Miss Matthews Presented in Recital. Eugene Guard, May 6: Miss Ada Matthews was presented in piano recital in Guild hall last evening by the University of Oregon school of music. Although this was Miss Matthews' first appearance, she proved to the small but appreciative audience that much profitable time had been spent by her along musical lines.

Of special mention was the first number given by Miss Matthews, Arin, Scherzo and Intermezzo from Sonata Op. 11, by Schumann. This selection was played with great power and displayed splendid technique. The heavy

parts were given with ease as well as the light and dainty runs which is especially pleasing to any listener. Miss Matthews' last selection, "Song of the Hoop," by Litta Linn, was very popular with the audience and McDowell's "To the Water Lily" was given in response to the encore.

Mr. Ferris Abbott assisted Miss Matthews as baritone soloist and also did some splendid work. His first number, "Requiem," by Homer, was especially well done and suited admirably the deep voice of Mr. Abbott. Nevertheless, Gounod's "Slumber Romance" (from Philémon and Baucis) brought out the opposite characteristic, showing that soft, sustained tones were also in his command.

Miss Matthews, accompanying Mr. Abbott, showed that her musical ability does not lie alone in solo work, but also as an accompanist.

This is the first of a series of pupil recitals to be given in Guild hall.

GLASS OF WATER. Upset Her.

People who don't know about food should never be allowed to feed persons with weak stomachs.

Some time ago a young woman who lives in Me. had an attack of scarlet fever, and when convalescing was permitted to eat anything she wanted. Indiscriminate feeding soon put her back in bed with severe stomach and kidney trouble.

"There I stayed," she says, "three months, with my stomach in such condition that I could take only a few teaspoonfuls of milk or beef juice at a time. Finally Grape-Nuts was brought to my attention and I asked my doctor if I might eat it. He said, 'yes,' and I commenced at once.

"The food did me good from the start and I was soon out of bed and recovered from the stomach trouble. I have gained ten pounds and am able to do all household duties, some days sitting down only long enough to eat my meals. I can eat anything that one ought to eat, but I still continue to eat Grape-Nuts at breakfast and supper and like it better every day.

"Considering that I could stand only a short time, and that a glass of water seemed 'so heavy,' I am fully satisfied that Grape-Nuts has been everything to me and that my return to health is due to it.

"I have told several friends having nervous or stomach trouble what Grape-Nuts did for me and in every case they speak highly of the food."

"There's a Reason." Name given by Postum Co., Battle Creek, Mich.

Republic Tires (STAGGARD TREAD)

Are made especially for the climate and roads of the Cottage Grove country. They are guaranteed for 5000 miles—and that's going some, ain't it?

Last summer the manager of the Republic Tire Co., of Youngstown, Ohio, spent three months in Oregon studying the climatic conditions and manner of roads with the idea in mind of building a tire that would endure under all the conditions that must be met here. The result was the black, tough, Staggard Tread tire, for which we are exclusive agents here. One branch of the Republic Tire Co.'s factory does nothing but manufacture this special Willamette Valley Tire, and that is done in order to give YOU the best there is to be had in a tire.
