last one.

OREGON HAS GREAT FUTURE AS CORN STATE

St. Paul, Minn., Jan. 25, 1916.—
"The northwestern states have made
the most amazing progress in corn rais-
ing that can be recalled in the history
of the production of this grain in any
particular section of the United
States," according to Prof. E. A. Moore
of the Wisconsin Agricultural college
who today made the awards for the
men's exhibits in the First National
Corn Show held in the new mammoth
Hill Railway building, this city. The
trophy cups were given by the First
National Bank and Northwestern Trust
Company. Prof. Moore said "Minne-
sota, Wisconsin, the Dakotas, Montana,
Idaho, Washington and Oregon have a
wonderful future in the production of
corn and this means a corresponding
progress in livestock raising." There
were no sweepstakes, the competition
being confined to the districts of the
eight states named. Following are the
awards for the Oregon districts:
Oregon District No. 1:
1st—E. L. Tate, Riverview.
2nd—F. C. Fry, Nyssa.
3rd—F. C. Fry, Nyssa.
4th—H. S. Shangle, Milton.
District No. 2:
1st—P. H. Samuelson, Brownsville.
2nd—A. T. Cline, Mt. Angel.
3rd—F. Borgelt, Salem.
4th—J. W. Wolfe, Brownsville.

WOULD SELL FAIR GROUNDS TO COUNTY

The majority of the members of the
Lane County Agricultural association
expressed themselves as being in favor
of the sale of the fair grounds, 11th
Avenue east, to Lane county, at the an-
nual meeting held in the commercial
club rooms last week. The fair grounds
is owned by the association.
Although no decisive vote was taken,
a majority of the stockholders favored
the plan to sell the land to the county
for \$20,000 and added indebtedness
which would probably amount to \$5000.
The state legislature at the last session
passed a bill providing that the grounds
could be purchased for this amount, sub-
ject to a vote of the people.
At the meeting last night it was de-
cided to have the board of directors
meet in the near future and decide upon
the question of whether an offer to sell
shall be made.
Henry W. Stewart was re-elected pres-
ident of the society at the meeting. E.
O. Potter was elected vice president;
J. M. Williams, secretary; and W. T.
Gordon, treasurer.
The directors were elected as fol-
lows: H. W. Stewart, M. M. Davis, J.
M. Williams, E. L. Armistead, C. O. Pet-
erson and E. O. Potter.

FEW FARMS ARE SUCCESS

Some Yield Five Per Cent on Invest-
ment and More.
Twenty per cent of the Lane county
farms which were given a government
survey last fall by H. F. Keyes, farm
management demonstrator, working un-
der the United States department of
agriculture, co-operating with the Ore-
gon agricultural college, are paying
their owners a thousand dollars above
five per cent upon the investment, is
the report made by Mr. Keyes.
Mr. Keyes is now returning to the
farmers the papers made out after the
survey was made. He shows them
wherein they might improve upon their
system of farm management.
Mr. Keyes made a survey of 98 farms
in Lane county and made reports upon
92. When asked how the farms which
he examined compare with those of
other states and counties where he has
worked he replied: "Poorer than some
and better than some."

Grove has been unaffected by the go-

There were no saloons here and had

only effect was upon private shipments.
These continue as before, except that
the quantities are not so large. The
Wells Fargo Co. express reports the re-

larger packages have come by freight.

BRIEF WAR NEWS

A trench taken by the Austro-Hun-
garians from the Italians near the
Tolmino bridgehead and an increase
in the Italian bombardment of this re-
gion form the chief events on the Aus-
tro-Italian line.
In Montenegro the Austro-Hun-
garians continue their pursuit of the
Montenegrins, capturing from them
positions and men. Podgoditza, to the
east of Cetinje, and Nisc are the lat-
est places reported evacuated.
Successes for the Russians in the
fighting in Persia are asserted by Pe-
trograd. In its official statement, Pe-
trograd makes the first announcement
that the Germans are fighting with the
Turks in this region. The Turks in
retreat along the Tigris are those who
have been holding back the British
column proceeding up the river to the
relief of the British at Kut-el-Amara.
The Turks are now being attacked by
both Russians and British. In the
Caucasus the Russians, reinforced, are
on the offensive along a front of al-
most 100 miles, while in Mesopotamia
the British have forced the retirement
of the Ottoman troops along both
banks of the Tigris river to the south
of Kut-el-Amara, and still are closely
pressing them on the east and the
north.
On the other fronts, except in Mon-
tenegro, little fighting is in progress.
The offensive of the Russians in East
Galicia and along the Bessarabian
front has died down again. On the
line in France and Belgium the opera-
tions have consisted mainly of artil-
lery duels and mining and counter-
mining work. The big British guns
have thrown shells into Lille, but Ber-
lin says only slight damage was done.
