We will take your eggs in exchange at their market value.

We purchased the Watson Mercantile stock from R. S. Sabin of Portland for the cash sum of \$11,776 which was appraised at \$18,096.85. This appraisal was taken at wholesale cost and some of the stock was taken below wholesale cost.

This stock consists of dry goods, clothing, boots and shoes, groceries and implements. We are going to sell out this stock in the shortest time possible at the wholesale price and less than wholesale—this means that we are going to save you from 20% to 50% on all the good clean goods that were purchased by The Watson Mercantile Co.

Remember we are selling you a big lot of new goods that just came in before the store closed and were never unpacked, besides new surplus goods that were stored in the warehouse. Every dollar's worth of this stock is unpacked and marked to sell for wholesale or less than wholesale.

Sale Starts Friday, April 7

A FEW SAMPLE PRICES

An opportunity to buy such goods at wholesale and less than wholesale is really very seldom offered the public.
