## Footwear for Stylish WOMEN

Every well dressed woman knows that it requires thoughtful designing, careful cutting, and a deft putting together of the separate parts to make good looking clothes that will hold their own. While this is true to a certain extent about dresses, it is tenfold more true about shoes.

A whole factory full of people—each one an expert in the task assigned—work every week day designing, cutting and making

"Society" Shoes for women. The beauty, style and finish in all "Society" Shoes are evidences of the careful workmanship and good materials put into them.

## ATTENDANCE IN COUNTRY IS 94 PER CENT

Pupils in Supervisory District No. 1 Reaches 2778 Despite Unfavorable Weather.

In spite of the fact that it rained every day this month, the attendance of pupils in this supervisory district averaged 94 per cent. Sixty-two out of the 78 districts reported correctly and on time, according to the report of Supervisor O'Reilly. Among other interesting facts contained in the supervisor's statement, the following are noted: Pupils in school at the time of the last report, 2840; new pupils entered during the month, 147; pupils dropped on account of sickness, removal from district, etc., 187; pupils readmitted during the month, 87, making a net gain for the month of 47 pupils. There were 232 visits by parents, and 87 visits by members of the school board. Out of the 62 districts reporting on time, 54 have been placed on the roll of honor for having made an average attendance of 95 per cent or more. Out of a total of 43,900 days' attendance there were only 518 cases of absence.

### Good Roads for All—How to Get Them.

By a unanimous vote the grange has decided that on Saturday, December 4, it will devote the lecture hour and as much of the rest of the afternoon as seems best to the discussion of the good roads problem in all its phases, but with special reference to the seemingly conflicting claims of Pacific Highway and the business side-roads, or the tourist's roads versus the farmers' roads. At the close of the discussion a committee will be appointed to draft resolutions looking to a joint ac-

tion by the granges of the county upon this all-important matter.

All interested in good roads are invited to be present and to participate in the discussion.

MRS. H. M. DeLONG, Lecturer.

### An Appropriate Gift.

Possibly you have been puzzled about what to send some friend for a Christmas present. A year's subscription to The Sentinel may be just the thing.

In all modesty we can truthfully say that there are many who would appreciate and enjoy it as much as they would some token that would cost you many more times than the paper.

Take, for instance, your friends or relatives in a distant state who once lived in or near Cottage Grove and who retain a fondness for old acquaintances. Don't you think they would find much satisfaction and a great deal of pleasure out of reading a copy of The Sentinel once a week during the coming year? And wouldn't they be grateful to the person who was thoughtful enough to send them the paper?

If you want to make a gift that will be enjoyed during the entire twelve months of the year, a subscription to The Sentinel is the thing. And then, too, it is not expensive.

### Horticultural Society Meets.

The annual meeting of the Lane County Horticultural Society will be held at the commercial club rooms at Eugene Saturday, December 4, at 2 p. m. Election of officers for the ensuing year, question of meeting quarterly instead of monthly and arrangement of program for the year will be the principal items of business. All members have been urged to be present. C. E. Stewart and E. L. Klemer will give reports of the state horticultural meeting at Corvallis.

During the lecture hour Saturday the grange will be open for the discussion of roads, with special reference to the proposal to lay a permanent surface on Pacific Highway throughout the county.

The lecture hour is at 1:30 and all those interested are invited to attend.

Speaking of the address of Prof. A. L. Zacharias at the recent teachers' institute, the Eugene Register says: A. L. Zacharias, of Cottage Grove, ably discussed the subject of character building. He is a fluent talker and cited many instances and examples to bring out his point.

### Notice to Lodges.

The Sentinel requests the secretaries of all lodges to furnish the names of newly-elected officers for publication.

### Card of Thanks.

We wish to express our sincere thanks to those who were so kind to us in our recent bereavement.
