Copyright 1914 by R. J. Reynolds Tobacco Co.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made *three* men smoke times where one smoked before!

Try it yourself—

if you want *personal* and *positive* information as to how delightful Prince Albert really is, smoked in a jimmy pipe or rolled into the best makin's cigarette you ever set-fire-to!

For, Prince Albert has a wonderful message of pipe-peace and makin's peace for every man. It will revolutionize your smoke ideas and ideals. The patented process fixes that—and cuts out bite and parch!

PRINCE ALBERT

the national joy smoke

is so friendly to your tongue and taste that it is mighty easy to get acquainted with. You'll like every pipeful or cigarette *better than the last* because it is so cool and fragrant and long-burning. You'll just sit back and ponder *why* you have kept away from such joy'us smokings for so long a time!

Men, we tell you Prince Albert is all we claim for it. You'll understand just how different our patented process makes Prince Albert quick as you smoke it!

Buy Prince Albert everywhere tobacco is sold: in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half pound tin humidors and in pound crystal-glass humidors with sponge-moistener tops that keep the tobacco in such prime condition.
