Republic Tires (STAGGARD TREAD)

Are made especially for the climate and roads of the Cottage Grove country. They are guaranteed for 5000 miles—and that's going some, ain't it?

Last summer the manager of the Republic Tire Co., of Youngstown, Ohio, spent three months in Oregon studying the climatic conditions and manner of roads with the idea in mind of building a tire that would endure under all the conditions that must be met here. The result was the black, tough, Staggard Tread tire, for which we are exclusive agents here. One branch of the Republic Tire Co.'s factory does nothing but manufacture this special Wilamette Valley Tire, and that is done in order to give YOU the best there is to be had in a tire.
