taxes on personality, on or immediately after October 5, 1915, instead of September 1 as heretofore.

Spray's Column

This column is devoted to bringing the buyer and seller together, especially to bring them to Spray's store, so you see I have two axes to grind. I want you all to know I want to sell you something or buy something from you. Also I want you all to know what your neighbor has to sell or what he wants to buy. If you have anything to sell, some and see me. If you want to buy, see me. It will cost you not a penny unless I sell the article listed.

Good second hand Hay Press, \$150.00
Pure milk from Spray's dairy at the confectionery stores or your grocer's. Remember, my method of selling milk cuts out the expense of peddling from house to house, making the cheapest milk. Cottage Grove has the best and cheapest milk supply of any town in Oregon. Who did it? Spray. When I commenced selling it was selling at 7c to 9c per quart, measured out of a can in a cup. Everybody had to furnish their own vessel to put it in. Now all the milk sellers use bottles with tight caps put on at the farm and even at the high price of feed are willing to sell at 6c per quart. There is double the milk used in the Grove now that there was before I commenced selling and not one-half the condensed milk used.

Second hand mower, \$10.00.
Jersey red male hog for sale.
McCormack mowers and binders. None better.
Twine and extras on hand.
Second hand wood saw and engine.
A bargain.
Good milk cow for sale.
Try a sack of my mixed chicken feed.
A cheap feed that fills the egg basket.
I have several second hand wagons at a bargain.
Try a sack Golden Loaf flour.
Jersey bull for sale.
One more grubbing machine at a bargain.

Good second hand cook stove for sale.
Feed! Feed! Feed! I want to sell you part of your feed.

Page fence, a spring steel wire. Fence your land and put goats in. They make the brush go and let the grass grow. There is enough brush land tributary to Cottage Grove if it was properly fenced and used for goats and sheep to produce more money than is now produced in the whole county. When I was young, old people told me to put a break in a hen from setting the way to her in a pen and starve her but I find a better way is to feed her all she can eat and her comb will turn red. Instead of setting she will lay eggs. I bought 100 White Leghorn hens of a well known chicken raiser. They weighed less than 3 lbs. each when I bought them. In less than 3 weeks they weighed nearly 4 lbs. and were laying 75 per cent. They needed the last half of the feed. If your hens don't lay eggs I will sell you the feed, and then if they don't lay I will sell you more feed.
