More for Your Dollar Than You Ever Got for It Before

The Big Value That Has Been Placed on the Dollar, Free Show Tickets and Several Prizes Expected to Make Dollar Day Biggest Merchandising Event in History of the City.

All indications are that Dollar Day next Saturday will be by far the biggest business day in the history of the city. Practically every business house in the city that can do so has made special for that day and visitors to the city will be made to understand the meaning of the slogan, "More for Your Dollar Than You Ever Got for It Before."

The giving away of free tickets to the moving picture houses is expected to be a big drawing card, especially in inducing entire families to come.

Another inducement that is expected to bring several large loads to the city is the prizes for largest and second largest load of people in a horse-drawn vehicle. Contestants for this honor must appear in front of the city hall at 10:30 o'clock on that day.

Prizes that have got the interest of the school children and, through them, the interest of the parents, are those offered for collecting the largest number of coupons on that day. Prizes of \$10.00 and \$5.00 will be given for the country school districts collecting the largest and second largest number of these coupons. Like prizes will be given to the grades of the Cottage Grove Common and High Schools collecting the largest and second largest number of coupons. Coupons must be deposited at the office of the Cottage Grove Sentinel not later than 11 o'clock p. m. of Dollar Day.

The biggest drawing card, however, is the big value of the dollar on this day. Below is a list of the bargains for that day which are advertised in this issue of The Sentinel. Look over the list, check the items you are interested in, then look over the ads. until you find the stores or business houses offering the bargains you want.

NEW RURAL ROUTE TO BE ESTABLISHED

People Between Cottage Grove and Diston to Have Benefit of Mail Delivered at Their Doors.

A notice is posted in the Cottage Grove postoffice from the department asking bids for carrying the mails six times per week from Cottage Grove to Diston from Nov. 16 until June 20, 1918. This route has heretofore served only the postoffices at Dorena, Row River, Star, Wildwood and Diston and the service has been performed by the O. P. & E. railroad. It is now proposed to make it a rural route and serve all those along the route who put up mail boxes under the established rules. Sealed bids will be received at the Cottage Grove postoffice until Oct. 26, where full information may be obtained from Postmaster Van Denburg or his assistants. The postoffices at Dorena, Row River, Star, Wildwood and Diston will be affected by this change to some extent.

C. G. PUBLIC SCHOOLS WIN FIRST AT COUNTY FAIR

More Blue Ribbons and First Prizes Come to the Garden Spot of the Willamette Valley.

At the Lane County fair the Cottage Grove public schools won first prize and a blue ribbon for the best agricultural exhibit in Lane County. The prize is a handsome \$50 sterling silver cup which was presented by the Northern Pacific railroad and is now on exhibition at Madsen's. A large part of the exhibit was contributed by Earl and Arthur Stewart who were also first and sweepstakes winners at the state fair and the Cottage Grove fair. Last week, it will be remembered the Sentinel printed an excellent picture of their exhibit. The Stewart boys have certainly done much to advertise this part of the Willamette Valley and deserve due credit for their achievements.

FOOTBALL SEASON TO OPEN FRIDAY

Cottage Grove and Junction City High School Teams Will Bunt the Pig Skin.

The local football season will open Friday afternoon at 3:45 at the ball grounds, when the local high school team lines up against the high school team from Junction City. Cottage Grove has never yet won from Junction City but the local boys are planning a hard fight and should win with an even break in the luck as Junction City has a number of new men in their line-up this year.

The local team will probably line up as follows: White and Spencer, ends; Harding and Wells, tackles; Berg and Combs, guards; R. Veatch, center; Smith, quarterback; Kem, fullback; S. Veatch and Wyatt, halfbacks.

You'll be surprised at the things you do not know that appear in The Sentinel every week. apr7if

Death of a Noted Oregon Woman

Mrs. Abigail Scott Duniway died at Portland Oct. 11. She was known as the "Mother of Suffrage in Oregon" and was the author of several books as well as a number of poems. An exchange says of her: With her parents and her brothers and sisters, Abigail Scott left Illinois by ox team for Oregon in 1852. Her mother died of cholera enroute but the rest of the family arrived safely, settling near La Fayette. Here, after completing her education through her own efforts, Miss Scott was married to the late B. C. Duniway.

Her husband became an invalid soon after their marriage, and upon Mrs. Duniway devolved the duty of providing for a growing family. She had become interested in woman's suffrage meanwhile, and embarked upon the campaign in its behalf from whose activities she never ceased up to the time of her last illness. She canvassed the states of Oregon, Washington and Idaho in behalf of suffrage again and again, traveling by stage and on horseback, devoting the best years and efforts of her life to the cause, and she lived to see woman's suffrage adopted in all three of the northwest states.

SPRAY PEACH TREES WITH 6-6-50 FORMULA

Protect peach trees from California peach blight by spraying with the 6-6-50 formula Bordeaux mixture applied between Oct. 20 and Nov. 1. If trees are not badly infected the lime-sulphur solution, one part to ten of water will give good results if trees are well sprayed.

For anthracnose on young apple and pear trees use either of the above sprays; apply between Oct. 20 and Nov. 15.

For old apple trees where both anthracnose and scale are present use the lime-sulphur solution one part to nine of water; apply as soon as most of the leaves are off.

Mr. and Mrs. S. K. Lewis, J. H. Lewis and Mr. and Mrs. Robert Earl attended a reunion of the Lewis family at Foster Oct. 10 and 11.

Will You Trade Your Spare Moments for an Automobile?

Dale Guffey Arrested—Sheriff Parker left Sunday for Visalia, Calif., to take Dale Guffey, alleged bigamist, into custody for trial at Eugene.

Guffey is said to have had a criminal record before coming to Eugene, according to information in the hands of District Attorney Devers and Sheriff Parker. This information was obtained after he had made his escape from jail. The records show that he was sent to the Iowa state penitentiary at Anamosa Feb. 8, 1908, for a term of ten years for robbery, and after having served three years, nine months and fifteen days, he was paroled. He was sentenced under the name of "Dave" Guffey. The records also show that before going east he was committed to the state reformatory school at Whittier, Calif., May 6, 1905, and escaped from that institution. He went by the name of "Dade" Guffey at that time.

Obituary

Mrs. Nancy Stewart was one of the pioneers of Oregon and of Lane County. Her maiden name was Matheny. She was born April 11, 1837, and died in Cottage Grove, Ore., Oct. 8, 1915, being 77 years, 5 months and 29 days of age. Her birthplace was in the state of Illinois. When but ten years of age she crossed the plains with her parents and spent the winter of 1847 near Wheatland, Yamhill County. In the spring of 1848 she moved with her parents to California to the gold mines, returning to Oregon in the fall of 1849. Her father settled on what is known as the Lafolett family farm in Marion County. At the early age of sixteen she was united in marriage to Wm. P. Allen of Amity, Ore. To this union seven children were born: John Wesley, Matilda Jane, George M., Delia Ann, Elmer E., Ulysses Grant and Albert E. In June 1869 the family moved to Lane County and settled at Big Prairie, now known as Oakridge. Here the husband and father died in 1879 and was buried on the old homestead. The mother and children shortly afterward moved to the valley, where three years later she was married to James Stewart of Goshen. James Stewart died in February, 1899.

Aunt Nancy, as she was lovingly called, continued to live in Goshen until seven years ago, since when she had lived with her children, making her most permanent home with her daughter, Mrs. Jackson, in Cottage Grove. Six children are still living; Delia departed this life Nov. 15, 1886. One sister older than deceased still lives.

Short services were held at the Jackson home and regular burial services at Goshen on Monday. Burial in Pleasant Hill cemetery.

That's the Proposition in a Nut Shell.—You Invest a Small Part of Your Time and Cannot Lose for Our Commission Offer Protects You.

YOU WANT AN AUTOMOBILE? NOW IS THE OPPORTUNITY

Spend Your Summer Evenings in a Ford Touring Car.—The Beauties of Summer Cannot Better Be Seen Any Other Way.—It Can Be Yours.

Here is the chance for you to get the best end of the bargain. It is better than an even trade, and you are getting the best side of the trade. When we start anything we figure on going the limit, and so when we decided to run a campaign we decided to get an expert to handle it, and do nothing else. He has chosen the prizes which are more than generous.

We are speaking to you because you or any other man, woman or child in Southern Oregon are eligible. You have, no doubt, longed many a day for the pleasures of an automobile, so for that reason, we are giving as grand prize a brand new 1916 Model Ford Touring Car—the car with a thousand victories, with no sands too deep or hills too steep; that has seen most and proven to be the greatest auto value of the modern age. This, the best commercial car on the market today, is yours for the use of your spare time. It is equipped with all the latest improvements, including electric lights. The Ford Five Passenger Touring Car is roomy, easy riding, a luxury obtained by only a few weeks' work, that without a doubt, would take you months or years otherwise to get. Again we do not ask you to put in all of your time. All we ask for is your spare time. Think of it! An hour a day used systematically, with the earnestness in the work, will give you the opportunity to possess our first prize.

What do you say? You want a car. You could not pick a better one to save your life. Opportunity is knocking at your door and you know that Opportunity knocks but once, so fill out the nomination blank included in the big advertisement on another page of this issue, and send it in at once.

Start early and work steadily. Action, you know, is the keynote of success. You cannot lose a cent because the commission of ten per cent to all members making a cash report each week of the campaign and not winning a prize, absolutely protects you. Now is the time to act while others are dreaming. Send in your nomination, for that will get you 5,000 votes to start with. What is the use of dreaming, when a little spare time invested will make your dreams come true?

A beautiful diamond will be given to the member having the second highest number of votes at the conclusion of the campaign. For third prize we have selected a beautiful kitchen cabinet from Knowles & Graber's hardware and furniture store, and it is on exhibition at their place of business.

For fourth prize we will give a business college scholarship in the Eugene business college.

A beautiful kodak will be given as fifth prize. Five prizes to the five ambitious members at the conclusion of this campaign. Some would say that we are giving a magnificent list of prizes, but we have not stopped with the prizes. We are going to give every member in the campaign, that does not win a prize and makes a cash report each week of the campaign, TEN PER CENT OF ALL THE MONEY THEY TURN IN.

If you fail to win one of the prizes you will still be able to be doubly repaid for your time in some of the other prizes. But the auto is what you want, and if you will spend your time well and systematically, you will be able to win it, but if you do not, remember that there is still a good prize coming to you, and then if you fail on them you will be well repaid for your time by the cash commission of ten per cent.

Hens Reward Kind Act

E. R. Spencer is firmly of the opinion that the hen is a wise and grateful animal, or bird. A few days ago he took home a sack of feed in his car (rather, his Ford) and fed the hens from the sack before removing it from the car (Ford). The next morning one of the hens got into the car to gather up stray kernels and as a memorial of its gratefulness made a deposit of a valuable nature and worth at current prices about 30 cents a dozen.

So say the farmers. But who ever saw a pleasanter Indian summer than we are having?
