Special Feature at Rex Theater.

For Monay and Tuesday of next week the management of the Rex Theater has a special offering in the Pathe "Gold Rooster" play "Nedra." This great drama, written by George Barr McCutcheon, is one of the strongest productions Cottage Grove has had an opportunity to see for some time, and when it is taken into consideration that it is directed by that well-know actor-director Edward Jose, it is hard to think of it not being far above the ordinary feature. Two well-known stars are featured in this play and both of them won laurels on Broadway before they entered the moving picture field. They are Miss Fania Marinoff and Miss Margaret Green. This picture is made by the well-known Pathe company.

Wednesday, Jan. 12, is the starting of that serial that has caused such favorable comment from the educators of the country as it portrays our own navy in such a realistic manner and is authentic as it was taken with the permission of Secretary of the Navy Daniels and some of the pictures taken were used as government records.

Boy Who Shoots "Tourist" Found.

Deputy Sheriff Pitcher has learned the name of the boy responsible for shooting Ed. Peterson, the "tourist," in the foot last week with a .22 rifle. The boy admits being in the vicinity that the shooting occurred at the time it is said to have happened. He did not know that he injured anyone, but admits that he must be guilty because there was no one else in the vicinity with a rifle at the time. The Sentinel understood that no legal action against the boy has yet been taken.

MARTIN AND ANDERSON KILL BIG COUGAR

Harry Martin and Albert Anderson returned yesterday from the head waters of Mosby Creek with the pelt of a fair-sized cougar. The fur in one of the finest ever found on a big cat killed here. Albert expects to take it back to Montana to make clothing to keep him warm when the thermometer begins doing the hoochi koochi around the 50-below mark. The animal was easily trailed through the fresh snow and was quickly treed by Martin's Airedales. Both of the men shot at the cat at the same time. Only one shot took effect and there is some doubt as to whom the credit is due. One of the dogs was wounded in the fight of killing the cat after it fell to the ground. Anderson says the Oregon jungles have got the Montana prairies backed off the map.

Terrible Catastrophe—Rev. Sutcliffe Bereft of Words.

Idaho Falls Post: Probably the most surprised man in Idaho Falls on Friday evening was Robert Sutcliffe, pastor of the Presbyterian church. He was in attendance at the Christmas exercises given by the pupils of the Sunday school. After the attractive and enjoyable program was concluded Santa Claus was introduced. His first journey was to the dominie sitting in the middle aisle of the edifice, which was crowded to the doors. Santa passed the preacher a package which, when opened, was found to contain five brand new twenty dollar bills along with this salutation:

"To Dr. Sutcliffe: An appreciation of your work and with best wishes from your members and congregation." As all know the reverend gentleman is seldom at a loss for words with which to express his thoughts but upon this occasion, when he arose to thank his people for their most generous gift of one hundred dollars, he was visibly affected and his sentences did not come at all readily.

At the Sunday morning service he referred to the gift and the thoughtfulness of the givers and pledged himself anew to the upbuilding of the society.

With the twelve he received into fellowship during the hour of worship, Dr. Sutcliffe, as a result of the splendid cooperation of his people, has added no less than forty-one to the membership roll since he became pastor not yet four months ago. Others are to take this important step in the near future.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when entirely closed, Deafness is the result, and unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Medicine. Send for circulars, free.
