Do you care to save that first cutting of clover or that crop of vetch or corn? If you do you need a silo, either of tile, steel, cement or wood. If you are enough interested in this branch of farm necessities let's have a talk. I advocate cows, horses, hogs, sheep, goats, chickens and the proper number of cats on every farm—and a silo to feed 'em from. Also I advocate the SALEM EVER-LASTING TILE SILO to be the silo you will be wise in buying. I build and guarantee them.

EUGENE HAS CANDIDATE FOR QUEEN OF FESTIVAL

Miss Edie Fraasch, Popular University Girl Is Put Forward.

With a blare of trumpets and a declaration that she is in the race to win, Eugene has come forward with a fair candidate for the queen of Portland's annual rose festival. The various interested organizations of the city have united in supporting Miss Edie Fraasch, a popular and talented young woman who is a member of the sophomore class in the University of Oregon. It is thought Miss Fraasch has an excellent chance to win over Portland where popular support is divided among a dozen or more candidates.

Commencing Monday, April 17, votes will appear in both Eugene papers and continue daily for two weeks. The Atlas club of Eugene will exhaust every possible means to induce residents of all parts of Lane county to clip and mail these votes to the club headquarters or the chamber of commerce. Votes will only be good for one week after the date of their appearance and so speed in handling them is essential.

Should Eugene's candidate succeed in getting even sixth place in the contest she will be elected to the position of maid of honor. If Eugene wins, Lane county will have the distinction of being the first in the state to beat Multnomah.
