A large number of relatives were present, having gathered for their usual Thanksgiving reunion. Just before the dinner the bride appeared on her father's arm and he presented her to the groom. Rev. Aldrich performed the ceremony. The bride was dressed in pink silk and carried white chrysanthemums. The day was the anniversary of the wedding of the parents of the bride, which took place in the same room.

The M. P. G. Club met yesterday with Mrs. C. E. Frost. Every member was present. There were no guests. The afternoon was spent in the usual manner and dainty refreshments served.

Salt in Cocoa—When making a cup of cocoa, put into it (when mixed) a pinch of salt, and you will find a great improvement in the flavor. This also takes away the watery taste.

The committee stated that it had learned through investigation that the price of potatoes varies from 25 cents to 50 cents per barrel containing two and three-quarter bushels and that potatoes fed to hogs were worth from 20 to 25 cents a bushel. For this reason the committee reported unfavorably.

If you are going to use canned food empty it into a china or glass at once after opening. Never put any kind of food away in tin.

Meat or fish to be fried should be removed from the ice some time before or it will cool the fat and absorb the grease.

## \$5,000 FOR MILITARY ROAD

Pomona Grange Committee Gives Part of Its Allowance.

As the tentative road budget of the county court has already been made up, the commercial club committee, which called upon the court Monday asking that \$10,000 be set aside in the budget for the improvement of the old military wagon road up the Willamette and over the summit of the Cascades, was requested to confer with the road and highway committee of the Pomona grange to ascertain whether the latter would be willing to divide the amount set aside in the budget for the Eugene-to-coast road.

The court has provided in the budget a levy of a half mill for the "coast road or road improvement," as it is put in the budget. This will yield about \$18,000 for this purpose. The commercial club committee held a session with the grange committee as requested, and it was agreed by the latter to recommend that the sum of \$5,000 be set aside for the military road improvement.

Efforts are being made to make a through highway from the valley to central Oregon out of the old military road. Formerly this route was used a great deal and in preference to the McKenzie pass, but lately the latter has been much easier to travel and the old road has been allowed to lie neglected. But last summer several cars crossed the summit by that route, not without a great deal of difficulty, however. Each driver declared that with a few thousand dollars expended upon the road, it could be placed in good condition for extensive motor travel.

## MAN DOESN'T KNOW HE WAS THOUGHT TO BE DEAD

Charles Sturgess does not know of his supposed death nor of the finding of the body of a man thought to have been his near Marcola in Lane County last April. Sturgess is the man who appeared at the home of his parents at Canby, Ore., when they thought he was dead and buried in the little cemetery near the old home. Few are allowed to see Sturgess, and those under restrictions, for fear of the effect the weird story may have upon his mind. He is a former inmate of the state insane asylum at Salem and escaped from the institution a short time before the finding of the body of the unknown man near Marcola, supposed at the time to be his. This is the story that comes to Eugene from Canby.

Overjoyed with the return of his son, but still weak from the shock of his totally unexpected arrival, Mr. and Mrs. Oscar Sturgess are slowly recovering and the family physician says they are out of danger. They were in a critical condition and it was feared that Mrs. Sturgess, who is 61 years of age, might die as the result of the unexpected arrival of their long lost son.

More light has been thrown upon the mystery of the man found dead in this county, but his identity is not yet known. Sturgess says that several other inmates of the asylum escaped when he got away. In order to confuse the authorities, he says, they changed clothing. The man found dead near Marcola might have had on Sturgess' clothing and he was doubtless one of those who escaped at that time.

Sturgess is said to be nearer sane at the present time than for years past and it is the fear of his relatives and friends that his mind may give away again that keeps them from telling him of the story of the other man.

### Registration Begins January

Registration for the 1916 elections will begin in the office of County Clerk S. M. Russell on Tuesday, January 4, and already the clerk has received supplies from the secretary of state for the work. People throughout the county are also beginning to file their petitions for changes in the voting precincts. The changes must be made by the county court during the December term or they cannot be made until next year.

Under the new registration law, which it is hoped will remain without any amendments or tinkering, as the several years passed during the past several years have been subjected to, requires one registration of a voter unless he changes his precinct or fails to vote within two years after registering. In either case he will have to register again.

In county seats voters are compelled to register with the county clerk, but in outside precincts special registration clerks are appointed.

Under the new law the card system is used, and the voter will sign his name only once instead of two or three times as under previous laws.

### Capt. Collins to Leave

Captain Robert W. Collins, U. S. A., who has been stationed in Eugene for the past four years as instructor of the coast artillery corps of the O. N. G., will be transferred to the Thirtieth company, C. A. C., February 22, 1916, according to orders received by him from the war department, having been retired from duty as inspector-instructor of the artillery branch of the militia in Oregon. The Thirtieth company is stationed at Fort Worden, Wash., on Puget Sound, 30 miles from Seattle.

## HAS FAITH IN QUICK REMEDY FOR CATARRH

The Modern Pharmacy Guarantees That Hyomei Will Relieve the Worst Cases of Catarrh in Cottage Grove.

When one of the most reputable concerns in Cottage Grove guarantees that a medicine will produce benefit or they will refund the money, it speaks volumes for the merits of that remedy. It is in this way that The Modern Pharmacy are selling Hyomei, the treatment that has helped so many cases of both acute and chronic catarrh in Cottage Grove and vicinity.

Hyomei is not a pill nor is it a spray or a lotion that must be rubbed in. It is an oil, the air of which you just breathe in your nose, throat and lungs by the aid of an inhaler that comes with every outfit. Benefit will usually be seen from the very first treatment.

This air destroys all germ life in the air passages and lungs and enriches and purifies the blood with the additional ozone it supplies. It banishes catarrh of the head and throat and respiratory organs. Wherever these mucous membranes contain catarrhal germs, there Hyomei will do its work of healing.

The complete Hyomei outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks' treatment.

Remember that if Hyomei does not relieve you The Modern Pharmacy will refund your money. dec1-8

### WAR UPON PAIN!

Pain is a visitor in every home and usually it comes quite unexpectedly. But you are prepared for every emergency if you keep a small bottle of Sloan's Liniment handy. It is the greatest pain killer ever discovered. Simply laid on the skin—no rubbing required—it drives the pain away. It is really wonderful.

Mervin H. Soister, Berkley, Cal., writes: "Last Saturday, after tramping around the Panama Exposition with wet feet, I came home with my neck so stiff that I couldn't turn. I applied Sloan's Liniment freely and went to bed. To my surprise next morning the stiffness had almost disappeared, four hours after the second application I was as good as new." March, 1915. ### DO YOU FEEL HEADACHY?

LOOK TO YOUR STOMACH

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way The Modern Pharmacy, the popular drug store, are selling Mi-o-na, the standard dyspepsia remedy.

Never before have they had so large a number of customers tell them that a medicine has been successful as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for anyone suffering or making their friends suffer on account of dyspepsia. Mi-o-na can always be relied upon. The percentage of cures is so great that there is little risk to The Modern Pharmacy in guaranteeing to return the money if the medicine does not relieve. And they stand ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, and all forms of liver trouble are helped by Mi-o-na. A few days' treatment should show considerable gain in health while a complete cure often follows rapidly.
