Grape-Nuts

embodies the full, rich nutriment of whole wheat combined with malted barley. This combination gives it a distinctive, delicious flavor unknown to foods made from wheat alone.

Only selected grain is used in making Grape-Nuts and through skillful processing it comes from the package fresh, crisp, untouched by hand, and ready to eat.

Through long baking, the energy producing starches of the grain are made wonderfully easy of digestion.

A daily ration of this splendid food yields a marvelous return of health and comfort.
