DES LARZES RECITAL PLEASING TO MANY

The recital given last night by pupils of Mrs. Leon DesLarzes before a capacity audience at the M. E. church was a rare vocal treat. There were several on the program who had never before appeared in public whose voices proved a surprise to the audience. Many spoke of the sweetness of the voice of Miss Orpha Stevens, who has had but a year's training. One of the pleasant surprises was the wonderful development of the voices of such young girls as Mary Ellen Benson, Marian Hooper and Gertrude Aldrich. The duet by Mesdames Ilma Beager and Leon DesLarzes was a particularly pleasing number. The complete program was as follows:

- Chorus—"O Golden Days of Summer".....Frantz Schubert
- Solo—"Sleep Little Baby of Mine".....Dennee
- Miss Mary Ellen Benson
- Solo—"Blackbird and Throistle".....Oskar Borsdorf
- Mrs. Claude Linch
- Chorus—"Onward Bonnie Boat".....Kueken
- Solo—"Shadow March".....Theresa del Riego
- Miss Gertrude Aldrich
- Solo—"Banjo Song".....Sidney Homer
- Mr. Ralph Brown
- Solo—"Maytime".....Oley Speaks
- Miss Ethel Bartels
- Chorus—"Rockin' in de Win'".....Wm. H. Neidlinger
- Solo—"Nightingale Song".....Ethelbert Nevin
- Miss Mae Armstrong
- Solo—"Love's Sorrow".....Harry Rowe Shelley
- Miss Orpha Stevens
- Solo—"Open Secret".....R. Huntington Woodman
- Miss Marian Hooper
- Duet—"O Divine Redeemer".....Gounod
- Mesdames Ilma Beager and Leon DesLarzes
- Chorus—"Down in the Dewy Dell".....H. Smart

The chorus personnel was as follows: First Soprano—Miss Ethel Bartels, Miss Maud Hooper, Mrs. Emma Ragsdale, Miss Mary Ellen Benson, Mrs. W. C. Conner, Mrs. Leon DesLarzes. Second Soprano—Miss Marian Hooper, Miss Mae Armstrong, Mrs. Claude Linch, Miss Hester Bemis, Miss Orpha Stevens, Miss Gertrude Aldrich. Alto—Mrs. Andrew Brund, Miss Carrie Woods, Mrs. Ilma Beager. Accompanists—Mrs. R. E. Griswold and Miss Hildred Hall.

STANDARD OIL CO. MAY ESTABLISH STATION HERE

Options Taken on Several Pieces of Cottage Grove Property.

The Standard Oil company is planning to establish a station here. Options have been taken on a number of pieces of property and it is probable that the station will be installed during the early part of the summer. This city has never had a station for the handling of oil products, although several efforts have been made by the commercial club to get one. With the large territory that is supplied from here there now seems to be a good field for such a station.

Royal Academy Closes Year.
Silk Creek, Ore., May 16.—(Special to The Sentinel).—The school closed at Royal academy May 15 after a very successful year. The pupils acquitted themselves well, showing faithful work on the part of both teachers and students. Prof. S. E. Rockwell will be here next year and the outlook for the coming year is good. The academy expects many students from abroad next year, which will be of benefit to the surrounding country as well as to the immediate community.

The educational advantages here, with an exceptionally good public school in one end of the neighborhood and the academy in the other end, are very good. It is not surprising that people who appreciate educational advantages come here with their children.

SAYS ROCK ROAD HERE IS PERFECT HIGHWAY

Saxon Six Reaches Here on a Severe Endurance Test.

Mr. and Mrs. J. B. Foster, out on a round-the-country trip in a severe test of the Saxon Six, arrived here last night and remained until this morning with C. A. Bartell, the local agent. Three weeks ago the Fosters left Detroit, Mich., coming west on the southern route, through Texas and California. When they reached here they had traveled 8900 miles over all kinds of roads and the only repair so far made was to replace a broken spring clip. At Portland the pistons of the engine will be replaced and the car will at once start the return trip by the northern route.

Mr. Foster spoke highly of the concrete roads in California but said the roads of Oregon are much better than the roads in northern California. He especially spoke of the splendid road into the city from the south in the district of which Emmet Sharp is supervisor. He said this is a perfect rock road and could not be improved upon. He made 50 miles an hour coming in over this.

Mr. Bartell, the local agent, will receive a complete report of the trial trip shortly after the car reaches home.

Corn Bread—One quart of sweet milk, four eggs, whites and yolks beaten separately; three cupfuls of yellow cornmeal (if convenient soak in the milk overnight), half a cupful of white sugar, one teaspoonful of salt, one cupful of flour and three or four teaspoonfuls of baking powder. Pour into well-greased baking pan and bake in a hot oven. A bright tin pan must never be used for baking this bread.

Here is a cure for car sickness: A Pullman car porter told me to eat several slices of raw potato sprinkled with salt, one morning when I despaired of ever being able to eat again. In half an hour I was eating a hearty breakfast.

WILLING TO MAKE VERACITY AN ISSUE

(Continued from first page)

real reasons for starting the fight have often been stated. I will retract everything I have ever said about Mr. Russell if he will prove that the fight was started for the reason he gives. I think Mr. Russell will be unable to find an instance where I have criticized his conduct in this matter. The Sentinel is supporting the district attorney who beat us in this contest and expects to support the judge who decided against us. Does that show any soreness?

These are only three of many cases in which I am willing to retract all I have said if Mr. Russell will prove his statements.

So much has been said about the expense the county would be put to by the publication of the proceedings of the county court, as of record, that I will call your attention to the papers filed in the case, which show that the cost would be about \$240 a year for this paper. Yet you talk about such publications doubling the cost of the county printing. Such an argument is silly and shows gross ignorance that a newspaper should be ashamed to admit.

In conclusion, I would say that I shall preserve your editorial for use when The Guard again becomes the official paper.

Yours for a test of veracity,
ELBERT BEDE.

It is particularly noticeable that in neither Mr. Russell's letter nor in the Guard's editorial is any reference made to the raw deal pulled off by the county clerk when only two shops, of which The Guard was one, were permitted to bid upon the printing of the county ballots. It is passing strange that both so studiously avoided this issue and yet try to make the voters believe that the titular head of the clerk's office has been shamefully abused.

This county ballot deal is the job put up on the taxpayers that started the fight on extravagance. What does the clerk's avoidance of the subject clearly indicate? The Sentinel leaves that to the voters.

Don't Forget the Sheriff.

The attention of voters is called for the last time to the fact that no denial has come from the sheriff that there are large profits in the sheriff's office on business done on time paid for by the county. How these profits are made has been stated in The Sentinel several times. Both republican candidates state that they will be satisfied with the salary of the office and that all profits will be turned into the county treasury, so on this point there is little choice so far as the republicans are concerned. On the democratic ticket Mr. Bailey says that all he will expect is the salary. Democratic voters who are opposed to extravagance, therefore, have a very plain choice and Mr. Bailey should have their votes. By selecting Mr. Bailey the democrats will at the same time rob the republicans of some of the thunder that will be used in the general election.

Sheriff Gets Economical.

Sheriff J. C. Parker took 13 ballot boxes and election supplies to Cottage Grove in his automobile Friday at his own expense and at no cost to the county. From that city the 13 boxes will be distributed to the various voting places in that part of the county by Green Pitcher, deputy sheriff.—Eugene Register.

fairs was the case of a salesman who said that in selling printing and stationery so many of the county officers were so easy that it made him hate them.

That the high tax rate is greatly injuring the state was emphatically stated. The speaker said that seven families are moving out to every one that is coming in. Why it is so hard to get industries to locate here was explained in the case of the shoe industry. "It is cheaper," Mr. Smith said, "for manufacturers to buy Oregon hides, pay the freight to St. Louis, manufacture the shoes there and pay the freight back, than to manufacture them here."

"If taxes are to be lowered," the speaker said, "taxpayers have got to take a lively interest in how their money is spent. When there are such cases as I have known where eleven people attend a school meeting and vote a ten-mill tax on 6000 people it is no wonder that there is extravagance. Taxpayers have got to protest against extravagant expenditure of money, but they must have the facts when they do protest; they must be able to show that their money is being spent unwisely and they have got to be able to show how to spend it more wisely. This can be done through active taxpayers' leagues."

Republic Tires
(STAGGARD TREAD)

Are made especially for the climate and roads of the Cottage Grove country. They are guaranteed for 5000 miles—and that's going some, ain't it?

Last summer the manager of the Republic Tire Co., of Youngstown, Ohio, spent three months in Oregon studying the climatic conditions and manner of roads with the idea in mind of building a tire that would endure under all the conditions that must be met here. The result was the black, tough, Staggard Tread tire, for which we are exclusive agents here. One branch of the Republic Tire Co.'s factory does nothing but manufacture this special Willamette Valley Tire, and that is done in order to give YOU the best there is to be had in a tire.
