One stroke of a bell in a thick fog does not give any lasting impression of its location, but when followed by repeated strokes at regular intervals the densest fog or the darkest night can not long conceal its whereabouts. Likewise a single insertion of an advertisement—as compared with regular and systematic advertising—is in its effect not unlike a sound which, heard but faintly once, is lost in space and soon forgot.

Here and There About Plays and Players

Beautiful Mae Marsh Again.  
For Saturday the Rex theater has a special four-reel Mutual Master Picture, "The Outlaw's Revenge." In the dawn of a new republic. An overpowering melodrama of sentiment and adventure. Mexico—the land of real life—is the scene of this thrilling romance below the Rio Grande. Through the rapidly shifting pictures—punctuated with hair-raising incidents—there moves the masterful figure of "The Outlaw"—a fine solid type, for the play is drawn from a tragedy in the early life of a famous Mexican general when he was chief of a band that formed the beginning of the rebel army. There is much that is grim and tense in this picture-story, but it is softened by little touches of sentiment that give it added interest and charm. There are battle scenes with real Mexican soldiers and the stirring events that had to do with the "dawn of a new republic" are pictured, for they were not only taken in Mexico, but the cameraman actually risked his life on the firing line that he might get some real scenes of terrific fighting in field and trench.

"The Outlaw's Revenge" is well produced by a well chosen company featuring the ever popular Mae Marsh. It is also educational, for it tells the truth about Mexico and the actual conditions in that torn and distracted nation.

Local Favorite to Appear at Rex

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## CARRY STOMACH JOY IN YOUR VEST POCKET

Modern Pharmacy Has Such Faith in This Dyspepsia Remedy That They Guarantee It.

One of the greatest successes in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that the Modern Pharmacy, the popular druggists, have hard work to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, worry, or other causes, have found relief in this reliable remedy.

Mi-o-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case, no matter of how long standing. This remedy has been so uniformly successful that the Modern Pharmacy will in the future sell Mi-o-na under a positive guarantee to refund the money if it should not prove entirely satisfactory. Jan 26 f 2.

Kirk is a young man of high social position and great wealth; he is a student and learned in the lore of ancient tablets and forgotten books. His keen mind delights in those mysteries which have proven too shadowy for the police. He finds a joy in the hunt; there is a thrill in matching his intelligence against the craft of the criminal.

In "An Affair of Three Nations" his swift mind and sure touch prevent an international crisis. Count Devenoff's dissolute son is offered a large sum of money by the head of the Japanese spy system in Washington, to deliver to him a secret treaty in Count Devenoff's possession. This treaty was made between Russia and the United States when Russia was falling from disaster to disaster in her war with Japan, and would cause a grave break between Japan and the U. S., should the former get possession of it. The son succeeds in getting the paper, but is discovered by his father, Count Devenoff, accused of stealing the treaty, is sent to the war in disgrace, where he is killed. The paper falls into the hands of one Dr. Morse, an American surgeon, serving with the Russian army. A Jap spy sees this. Sometime later, in America, Morse is murdered. Ashton-Kirk takes up the case, and after unraveling many mysteries and having some extremely exciting experiences, manages to save the treaty from falling into the wrong hands, thus averting war.

## Striking Set Used in Picture.

One of the most striking sets ever constructed for a picture was that used by Essanay in "The House of Revelation," a three-act photodrama. The scene is a reproduction of the interior of a castle built in England during the fourteenth century. It took weeks of search through antique shops in many corners of the United States to obtain the furniture used in this production.

## Cottage Grove Favorite to Appear

On March 20 and 21, Miss Ruth Roland will be seen in a Pathe Gold Reoster picture at the Rex theater. The name of the picture is "Comrade John," the famous novel by Samuel Merwin and Hy. Kitchell Webster, and produced by the well known Balboa company. Miss Roland will be remembered as the star in "Who Pays."

## Clayton and Company Coming to Rex.

In order to fill in a date between Roseburg and Eugene, the Clayton company have decided to stop here for two nights, Feb. 7 and 8. Clayton is called "The White Man of India," and answers any questions that anyone may wish to ask him, either in private or public.

## SIMPLE REMEDY FOR CATARRH

Just Breath Hyomei Four Times a Day and Be Relieved.

A few years ago if some one had said you could treat catarrh by breathing air charged with a healing balsam, the idea would have been ridiculed and it remained for that eminent investigator, R. T. Booth, to discover in Hyomei this wonderful method of treatment.

Hyomei has performed almost miraculous results in treating catarrh and is today recognized by thousands of people as the only advertised remedy for catarrh that can be relied upon to do just what it claims. The complete outfit of Hyomei is inexpensive and consists of an inhaler, a medicine dropper and a bottle of Hyomei.

Breath the air of Hyomei through the little inhaler druggists will furnish with it for a few minutes four times a day and it will help the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and effects complete and lasting relief.

In Cottage Grove there are scores of well known people who have been relieved of catarrh by Hyomei. If it does not help you the Modern Pharmacy will return your money you paid for Hyomei. This is the strongest evidence that can be offered as to their faith in this remedy. Jan 26 f 2.
