

TALES OF THE TOWN

COURTESIES ALL AROUND.

The nicest courtesy you can show your guests is to have their visit mentioned in The Sentinel. The nicest courtesy you can show your friends is to let them know of your visits through a news item in The Sentinel. The nicest courtesy you can show the editor is to bring to the office a complete write-up of any news item which you know.

Hugro Vacuum Sweeper
A Year Ahead of Them All—and some of the reasons why:
It has the New Hinged Nozzle.
It has our New Brush Adjustment.
It has the New Nozzle Clamp.
It has the New 9-inch Sweeper Brush.
It has the New Steel Frame Dust Box with Wide Opening.

Not "If Only I Could" but "Of Course I Can"

When your task is to sell a house or other real property, you have too serious business in hand to be able to afford trivial methods. You can try to sell real estate in many ways—including that of waiting for a buyer to happen along. But the sane and tested way is through a campaign of "classified advertising."

DO YOU KNOW THAT—

Rural sanitation is a health protection to the city dweller?

It's foolish to educate a boy and then let him die of typhoid fever?

The U. S. Health Service issues a free bulletin on the summer care of infants?

Exercise in the garden is better than exercise in the gymnasium?

Clean water, clean food, clean houses make clean, healthy American citizens?

The state of California has reduced its typhoid death rate 70 per cent in the past ten years?

Pass Geography Exams.

The following pupils of the Cottage Grove schools have passed the geography examinations:

District No. 45—Bernice Dumwood, Lenora Hubble, Gertrude Aldrich, Earl Fuller, Grace Lucky, Merville Veatch, Claude Kauffman, Clinton Taylor, Arthur Gilbert, Pearl Brown.

District No. 93—Elsie M. McCollum, Fay Jennings.

THERMOMETER PRANCING AROUND NINETY ABOVE

Quite in contrast to the weather of Saturday morning, when tender vegetables were nipped by a light frost, the thermometer is now doing pranks around 90 above. Yesterday 93 was the high mark, according to Weather Observer Benson. Monday it was a few degrees lower and today it will probably go over 90.

TESTED RECIPES

Cream of Rice Soup—Rinse two tablespoonfuls of rice in a sieve under running water. Drop into a pint of boiling water, slightly salted, and boil for 20 minutes. Then add a quart of boiling, rich milk. When it boils add two spoonfuls of cornstarch rubbed smooth in a little cold milk, a teaspoonful each of salt and onion juice and pepper to taste. A quarter of a teaspoonful of curry powder or two teaspoonfuls of grated cheese may also be added and much improve the flavor to most tastes. Cook for three minutes and then add a teaspoonful of butter and serve.

Macedoine Salad—One cup diced carrots, one-half cup diced potatoes, one cup string beans, one-half cup diced sweet potatoes, one-half cup diced turnips, one-half cup of French dressing. Cook the vegetables separately, adding salt toward the last of the cooking. When cool, cut into half-inch cubes. Canned beans may be used if fresh ones are not available. They should be cut into half-inch lengths. Vegetables other than those mentioned may be used. Cauliflower, beets, peas, celery, etc., may be substituted if desired. Two or three vegetables only may be used. Mix the vegetables with the French dressing. Garnish the salad with lettuce leaves.

Strawberry Flip—Whip two cups of thick, sweet cream very stiff. Add a cupful of sugar and a quart of washed and dried strawberries. Stir to mix thoroughly, then put it in a mold with a tight-fitting cover. Lay a sheet of paper over the mold, put the cover on securely and imbibe the mold in salted ice for three hours. Then if ready to serve, dip the mold an instant in warm water, wipe the mold and invert it on a very cold dish. Then at once lift the mold off and send the strawberries and cream to the table.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; unless the cause is removed. Catarrh of the Eustachian Tube, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.
